TRADE TOKEN TOPICS

MONTHLY PUBLICATION FOR TRADE TOKEN COLLECTORS

MERCHANT TOKEN

COLLECTORS ASSOCIATION

TRADE TOKEN TOPICS - 1978

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, WA 98103. Bary D. Bender, Editor. Telephone: (206) 782-5769.

Trade Token Topics will be mailed on the first of each month to all members of METCA in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Half Page	-	\$ 6.00
Qtr. Page	-	\$ 4.00

Make all checks/money orders payable to METCA, 752 North 74th, Seattle, Washington 98103. Deadline for all copy is 20th of each month.

I had a nice chat with Gary Taylor, Colorado token collector residing in New York, this month. Gary was out on vacation this fall and dropped into the shop to say hi.

December found Steve Album, California and Minnesota collector, popping into Seattle for a quick visit. Forrest Dunham and I spent a few hours discussing tokens in general with Steve. Needless to say, we thoroughly enjoyed his comments and information on California and Minnesota tokens.

Ray Mansfield, Alaska token collector, visited Clarence Heppner, Washington state token collector and myself on a recent trip to Seattle. It was great meeting Ray although I regret we didn't have too much time to chat about tokens or get around to visit any of the other collectors.

Jack Harvill, Washington state collector (specializing in Grant County tokens), dropped into METCA headquarters this past week while visiting Seattle from the dry country. We managed to make a few trades before Jack traded with Haskel Davis and Clarence Heppner. Jack, Hepp and I did manage to discuss tokens over coffee and Danish pastry.

Lewis Egnew, western states collector, dropped into the shop for a nice visit. After a long spell we managed to make a volume trade - a nice Christmas gift for the both of us.

I had a nice long chat with Mike Pfefferkorn on tokens this December. Mike needs an eighth day to complete all the projects he has lined up to do. Mike published a trial listing of Missouri encased cents in the Oct. and November issues. Check the list of cataloguers to see all the projects he is working on.

REMINDER - METCA DUES FOR 1978 are \$7.50. This gives you a monthly publication to buy, sell or trade. Tokens, postcards, small collectibles and other items are offered each month. Each member is entitled to a free classified each month provided it is different.

30 Nov. 1977 Coin World features an article "Exonumia -big catchall" by Col. Bill Murray. The article looks at exonumia in general and offers addresses of many national organizations. Col. Murray states, "exonumia has become a pervading element in numismatics ... perhaps there is a reason for this enthusiasm ... Think about that."

7 Dec C.W. Highlights: Pages 3,6, and 7 recounts the background and history of the 1913 Liberty Head Nickel and shows photos of Mr. and Mrs Aubrey Bebee and their purchase of the coin for \$46,000.

Mr. Bebee's full page ad appears on the back page of Trade Token Topics. The firm is one of the few supply houses in the nation that cares to stock a complete line of exonumia books. Bebee's is your source for exonumia books.

Page 18 (7 Dec.77 C.W.) notes that The Fare Box is in its 31st year of publication. Editor John M. Coffee does a truly outstanding job in editing this publication of the American Vecturist Association.

Jim Barr, METCA member collecting Washington state trade tokens (esp. Grays Harbor area), was elected president of the Grays Harbor Coin Club for 1977 - 1978.(page 31). Blake Godfrey, Cliff Haskins, Jim and others keep the trade token collecting interest alive in that part of Washington.

Page 36 features Exonumia Round-up, while page 42 notes that the Israel Numismatic Society of New York examines ghetto token. John T. Hamilton III was guest speaker at the Tuscon Coin Club in December. He spoke and presented a slide show on Arizona tokens. John has done a great deal in the past year sreading the interest in trade token collecting. Hats off to John for a job well done. Page 53 presents Wooden Money Round-up. Pages 62 and 67 features an article by O. David Bowers on the Patrick Mint and its Bicentennial tokens. Mr. Bowers, too, has focused a lot on token collecting in the past year. Page 69 (state and regional club notes) makes mention of the California Association of Token Collectors meeting. Stephen Alpert, active exonumist and cataloguer, discussed amusement and vending machine tokens. The New York State Wooden Money Society, California Wooden Money Association, and the Tenino, Washington Wood Show are also discussed in the club notes feature. Page 70 features a photo of Lloyd Wagaman's elongated cent in the feature on numismatic reminders of the Panama Canal Treaty divisions in the United States.

Dec. 14 Coin World features Medal Round-up (page 48). French Emergency Money catalogued by Hans Meyer is also featured. Last, but not least, a new collector organization focusing on bank tokens, the Bank Token Society, is the objective of John D. Mullen, P.O. Box 4, Newton, Mass. 02158.

TOKENEWS, quarterly publication of the Florida Token Society, reports the FTS will hold a meeting in St. Petersburg at the Hilton Hotel on January 7th.

Scrip Talk Highlights: Dues reminder (\$5.00); Counterfeit Token Alert; Spring 1978 Meeting at Holiday Inn in Fairmont, West Virginia, on Saturday, May 6, 1978.; Scrip Catalog Reporting Form - report new finds, additions, corrections, etc in the Edkins Scrip Catalog - Mail to Scriptor Fred Lange, P.O. Box 7624, Hollins, VA 24019; Robert Craigo has a full page listing of tokens information is sought on; and Walter Caldwell has a two page want list on scrip material he wishes to purchase.

The Fare Box Highlights: Report on ULATCO; The Midwest Transportation Token and Ticket Club; New Finds; The Montreal and Lachine Railroad Token by Barry Uman; 15th Anniv. of North Eastern Vecturist Association; The Charlottesville and University Street Railway Token; Bob Seger's Variety Fare; The Nov. Supplement to World Transportation Catalog by Kenneth Smith; PRs from Wyatt and Strough Auctions; 12th Supplement to Car Wash Token Catalog; The Kissimmee, Florida Stable Tokens; Nov. Supp. to Atwood's Catalog; November New Issues Service Report; Auction of George Wyatt Collection; and the classified section of The Fare Box.

IDAHO CATALOGUER'S COMMENTS ON IDAHO TOKENS IN DECEMBER 1977 McTY AND STEVENS MAIL BID SALE. The comments are of benefit to Idaho collectors.

Of the fifty plus Idaho tokens on the list, there are ten new businesses for the John D. Mutch listing. Cataloguing information on 23 of the tokens is sought. As a cataloguer of Idaho tokens, John would appreciate rubbings and descriptions on many of the tokens. Those of you who are successful bidders on some of these tokens could perhaps provide this information to the cataloguer.

A word of caution is in order when listing tokens on mail bid sales. Be quite careful of the over use of "unlisted" in describing tokens.

I have received a little input regarding my statements concerning the responsibilities of cataloguers. I can understand cataloguers not wanting to reveal a great deal of information, however, a "bare bones" listing or a trial listing (like Mutch's and Pfefferkorn's) will lend credence to a genuine cataloguing effort. I have had a few comments to the fact that many cataloguers are over anxious to personally own some tokens instead of being satisfied with a description and rubbing. So you see there is a little air of mistrust that separates the cataloguer and the collector. The February issue will carry some progress reports from some cataloguers as well as other comments regarding this matter.

Lyle N. Anderson, Oregon, Washington, Idaho and Northern California token collector, sent in an article that appeared in The Oregonian newspaper in August (19th). The article features Buck Witt, Canby, Oregon collector of Dog Tags. I will run the article in the February issue of Trade Token Topics.

Attention is drawn to the first catalog on KKK Tokens. Research Associates P.O. Box 442, Grand Bay, Alabama 36541 has published KU KLUX KLAN TOKENS. Issued November 25, 1977, this catalog on KKK tokens should be of interest in many areas. Several trade tokens are included in the work.

This catalog may well open a door to an entirely new field of token collecting. While many of us are aware of a few KKK tokens, the catalog reveals at least 43 bona-fide designs existing along with modifications. The individuals involved in the cataloguing effort suggest a complete collection should contain upward of 84 struck tokens, modifications, and miscellaneous handmade relations.

The catalog is priced at \$2.50 and contains over twenty pages of pictures, listings, and essential information. Corections, additions, data, and constructive criticism is invited by Research Associates (address above). Furthermore, R.A. buys Klan tokens and memorabilia and maintains a collector file.

I am presently contemplating two to three new monthly features for Trade Token Topics. One monthly column would present "odd and unusual" tokens while another would concern itself with the rash of fake tokens that have plagued the hobby for the last few years. Exonumia Lists and perhaps a few other areas should merit monthly sections.

Al Zaika, Bourse Chairman, reports that the Delaware Valley Vecturist Association will host its second annual Token and Medal Show on May 14 - 15, 1978, at the Philadelphia Sheraton Hotel, 1725 Kennedy Blvd., Philadelphia, PA. Early notice is given so many of you wishing to attend can plan your vacation to coincide with the show. Al can be reached at P.O. Box 65, Bellmawr, New Jersey 08031. Further advance publicity will appear in the Feb.-Apr. issue.

Joe Schmidt, cataloguer of 19th Century Illinois Exonumia, which appears in a bonus issue of December TAMS Journal, wishes to thank all the contributors to his catalog personally. Thanks goes to Doug Watson, TAMS Journal Editor, who is superb with graphics and set-up work. Syd Joseph's photos are unexcelled and Tom Wall attributed dozens of tokens. The others (George Owen, Ore Vacketta, Phil Klabel, Mike O'Brien, Ben Odesser and many more) also did a great job.

FORT LOGAN AND IT'S TOKENS

Jim Wright and Lee Nott

The Colorado legislature, in 1881, passed an act giving consent to the United States to purchase lands for military reservations.

Early in 1887, Sen. N. P. Hill, David Moffat and other wealthy Colorado men proposed to donate a tract of land sufficient for the establishment of a large garrison near Denver. On February 28, 1887, Congress passed an act authorizing the Secretary of War to establish a military post near Denver.

General Phil Sheridan came to Denver and selected the location, a tract of 640 acres, situated ten miles south of Denver and three miles north of Littleton on the Denver and Rio Grande R.R. In 1909 Colorado approved the purchase of 338 additional acres, making a total of 973.8 acres.

The first troops to garrison the post were Companies A and E, 18th Infantry, who arrived October 22, 1887 and established the Post. The Fort was supplemented in May, 1889 by Companies D and F, 7th Infantry and in November, 1889 by Headquarters and Companies B and C, 7th Infantry. On April 20, 1898, the 7th Infantry and two troops of Cavalry left for Cuba. The Post was subsequently garrisoned, at various times, by Company A, 15th Infantry, one troop 1st Cavalry, Company D, 7th Infantry, troop C, 6th Cavalry, the 18th Infantry, troops E and H, 14th Cavalry and troops E and G, 5th Cavalry. In June 1903, the 2nd Infantry arrived and remained until January, 1906 when they were relieved by the 29th Infantry. The 21st Infantry relieved the 29th and remained until September 2, 1909 when the Post was converted into a recruit depot.

Fort Logan served as an induction center in World War II, handling draftees from western Kansas, western Nebraska and Colorado.

The Fort is now a rehabilitation center for the mentally disturbed and cure of drugs and alcohol.

The post canteen token is brass, 28 MM, uniface with incuse lettering. The post exchange token is alum., 21 MM, good for 5¢ in trade. There is one other known, 23 MM, alum., that reads Post Exchange 5¢ Fort Logan, good for 5¢ in trade. (this is F 3530 in the Colorado Token Book)

It does not appear that tokens were used after 1917, as none have surfaced here in Colorado and we have not heard of any.

TRADE TOKEN COLLECTING BY TOWN NAME-THINK OF THE POSSIBILITIES

By Joe Schmidt

For reasons I cannot fathom, most trade token collectors try to secure tokens from their state or counties towns only to end up pulling their hair out trying to obtain those last few tokens that will complete the collection! Of course, there are many interesting ways of accumulating a fine collection suitable even for display without that omnipresent individual asking why you do not have a token from one of those elusive towns! I would like to point out some new ways of collecting town tokens.

To begin with, we must put aside our state boundaries, think of an interesting town name and move on from there! I've come up with a few examples to entice the reader; he'll have to tackle the research with a fairly comprehensive United States Atlas.

To start, how about a subject that is near and dear to our hearts: food! A quick glance at my atlas reveals these unusual towns; Turkey, TX, Orange, OH, Plum, PA, White Salmon, WA and of course Sandwich, Illinois! I wonder how many METCA readers could find more "food" town names and how many readers in turn are thinking of the small expense and enjoyable time involved in this method of town token collecting? I know that merely starting with the state of Alabama alone these interesting womens names come up; Caroline, Daphne, Dora, Florence, Helena, Lynn, Marion, Lucy, Kimberly and Margaret. Of course, carrying around a little black book with womens names and cities (and a few crossed out) might not be such a good idea for our married readers!

In pursuing this method of collecting further one finds many interesting subjects. I could not help but notice how many towns bore the name of a state, such as Kansas, AL, Texas, OH, Louisiana, MO, Colorado, TX, Delaware, OH, Oregon, IL, and Wyoming, Iowa. I noticed Wyomings from at least 5 states. My first thought is that nearly all states of the Union might be procured by this type of town collecting!

We have all heard of Independence, Missouri but did you know there are towns named Independence in at least a dozen states? A tour of the countries of the world could begin with these town names; Bolivia, NC, Cuba, AL, Jamaica, NY, Scotland, SD, Lebanon, OH and Mexico, Indiana. World cities are well represented, consider the following; Rome, PA, Cairo, IL, Paris, OH, Athens, AL, Damascus, VA, Montreal, WI, Dublin, VA, Venice, PA, and Warsaw, New York.

Perhaps the time has come for trade token collectors to specialize and branch out at the same time! Admittedly, many of the towns mentioned may not have issued trade tokens, however the concept seems refreshingly new although I suspect a small number of individuals have been collecting in this manner for some time. In conclusion, I'll simply remind the reader that "Trade Token Topics" would be the most logical publication to pursue tokens from towns they need. Of course, I could not end this article without mentioning a few "odd" town names I notice such as Horse Pasture, Bachelors Hall and needless to say, Odd, WV.!

AN UNAPPRECIATED TOKEN

Recently while out hunting tokens I stopped in at the Clerk-Treasurers office in Martinsville, Indiana. I was hoping to obtain tokens which had been dropped into the towns parking meters.

He gave me a specimen as per the above impression. Token is made of aluminum with both sides reading the same. The only inscription is "K.A.A." and "5¢ in trade" and it has a 3mm square hole above the 5.

What struck me as a joke wasn't a laughing matter to the clerk. He told me they had been getting these tokens from their parking meters at the rate of 2 tokens, no more, no less, every week since back in the 60's. He said they are so regular he can even tell when the culprit goes on vacation as there is always 2 weeks out of every summer when none are used.

I would be most grateful if any METCA member could offer any information that could help us to attribute this piece. It could certainly never be a rarity as the clerk has hundreds of them but it would be real interesting to find out the origination of them. I will welcome correspondence from anyone concerning this token.

Lloyd E. Wagaman, Route #1, Box 195-D, Camby, Indiana 46113.

MAVERICKS NEEDED

The METCA Maverick Column needs more listings for future issues! If your mavericks need to be identified and they meet the criteria for listing, please send them to:

Paul A. Cunningham

Box 1

Tecumseh, Michigan 49286

517 423-4053

Paul Cunningham, Box 1, Tecumseh, Michigan 49286, (517) 423 - 4053, features 2,060 exonumia items in his 24th mail bid auction. The auction contains several hundred transportation tokens in a three page retail listing. Exonumia books are also retailed in a three page listing. 35¢ will get you this fine listing of tokens. Mail bid closes January 15, 1978.

The 50th price list of Stanley L. Steinberg, P. O. Box 512, Malden, MA 02148, is featured in the Dec. issue of Coin World.

Don't forget to get your bids in by January 10th at 5 P.M. for the outstanding selection of Pacific Northwest tokens offered by McTY and Stevens Coin Shop in the December issue of Trade Token Topics.

Williges, P.O. Box 445, Wheatland, Calif. 95692, would be happy to send his fixed price list to any METCA member who sends a SASE.

John H. Stribhei, P.O. Box 20438, St. Petersburg, FL 33742, (813) 525 - 1754, offers a fixed-price list (winter listing) of tokens, medals and foreign coins numbering 837 items.

Fayville Coin and Token Co., Box No. 185, Fayville, Mass. 01745 (617) 879-6086, will be mailing in mid-January auction #9. The mail bid auction will be the biggest one so far, having over 400 lots merchant tokens from 43 states. Anyone not on Paul F. Whites's mailing list can get a copy of the auction list by sending in your name and remitting 35¢ postage.

Bill Clapper, P.O. Box 1573, Sioux Falls, South Dakota 57101 offers his first fixed price list of tokens and medals. Bill states, "This is the first time I've ever put out such a list and there are tokens that everyone can use."

Phil Chinitz, 511 East Fifth Street, Atlantic, Iowa 50022 offers a collectible list for those sending him a 13¢ stamp.

Dick Grinolds, 627 Polk St. N.E.#9, Minneapolis, Minn. 55413 reports his next exonumia list will probably be in February.

As of this writing I have no dates on the next Rich Hartzog, P.O. Box 4143, Rockford, Ill. 61110, mail bid auction.

\$6.00 will get you all of Paul Cunningham's Exonumia Auction Catalogs and PRs for 1978. Box 1, Tecumseh, MI 49286.

John K. Curtis, P.O. Box 263, Willowdale, Ontario M2N 5S9, offers a mail auction of transportation tokens - U.S., Canadian and World - also U.S. Wooden Nickels. Please send for the listing.

XX

Tom Wall, P.O. Box 1242, Independence, MO 64015 (816) - 254 - 7427 has a 3,049 item exonumia mail bid sale that close on January 30, 1978.

LEON R. CORPUZ, JR.

CATC (California Association of Token Collectors)

CATC

The California Association of Token Collectors celebrated its 20th anniversary last year. This organization is made up primarily of token collectors who live in southern California, however, there are members from many other states. The CATC holds six meetings a year, on the third Sunday of odd-numbered months. The meetings are regularly attended by many prominent token collectors and cataloguers such as Roland Atwood, Kenneth Smith and Stephen Alpert. Much token trading, selling, and conversation occurs at the meetings. Collectors of any kind of tokens are invited to join CATC or attend the meetings as guests if you are in the area. Dues are only two dollars per year. This entitles each member to a subscription to the CATC's bimonthly newsletter, Token Topics.

Further information and a sample copy of the next issue of Token Topics can be obtained from the club's secretary, Elaine J. Willahan, 515 West 99th Street, Los Angeles, California 90044.

Stephen Alpert, collector and cataloguer of amusement tokens, was recently elected president of the California Association of Token Collectors. Mention of CATC appears in the December 7th issue of Coin World.

HOT AIR BALLOON ITEMS NEEDED

- * TOKENS
- * MEDALS
- * PIN BACK BUTTONS

19th Century Illinois Tokens
Joseph Schmidt

EDITOR'S ECHOES

Terry Trantow, Oregon and Washington collector and Lumber token cataloguer, reports that Clancy Riggs, active and popular Pacific Northwest token collector, has been in the hospital quite sick of late. Terry and I are sure that he would appreciate a kind note from any METCA member. His address: C.W. Riggs, 13725 S.W. 28th Court, Beaverton, Oregon 97005.

Received a note from Dick Watley regarding the Florida Token Society meeting held in January. Dick reports that Rich Hartzog was there and added a new dimension to their meeting. In addition, a few new members were signed up for METCA. We have a lot of nice collectors from FTS in METCA.

Glenn A. Rome, P.O. Box 46071, Seattle, WA 98146 wishes to be included as a cataloguer of "spinner tokens". Glenn collects Washington and Montana depression scrip, Montana tokens and medals, especially from Park County, and flipping and spinning tokens. Glenn's father, Alvin C. Rome, 415 So. Second St., Livingston, Montana 59046 collects tokens and postcards from SW Montana.

I attended the Tacoma Coin Show in mid January and met and chatted with METCA members, Blake Godfrey, Al Nystrom, Bob Southwick, Lew Egnew, and Haskel Davis. I managed to recruit Ray Bows and Art and Eilene Dwelley for METCA. Ray has a coin shop in Tacoma with special interest in western European coins and world tokens. Mr. and Mrs. Dwelley are ever-so-active in Tenino Wooden Money activities and express an interest in southwest Washington state merchant tokens in general with specific interest in Tenino, Bucoda, Tono, and Concrete, Washington. Art and Eilene have promised to share with the membership some information on Tenino Wooden Money in the near future. I failed to mention that Clarence Heppner, Washington state token collector was with me at Tacoma.

Had several calls from METCA members this month. I had a nice chat with Blake Godfrey, Washington and Minnesota collector, and then had a nice visit with him at the Tacoma show. Lee Nott, Colorado collector and cataloguer, and Joe Schmidt, Illinois (19th Century) exonumist and cataloguer, called for nice chats. It is tough to get off the phone when you get talking to token nuts!

Mr. and Mrs. W.E. Nickell graced METCA headquarters a few weeks back. Nick is a very active Alaska collector of tokens, cards, and Alakana in general. The three of us grabbed Danish pastry and went to Clarence Heppner's shop for a nice visit and chat about tokens.

Mary Kopanski visited the shop the next day after Nick's visit so Alaska and Alaska tokens again were the topic of conversation. Mary is gracious and so interested in Alaska history that it made a delightful visit.

Amusement token collectors should enjoy the article, "Penny Arcades Endure" by Q. David Bowers in the 28th of Dec. 1977 Coin World. A little history of the companies (like the Mills Novelty Co. of Chicago, Ill.) that capitalized on the market for penny amusement is touched (pages 33 and 37).

Jan. 4th C.W. highlights include: TAMS JOURNAL December summary (p.34). Main highlights are Hal Dunn's article on Rhyolite, Nevada; J.W. Baum's catalog of soap tokens; and Joseph Schmidt's 32 page catalog on 19th Century Illinois Exonumia. Page 38 features an outstanding historical article on Abernethy's Rock money in Oregon by Linda Lesowski. Fred L. Reed further comments on the story of rock money on the same page. Page 46 features Wooden Money Round-up. METCA member, Irene Rauch, is featured on p. 47 with her trophy for best in show for her Love Token display at the 15th annual Great Eastern Num. Association convention recently held in Philadelphia, PA.

Jan 11, 1978 C.W. Highlights include: Communion token information by Capt. Orr on p. 13; Page 18 summarizes the recent results of Rich Hartzog's Nov. 28 Mail Bid Sale (CWT - rare Clarke & Co. counter check realized record \$1,840.00) Page 28 notes Charles Kappen, author of the recent California Token Catalog, as a guest speaker at the education forum of the Jan 28-9 San Jose Show; Page 29 provides information on the ANA midyear convention at Colorado Springs, CO on Feb. 15-19, and the big ANA show later in the year at Houston, Texas.; Pages 40 and 51 provide a nostalgic trip to the nickelodean days and the myriad uses of the nickel by Q. David Bowers.

Reminder - Dues for 1978 are due. \$7.50.

McTY & STEVENS COIN SHOP
MAIL BID SALE #2

THANK YOU ALL for the fine response to our last sale. The bidding was active and most of the bidders acquired some additions to their collections. - - This month we have some more good tokens. Most are in very fine or better condition, and some have original lustre. We have some duplicates, and you may become a successful bidder without being the highest bidder. All tokens are round unless otherwise noted. Usual rules apply; and tie bids will be awarded to the highest bidder with the earliest postmark. Successful bidders will be notified and billed at the end of the auction. We have set the CLOSING TIME FOR THE RECEIPT OF ALL BIDS as 5:00 p.m. on the 1st day of March, 1978. MINIMUM BID= \$1.00...Good luck to all and have fun with the hobby.

IDAHO COIN SHOW - IDAHO COIN SHOW - IDAHO COIN SHOW - March 1978.

Couer d'ALENE COIN SHOW - MAR 3-5

March 3 - 5, 1978 Couer d'Alene Coin Club hosts a three day show at the North Shore Motel, Couer d'Alene, Idaho. Mike Fritz, METCA member and Idaho collector, welcomes collectors to the 15th annual show where he will have a booth for token collectors to gather. Hours for the show will be 9 A.M. Fri. to 10 P.M. Saturdays hours are the same. Hours on Sunday will be 9 A.M. until 5 P.M.

Joseph Schmidt, Box 471, Bensenville, Illinois 60106 has assumed duties as publicity editor for METCA.

While we haven't worked out a concise program for Trade Token Topics, Al Zaika, New Jersey exonunist, will assume duties as METCA Monitor Editor.

The new comprehensive catalogue of amusement tokens by Stephen Alpert and Kenneth Smith is expected to be completed late this year or in early 1979. Tokens will be catalogued using the Atwood format. Thousands of previously uncatalogued amusement tokens will be listed. The catalogue is expected to exceed 500 pages in length.

Stephen Alpert 11106 National Blvd. Los Angeles, California 90064.

Joseph Schmidt's 19th Century Illinois Exonomia is featured as a bonus issue of December 1977 TAMS JOURNAL. The thirty-two page catalog represents many arduous years of extensive research. Nearly 450 issues are listed, however, the author encourages collectors to submit new finds and descriptions of Illinois tokens for attribution purposes.

Joseph Schmidt P.O. Box 471 Bensenville, Illinois 60106.

The first part of a series of A Catalog of Soap Tokens by J. W. Baum appears on pages 231 - 236 of the December 1977 TAMS JOURNAL.

J.W. Baum 3113 N. Arkansas Avenue Wichita, Kansas 67204.

John D. Mullen, P.O. Box 4, Newton, Mass. 02158 is attempting to form a Bank Token Society. John is pleased with the response and encouragement from interested parties as a result of the Coin World article. He would like to see the Bank Token Society offer its members an exchange of knowledge of bank tokens thru meetings, some sort of informal publication, and a library of exonomia books. Your ideas and comments would be appreciated.

John D. Mutch, Idaho token cataloguer, reports he has been mulling over the idea of putting together a "bare bones" listing of Idaho tokens by town and business (i.e. Aberdeen: J.A. Moore; Ahsahka: Ahsahka Pool Hall, R.M. Crow; Albion: Albion Merc. Co., Joe Parke; etc.) This would perhaps be enough to satisfy current needs until John completes the extensive catalog he envisions. What do some of you members think about his idea?

After many years of compilation Charles V. Kappen's catalog of California Tokens is now available to collectors. This 650 plus page hardbound catalog contains nearly 20,000 listings. While Steve Album's California Token Catalogs list only trade checks Kappen's catalog contains political tokens, military, amusement, parking, encased, wooden nickels, plastic tokens, cardboard tokens and others. If anyone doesn't want to collect cardboard tokens, or encased coins, or rectangular plastic tokens, he doesn't have to. But they are listed for those who do. Without comparing or contrasting the works of the two cataloguers, I think both catalogs deserve a common shelf in your exonomia library. Both have labored long and hard to give us catalogs we can use.

Louis Crawford, Louisiana and Mississippi cataloguer, reports that he is attempting to do research in his rare spare time (Louis is a civil engineer student at Mississippi State 250 miles away from home where his tokens are kept). He reports that he may have to go to the library at that "other school". There are tokens out (especially from Louisiana) that he know exists, but he doesn't have full descriptions to list. Some of these tokens belong to collectors and members whom he has asked for rubbings and even sent a stamp, however, they have not replied. Can someone out there help?

Louis Crawford P.O. Box EZ Mississippi State, Mississippi 39762.

Until a new listing of cataloguers is presented consult the 1977 issues of Trade Token Topics, the progress reports appearing in TAMS JOURNAL, and the outstanding reviews and critiques of catalogs and cataloguers that appear in the pages of Western Token Ledger, official publication of Western States Token Society.

George Chatham 813 W. Gresham Indianola, Mississippi 38751.

***** CATALOGUE COMMENTS, PROJECTS, AND MISC. INFORMATION

Paul Dillingham writes to say he has intentions of completing an article on the Tokens of Middle Tennessee which he hopes will lead to a Tennessee token catalog. Paul will complete the article this year, however, the catalog will take a great deal more time.

Gary Ascher, 140 W. Pearl, Apt 304, Owatonna, MN 55060 will share his thoughts on cataloguers in the March issue in a new feature of TTT, "Letters to the Editor". Leon Corpuz, Jr., Wyoming collector, suggested the feature which will commence with the issue of March.

David E. Shenkman, Box 274, Indian Head, MD 20640 reports he is in the process of writing a book on Civil War Sutler tokens, which will include rarities and a price guide for all known issues, as well as complete descriptions and lots of photographs. This project is nearing the final stages, but one of the problems is that he is still lacking complete descriptions of about 45 sutler tokens. While he might have to finish the book with incomplete descriptions of some tokens, he would like to keep these to a minimum. (Members with any sutler tokens should contact David and send brief descriptions. If he needs more information he will request it. - Ed.).

David has been compiling a catalog of Virginia tokens for over 12 years, and this is another project he hopes to wind up within the next couple of years, time permitting.

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, Washington 98103. Bary D. Bender, Editor. Telephone: (206) 782 - 5769.

Trade Token Topics will be mailed on the first of each month to all members in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Full Page	-	\$12.00	(\$10.00 if typed, camera ready)
Half Page	-	\$ 6.00	(\$5.00 if typed, camera ready)
Qtr. Page	-	\$ 4.00	

Make all checks or money orders payable to METCA, 752 N. 74th, Seattle, WA 98103. Deadline for all copy is the 20th of each month.

Remember

To those of you who made long distance calls during the month of February to me and found me not at home I apologize. I spent three weeks in southeast Washington state working on a local history I have been researching. One of the highlights of my trip was meeting Francis Christiano, long-time Walla Walla exonomist, and a relatively newcomer to METCA, Don Ruzicka. We had a long visit, exchanged a few tokens, and discussed our specific collecting interests. Francis, by the way, is an expert muzzle-loader aficionado, a local history buff, and a truly interesting person to be around. Don is a young, enthusiastic collector interested in Walla Walla exonomia, especially Whitman Centen. material. The visit with them capped a fruitful trip.

Some of the membership have sent in short articles, etc. which will be used in Trade Token Topics at various times. Please don't be disappointed if your contribution is not featured right away. I am appreciative of the contributions of the membership, however, I reserve the right to use the material at a time I deem appropriate (a time dictated by the manner in which each month's number of pages is computed). With the set-up established as it is, I have to use either 20, 24, 28, or 32 page issues. I trust you can appreciate why some articles are fitted into other issues.

Having been gone the month of Feb. I am sorry to report that I haven't attacked the new features i.e., Letters to the Editor; Odd and Unusual Tokens; and METCA Monitor. Al Zaika, if he hasn't given up on me by now, is the new METCA Monitor Editor. As editor of this section, Al will be charged with the reporting, photographing (as necessary), and listing of suspected or known fakes and fantasies. Perhaps, a few issues will be addressed to well-established fakes, etc., however, this is necessary as a lot of newcomers have joined the ranks of METCA, TAMS, etc. who are still not versed in this area. We have a responsibility to address this problem as many collectors, new and old, are vulnerable to tokens that could be spurious, etc. once you get far removed from your principal state or collecting interest. We need new blood; we can't afford to lose members or prospective joiners because they have been fleeced.

Some of those members who called and missed me were: Lee Nott; Benj Fauver; Robert Fleet; Gary Ascher; and others. One former member who did reach me was John Calhoun. John called to tell me he was jumping back into the fire after a few years of inactivity. With John's reappearance I am sure you will see a resurgence of activity among the Idaho collectors.

Joe Schmidt reports that Rich Hartzgog is starting a work on Illinois Encased Cents. It is hoped that a response from the membership with Ill. EC's is forthcoming.

Delmas Ford (Del to token collectors) writes a column "Delmas speaks" in the The Del City News in which he brings into play pictures of various types of exonomia and regional and local show reports.

Hats off to Joe Smith of Juneau, Alaska, for recruiting several new members to METCA ranks. Others who have been doing a lion's share of recruiting are: Joe Schmidt, METCA Publicity and Odd and Unusual Token Editor; Rich Hartzgog, Illinois exonomist, and Clarence Heppner, Washington state token collector.

Lee Nott, METCA Maverick Editor, reports that members have attributed just over 25% of the mavericks appearing in Trade Token Topics. While this is a good figure we still need lots more identified. Thanks to those of you who take the time and effort to try and attribute the listings.

Texas collector, Leo J. Warren, reports that his Anchorage #8 token as per the Mail Bid Sale in the December issue of TTT went to an Alaskan collector for over \$250.00 plus a trade (not exact figure quoted for buyer's protection). Leo reports this to demonstrate the drawing power of Trade Token Topics, and to thank the many people who submitted bids on that beautiful piece.

I am attempting to get the 1978 membership cards in the April issue.

This issue of TRADE TOKEN TOPICS will be your last in 1978 if your dues are not paid by the end of March. Three issues of grace should be adequate.

Dues are \$7.50 per calendar year (January through December). Each member is entitled to a free classified ad in each issue. Use this service.

LETTERS TO THE EDITOR

Letter from WM. David Mullins, collector of Tennessee tokens, dated Feb. 6, 1978.

"I still enjoy METCA TTT very much, but I miss the list of new members and their interests. It was always interesting to see what the new members collected. One of the things that sold me on METCA was this list and the fact that many members sent trade offers and asked for trades based on that new member list. I hope that you will consider reviving this list."

Editor - Thank you for your letter. I, too, as a member wish that the editor would get that membership roster out. I know for a fact that he has sat down and started that project a number of times. I know that the METCA Maverick Editor has had to operate his section without one for over a year now. He, too, wishes it was completed. In a more serious note, I will commence the membership roster in installments, using the center page (all four sides) of the next three or four issues. At its completion, members can pull this one page containing four sides from each issue and they will have a completed roster. I plan to use METCA #, name and address, and collecting interest as my guide. I will try and leave room for later insertions and revisions.

Letter from Gary G. Ascher, 140 W. Pearl, Apt 304, Owatonna, MN 55060.

Remarks edited, comments concerning cataloguing responsibilities.

"I believe very strongly that cataloguers do have various deep founded responsibilities. To start with they should answer letters about new finds (especially when postage or SASE is enclosed)."

"I also think they are obligated to seek out listings of tokens for revisions and additions."

"My third belief on cataloguing, though it is debatable, if it is obligatory, is that every effort should be made to include a true, fair, and valid rarity scale."

Editor - I couldn't agree with you any more. Your comments align with my thoughts on cataloguing. I would add, however, that ideally this is what should be done, but, unfortunately, there are a number of factors that contribute to the wide variety of types of catalogs that appear on the market. Without touching base on every factor I would say that a few reasons for this are: (1) no national clearing house on catalog efforts or projects exists (Many of the orgs. list cataloguers, etc., however, duplication of effort and cooperation fails to materialize in many cases); (2) the time and research effort involved is great (definitive mintages don't exist, directories are scarce or appear in reference libraries requiring long hours spent at the library where much of your research is not present, and the "iceberg" situation prevails - we are just scratching the surface hence a lot of a priori research is unheard of); (3) collecting-cataloguing conflict (many are not content at just cataloguing; they feel they want to own them, too. (4) others. I have just mentioned a few reasons why I feel the ideal catalog is so difficult to present. It isn't important what I think, what is important, is that Gary was provoked to do some heavy thinking regarding my comments on responsibilities of cataloguers.

Letter from Jack Smith, Indiana collector, regarding "Old Western Fakes".

Jack reports that he and Ralph Hinde were trying to put together some sort of check list of old Western fakes to kind of protect the new collector (just before Ralph's death). He wants to contact any other collectors with the same interest.

Editor - Jack, I think you might contact Al Zaika regarding this matter. Al Zaika is the new METCA Monitor Editor. Editor's Echoes will contain more information on his duties.

RESEARCHING MAVERICKS

BY JOSEPH SCHMIDT

FOR REASONS OF KNOWLEDGE, PROFIT OR BOTH THE EXONUMIST IS OFTEN FACED WITH THE CHALLENGE OF IDENTIFYING A MAVERICK TOKEN. THESE INTRIGUING PIECES LACK ENOUGH INFORMATION TO DIRECTLY ATTRIBUTE THEM BUT BEAR ENOUGH DATA TO GIVE THE OWNER A ROUGH IDEA AS TO WHERE THE TOKEN CAME FROM! OUTLINED BELOW (IN NO PARTICULAR ORDER) ARE A NUMBER OF WAYS AND MEANS THAT IDENTIFICATION OF MAVERICKS CAN BE ACCOMPLISHED. WE HOPE THIS ACCOUNT CAN HELP YOU!

TOWN CITY HALLS & CHAMBER OF COMMERCE - Employees can usually direct you to organizations or individuals that can be of help!

STATE or LOCAL BUSINESS DIRECTORIES - A logical source of information and one that should first be attempted. Of course local directories supply more specific data in most cases.

CITY LIBRARIES - Let the researcher beware! Many employees are glad to help & do not charge you; conversely I have often been told to submit my request for information-at a rate of \$10 per hour.

The TELEPHONE COMPANY - In larger cities the phone company will often have a division that can provide you with knowledge or at least date your token if it has a phone number on it. Do not expect dating to the exact year, however, as this is highly unlikely.

SENIOR CITIZENS - I have found that city hall or chamber of commerce employees will give phone numbers of senior citizens, and these people have never failed to amaze me with their intellect and sharp memory!

NEWSPAPERS - The small town newspaper which was in business for many years is seemingly a thing of the past with a few exceptions. Large cities can still provide you with help although historical societies maintain micro-film copies of certain sections of old newspapers.

GENEALOGICAL SOCIETIES - These concerns are helpful with names but more often than not charge for their services.

HISTORICAL MUSEUMS - These establishments can be most helpful! For example, the ILLINOIS & MICHIGAN CANAL HISTORICAL MUSEUM has provided me with much knowledge at no charge.

OLD ATLASES, COUNTY OR CITY MAPS - Never discount this method as town maps many times bore ads for local businesses around the borders.

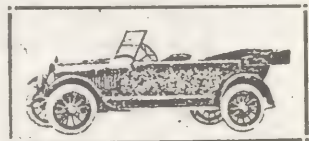

STREET LISTINGS - Found in phone books and other publications.

DIE MAKER - Many die makers produced tokens for area businesses only!

In conclusion, lets not forget fellow exonumists, members of Congress, and the METCA maverick editor, Lee Nott! Submit your mavericks that meet METCA guidelines and watch for results.

Living in the high country has it's problems. As the snow piles up and isolation closes in that old "cabin fever" begins to get us down. One nice thing about February, though, is that we have only four months of winter left....

Once in awhile I get a letter from one of our readers that makes this effort all worthwhile. When Ford Knight wrote to identify maverick 1119 (C G & G / The Roundup) he provided some background information taken from an article in COIN WORLD in June 1966. I have paraphrased the information to include here.

This firm issued three maverick tokens over a period of several years. The initial token (H I C & Co / Case's -- Good for 12½¢ / in trade) was struck for H I Case & Company. The next token, METCA Maverick 1119, was struck when a man named Goodwin joined the firm, and it became Case, Goodwin and Company. These tokens were supplemented by a "Swastika" token (The/Swastika -- The / Swastika) circulated from 1922 until World War 2. During the war, the name was changed to Kibble-Case.

My thanks to Mr Knight for the above information identifying three mavericks! From time to time I get letters requesting I list mavericks that do not meet the guidelines established a year ago. Briefly these are that of the following categories of information, at least two must appear on the token in order for me to list it: (1) owner's name, (2) business name, (3) street address, (4) town or city name. Please DO NOT send me tokens. Rubbings or descriptions will do, and I do need to be free of concern over what might be lost in the mails.

Lastly, please review past issues. We need more identifications! We need your help to make this column work!!!

Lee Nott - Maverick Editor, Box 3130, Fairview Hgts, Ill 62208

NOTICE

A NEW CONCEPT IN TRADING

by

Leon R. Corpuz, Jr.

In collecting coins a numismatist has an assortment of books, catalogs, pricing guides, along with dates, mintmarks and grades to help determine the value of a specific coin. With this type of information available, two collectors can negotiate a fair trade easily, even though the coins may be of different denominations. Unfortunately, the exonomist does not have these convenient references to help him evaluate his tokens. It is conceivable that ten collectors could place ten different values on the same token.

At times, it can be rather difficult to place a mental value on your token(s), the other party's token(s) and then try to negotiate a trade through the mail. Since each collector will value a token differently, there is always the question: Is the trade fair? There is usually a tendency for a collector to grade his token higher than the one he is trading for. If a collector swaps frequently, it is likely, that any bad trades will be offset by some good ones. Of course the end result of any trade, is that, each collector is satisfied.

The easiest kind of trade is unquestionably the 1/1, provided that both parties are willing to give and take a little. What is a fair trade, however, when both parties agree that one collector has a better token than the other? Do you trade 1/2, 1/3,.....or, just forget about it? Many trades have been "scrubbed" because such a compromise could not be reached. This is a shame, because each party may have permanently lost a token for his collection.

To help negotiate a trade as the one described above, the writer felt it was necessary to develop another method of trading that would be easy, provide more flexibility and still be fair to both parties. The concept is quite simple, in that, each collector values his tokens on points! Points are then traded, instead of the tokens directly. To help assign points, Table I can be used as a guide. Traders may want to negotiate points higher or lower, depending on the type of tokens they are trading.

Traders using the "point system" would designate their point values alongside their rubbings or descriptions. Points are then traded. Most collectors will be trading single tokens in the 25-50 point range. Collectors should negotiate points on the basis of tokens involved in the trade.

The question arises, how does a collector determine scarcity (No. Known) of his token? It is based mostly on experience and guesswork. The collector has to continually study the various sale, auction and trade lists that are available and determine the frequency that different tokens will appear. Token catalogs indicating rarities are excellent, but are limited to a few states. There are several collectors that are knowledgeable on token rarities from one, two or many states. Most of them would help you classify your token with a SASE. The more avid collector may want to research local history and make personal inquiries with local residents.

Table I can also help the collector estimate the price of a token. Although prices will vary from area to area and dealer to dealer, generally tokens are currently retailing from 10¢ to 15¢ per point. For example, a T35 token (worth 35 points) would range from \$3.50 to \$5.25. Tokens from the midwestern states will generally run lower.

The "point system" is to be used as a "tool" to help you attain tokens for your collection. If you are presently satisfied with your system of trading, don't change! Personally, I have added some nice Wyoming tokens to my collection, as a result of this concept. In addition, I have received a favorable response from several other collectors. I would welcome any comments (good or bad) or refinements to the system. My address: P.O. Box 374, Sinclair, Wyoming 82334.

TABLE I

<u>Code</u>	<u>No. Known</u>	<u>Description</u>	<u>Point Value</u>
T5	-	Unidentified Maverick	5
T10	(Over 100)	Common-Modern	10
T15	(Over 100)	Common-Less State	15
T20	(Over 100)	Common-With Town & State	20
T25	(50-99)	Difficult-Attributed Maverick	25
T30	(50-99)	Difficult-Less State	30
T35	(50-99)	Difficult-With Town & State	35
T40	(25-49)	Scarce-Attributed Maverick	40
T45	(25-49)	Scarce-Less State	45
T50	(25-49)	Scarce-With Town & State	50
T55	(10-24)	Very Scarce-Attributed Maverick	55
T60	(10-24)	Very Scarce-Less State	60
T65	(10-24)	Very Scarce-With Town & State	65
T70	(5-9)	Rare-Attributed Maverick	70
T75	(5-9)	Rare-Less State	75
T80	(5-9)	Rare-With Town & State	80
T85	(3-4)	Very Rare-Attributed Maverick	85
T90	(3-4)	Very Rare-Less State	90
T95	(3-4)	Very Rare-With Town & State	95
T100	(2)	Unique	100
TP100	(1)	Ace	100+

Adjustment:

Add 5 points for pictorial, lumber, bakery
 Add 10 points for bi-metal
 Add 20 points for saloon
 Add 30 points for territorial
 Subtract 5 points for wear, drilled hole, dings

ALASKA

Kaye Dethridge
P.O. Box 438
Sitka, AK 99835

N.P.T & P Co.

The North Pacific Trading & Packing Co. of Klawock was incorporated in 1879 under California law. The firm of Sisson & Wallace saw the possibilities of the salmon industry. At the time, the site was owned by a George Hamilton who had a trading post and small salmon processing operation. This operation was started approximately ten years before the sale to Sisson & Wallace.

The cannery burned in 1899 and was rebuilt across the bay. Mr. Sisson died around 1915. In 1929 Libby bought the cannery. The operation today is known as Southeast Seafoods.

The following item appeared in the "Alaska Sentinel Wrangell" of November 26, 1908: "All persons having any of the aluminum checks issued by the North Pacific Trading & Packing Company of Klawock, Alaska are hereby notified to send or present same to the office of this company at Klawock for redemption before January 1, 1909 as no more of these checks will be issued." Signed H. F. Swift, Supt.

So far two of the \$1.00 tokens have turned up and one 50¢ sold in Kopenhaver's auction of October, 1977.

The \$1.00 token is a brass incuse 32mm x 35 mm. One of the \$1.00 tokens resides at the Ketchikan museum. The one in my collection was found in 1968 in Old Tuxekan about 25 miles from Klawock. This token was picked up in the course of planting a garden. Old Tuxekan was the site of a saltery and Indian village.

CONTINUATION OF THOMAS GOLDEN'S TRADE LIST - #'s 152 and 153 are below.

152 Continued from previous page - The Hero of Tippecanoe, (Log Cabin), Bz, Holed.

ODD AND UNUSUAL TOKENS

Dear METCA members,

This column will not show you tokens which are very expensive or totally unobtainable; rather the purpose of this column will be to "explain & entertain" instead of leaving the reader thinking "I wish I had that" or "I could never get something like that". Mavericks will be shown because we all are curious about them and furthermore they literally invite you to participate in the column - anyone can write the editor if they can help attribute a token and I'll gladly give that person mention! Most tokens illustrated will be obtainable and unusual, I hope! Of course unusual themes and tokens are necessary and that is the type of exnumia I hope to present.

NICKEL 25MM ROUND 3½MM CENTER HOLE AS MADE

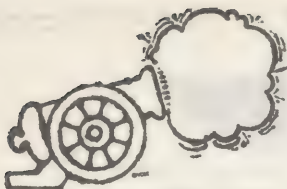

OBV Woodbury's/Cafe/Lunch & Wine Room
250 Washington St./75-77 Devonshire St.
Boston

REV (2 hands, one holding key) Welcome to
our city/trade mark/Woodbury

Cafe, lunch & wine room tokens offering the "key to the city" are seldom seen! Tokens with center holes are not often encountered, either, although the many Chicago "Hannah & Hogg" tokens might mistakenly lead one to believe the opposite to be true. This unlisted store-card was probably issued between 1900 and 1910 and was unknown to Wright.

ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT
BOX 471
BENSENVILLE, ILLINOIS 60106

SOME RECENT TOKEN DISCOVERIES

C. R. Clark

The most significant Florida token discovery in several months was made by Florida Token Society Board Member, Les Merwin, when he obtained a maverick from a St. Petersburg resident whose father had saved the token years ago in Titusville. It is important because it is the first CHECK from The Brunswick, Balke, Collender Co. attributed to a Florida merchant. The following picture of the J. D. CRABB 5¢ token was made from a rubbing. It is a 25mm brass piece in very good condition.

J. D. CRABB ran a saloon in Titusville (Brevard County) in the 1890's. He is listed in the FLORIDA RAILROAD GAZETTEER AND STATE BUSINESS DIRECTORY - 1895, but there is no listing for J. D. CRABB in Titusville in either 1890 or 1900.

A list of Saloons in the R. L. POLK & CO'S FLORIDA GAZETTEER AND STATE BUSINESS DIRECTORY - 1907-8 gives for Baldwin (Duval County): CRABB, J. D. (Agt.). It is believed that the following token was used at the Baldwin location, although both J. D. CRABB varieties may have been used in Titusville and Baldwin. You will notice that the reverse die of the following CRABB token is similar to the one used in Tampa for the A. H. RAWLINS SALOON and several varieties of the EAST COAST SOUTH 5¢ tokens.

Three of the J. D. CRABB mavericks, as shown above, are known at this time. If you have one which has not been counted, please let me know. It is brass and measures 21mm.

A variety of the Quick Stop Food Stores 10¢ green plastic token was found recently with white lettering and numerals instead of the usual black inscriptions. This token was very worn, so it appears that it may have been used before those with black lettering. It is likely that the 5¢ and 15¢ tokens also exist with white lettering and numerals.

WILL TRADE THE FOLLOWING TOKENS FOR BREWERY OR NAME BRAND BEER TOKENS, OR MISSOURI TOKENS THAT I NEED FOR MY COLLECTION.

- 01 Tucker Transfer Co., Successors to Jameson's Transfer, Fulton, Mo. // Good From Hotel to Depot. Round Brass.

 Personals Wanted! I have recently started collecting personal tokens. Would like those from R V Br andenburg, R H Gaarder, Dale Becker and several others issued over two years ago. Especially desire personals featuring encased coins or stamps, and mirror cards. Have merchant and transportation tokens to trade, or will buy.

Lee Nott Box 3130 Fairview Hgts. Illinois 62208

 Elephants! I need all trade tokens picturing elephants; Also all Tex., Ark., La., & Miss. tokens. Please check my mail bid carefully.

Robert Fleet 3013 Club Lake Dr. Tyler, Texas 75702

Two extremely popular and well thought of token collectors passed away in the past month. Bob Coney reports that Vinton L. Woodward, long-time token collector, passed away February 2, 1978. Mail address: Castana, Iowa.

Frank M. Beam, METCA #27, one of the earlier joiners of this organization, passed away January 16, 1978, of a heart attack. Frank was a popular collector in eastern circles.

Both collectors had many friends in the ranks of METCA and other national token organization. Both will be fondly remembered by all who have dealt with them over the years. Both will be dearly missed.

T A P S

Day is done, gone the sun
from the lake, from the hill,
from the sky.

All is well, safely rest. God is nigh.

Thanks and praise for our days

'neath the sun, 'neath the stars,
'neath the sky.

As we go, this we know. God is nigh.

We deeply appreciate the tribute accorded
our loved one by your presence here today.

COUNTERSTAMP STUDIES

Joseph Schmidt reports that he has received a letter from Gregory Brunk (working on a counterstamp study). Mr. Brunk related to Joe that his study was a few years off, and that he advised Joe to publish any information he has to publicize regarding counterstamps. Furthermore, he welcomed Joes's contribution. As Joe stated, "It is nice to have another true collector and active cataloguer amongst us".

Mr. Brunk needs people to send him counterstamp descriptions at:
Gregory Brunk, 1022 Ora, Waterloo, Iowa 50701.

Wanted: Anything with a lump of coal attached, such as commemorative ribbon, hanger, badge, trinket, with named and dated event. Describe to:
Cole S. Cuttle, Box 7624, Hollins, VA 24019.

REFERENCE MATERIAL

Send for my free booklist of over 400 different titles. The Numismatic Athenaeum can fill your needs on reference materials.
Patrick D. Hogan 614 So. Johnson St. Iowa City, Iowa 52240.

MARCH MEETING OF CATC (California Association of Token Collectors)

The next meeting of CATC is on Sunday, March 19, 1:30 P.M. at the home of CATC Secretary Elaine Willahan. All token collectors are invited to attend. Elaine's address is 516 W. 99th St., Los Angeles, California 90044. CATC meets bimonthly on the third Sunday of Jan., Mar., May, July, Sept., and Nov. The meetings include trading, buying, and selling. They enjoy regular programs of talks and displays on tokens and related subjects. Members receive six issues of Token Topics. Superb refreshments are available each meeting. Dues are only two dollars a year.

MONTANA CATALOGUE INFORMATION ANNOUNCEMENT:

Watch for an announcement on details of George Gould's Montana Catalog in the next issue of Trade Token Topics. Those who reserved a copy are on file. Lots of pictures and anecdotes. George had to completely revise the town numbering system and this caused quite a delay. If you want to reserve a copy write him at Box 9552, Seattle, WA 98109.

WORLD'S FAIR COLLECTORS SOCIETY INC. INFORMATION:

Write: 148 Poplar St., Garden City, N.Y. 11530. Dues are \$5.00 per year. First class mail, add \$2.00 / year.

WATCH FOR OUR MAIL BID SALE COMING IN THE APRIL ISSUE OF TRADE TOKEN TOPICS! IT WILL BE NICE WITH SOMETHING FOR EVERYONE!

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, Washington 98103. Bary D. Bender, Editor. Telephone: (206) 782 - 5769.

Trade Token Topics will be mailed on the first of each month to all members in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Full Page - \$12.00 (\$10.00 if typed, camera ready)

Half Page - \$ 6.00 (\$5.00 if typed, camera ready)

Qtr. Page - \$ 4.00

Make all checks or money orders payable to METCA, 752 N. 74th, Seattle, WA 98103. Deadline for all copy is the 20th of each month.

Remember

Mar. 8, 1978 Coin World features a nice article on the National Scrip Collectors Association, its adoption of a new logo, and its release of the new coal scrip catalog compiled by Donald Edkins. NSCA's next national meeting is scheduled for the Holiday Inn in Fairmont, W. Va., on May 6th. Send SASE to Sec. Walter Caldwell, Box 29, Fayetteville, W. Va. 25840, for club information.

Page 59 of C.W. provides info on the Sanford J. Durst reprint of Lyman H. Low's Hard Times Tokens. The 95 page hardbound reprint retails for \$16.00 from Durst, 133 East 58th St., New York, N.Y. 10222.

Page 65 plugs Fayetteville Coin & Token Co.'s March 31st mail bid sale (mentioned in March TTT).

Charles V. Kappen, author of the recently published book, California Tokens, will be speaker at the 1 p.m. meeting of the California Exonumist Society April 22 at the Jack Tar Hotel in San Francisco. Professor Kappen's subject will be "Token Categories".

He also will address the luncheon meeting April 21 of the California State Numismatic Association, where he will speak on "Early C.S.W.A. Publications". Kappen was editor of Calcoin News magazine for 12½ years, 1950-62.

The Exonumist Society will meet in conjunction with the California Numismatic Association. Convention dates are April 21-23.

Noted in The Fare Box the death of Cecil Jefferson, pioneer vecturist, from the Pacific Northwest (Seattle). Clarence Heppner introduced me to Cecil 7 years ago when I became interested in collecting horsecars. Cecil bought many a token from Hepp & me on his second-time-around U.S. collection. Cecil was a quiet, enthusiastic collector and we of the Seattle Transportation club and Northwest Token and Medal Society will miss his friendly face at our local gatherings.

I read with interest the article on "Anillo Patterns" by Kenneth E. Smith on pages 21-24 of the February Fare Box. The Fare Box edited by John Coffee, Jr., has served transportation token collectors with 368 issues so far.

Feb. 1978 TAMS Journal features the second part of J.W. Beum's Catalog of Soap Tokens (pages 10-14) as well as interesting re-examination of the S.S. Beaver Medals (METCA member Leslie C. Hill wrote on the S.S. Beaver Medals in the Vancouver Numismatic Society's News bulletin in 1961).

Hats off to Irene Alexander who for 11½ years faithfully served TAMS as its librarian as well as being an active, vocal promoter of coin and exonumia shows in the Pacific Northwest. Though she has retired from TAMS library duties I saw her a month or so ago on TV in eastern Washington promoting the Spokane Coin Show.

I am sorry to say I didn't receive a copy of TMC Coins & Collectables, Inc. 455 Main Street, P.O. Box 14, Dept. M., Johnson City, New York 13790 in time to plug in the March TTT. I thought auction #1 (containing 2,141 items) of Gary Pipher & staff's efforts was a tremendous start in the company's mail bid sale efforts. At least two more exonumia mail bid offerings are in the picture of TMC in 1978.

Don't forget the Second Annual Token and Medal Show May 13-14, 1978, at the Philadelphia Sheraton Hotel, 1725 Kennedy Blvd., Philadelphia, PA. Bourse chairman Al Zaika reports the show is shaping up nicely and he expects to have about 18 dealers participating, there will be a lot of nice material available for sale.

Noted METCA member R.W. Colbert has been selected to head the Atlanta, GA Coin Club for 1978. Next year the club will have a bang-up 50th anniversary celebration on July 18, 1979.

The 1978 Pacific Northwest Numismatic Association convention will be held May 19-21 at the Coach House Motor Inn, North Vancouver, British Columbia.

I read with great interest the capsule summary of Bryan Money contributed by editor, Stephen P. Alpert (METCA member) in the March issue of Token

Topics of the California Association of Token Collectors. If you are in the southern California area attend the token mini-jamboree meetings held every two months. Dues are \$2.00 and visitors are always welcome at the token swapping sessions.

I attended the University Coin Show in Seattle March 3-5 and am happy to report that I counted no less than 17 METCA members at the show. Two new Alaska token collectors were added to our ranks. (1) John D. Gilbert, P.O. Box 2608, Kodiak, Alaska 99615 and (2) Dick Powell, Box 2074, Kodiak, Alaska 99615. Welcome aboard collectors and old Alaska members drop these fellows a line.

At the University Coin Show Les Albright of Seattle displayed original Tenino, Wash. wooden tax tokens (took best member exhibit). In April, 1935, there became a shortage of the 1/5th cent, aluminum tax token in the state of Washington. The state issued scrip in paper, but Tenino met the emergency by making tokens from scraps of slicewood left over from their wooden money.

The tokens with the donkey were printed by the Thurston Co. Independent to ridicule the Dem. Gov. Martin. The donkey is facing north, south, east, and west and "is his face red". Tokens in wood were issued for Tenino merchants use until aluminum 1/5th cents became available. (Les Albright, 300 N.E. 91st, Seattle, WA 98155 is looking for other collectors to trade tax tokens, esp. Tenino, his specialty).

Best of Show went to Tom Harris who displayed Portraits of Christopher Columbus. Displayed were 4 medals comprising one of the few known complete sets of the 49mm Wilhelm Mayer medals, Eglit #55, struck in Genoa, Italy, for the 1893 Columbian Exposition. Composition of the 4 medals - alum., W.M., mahogany bronze and gilt. Also shown were several of the more distinctive and rarer pieces (expression of numismatic art).

C.R. Clark is new president of the Florida Token Society replacing past president Fred Stanfield. I enjoy "Tokenews", quarterly publication of FTS, with its features of "Manning's Mavericks", "Recent Token Discoveries" and other features on Florida Tokens. A classified ad section and much more appears as well. Ray Mack is responsible for a listing of Florida "Good For" Wooden Nickels.

Garden Show Features Tokens

By Tom McCarthy
Tribune Staff Writer

A glassed display of tokens, some dating back to the 1870s, is one of the more unusual entries in the 1978 version of The Salt Lake Tribune's free Home and Garden Show.

The fascinating collection of tokens, tucked away in the southwest corner of the Salt Palace's Exhibition Hall, is a history lesson of early Utah ways. Gathered together by the Utah La-Vecturist and Token Collectors Organization (ULATCO), the display features tokens used for the purchase of everything from milk, liquor, cigars and meat to a game of billiards or a street car ride.

Asked Friday why so many tokens were in use prior to the turn of the century in Utah, token collector Blaine M. Simons gave two reasons. He said there was a shortage of hard money at the time and, more importantly, the tokens got people back to the original place of business.

Pay in Tokens

Mr. Simons said certain businesses, especially coal companies, paid their help in tokens so as to insure their

profits didn't go outside the company. This gave rise to the popular phrase "sell your soul to the company store," he noted.

Annual Tribune Event

This ULATCO display of tokens with METCA member Blaine Simon's comments appeared on the front page of the local section of the March 4, 1978, Salt Lake City Tribune. Story credit to Mr. Tom McCarthy of the Salt Lake Tribune staff.

It's anyone's dream to find a saloon token with their name on it. Naturally, Joe Schmidt, your Odd and Unusual Token Editor, would dearly love to see it attributed. If you have information, write Joe.

25MM BRASS

REV.
5¢ IN TRADE

ODD AND UNUSUAL TOKENS

CAST STEEL 35MM ROUND

My thanks to Rich Ekebrecht of Wilmette, Ill. for bringing this curious token to my attention! Before noting the inscription, the surfaces of this token are miniscule pebbled with the exception of the raised lettering & characters which are of a polished appearance.

OBV In Electronicast we trust/(lightning bolt)/ TOIT
(stencil-cut)/1949 A. D./produced by investment
casting

REV Tsurt ew tsacinortcelE nI (reverse image of OBV
mottoe!)/(Figure of dragon/ TIOT (again the reverse
image of the OBV "TOIT")/SHANG/1629 B.C.

Stencil-cut tokens are characteristic of transportation tokens! Moreover, the reverse imaging of some Obv. lettering is most curious! All in all, a very unusual piece. If from the Chicago area this token may well be connected with the 1949 Chicago Railroad Fair, an industrial show or simply a token issued to show the process involved.

The grey area in the rubbing indicates open space and the 4 faint rev. circles appear on the token and may have had something to do with the striking of this piece.

METCA readers should write regarding any information about this token; how often does one encounter what may be the first "TOIT" token, an audacious parody of the sacred motto of our nations coinage, Chinese New Year & figures, a stencil-cut and finally a cast steel composition all embodied in one token?

**ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT

BENSENVILLE, ILLINOIS 60106**

METCA MONITOR

Fakes, fantasies, or whatever you care to call them, (I prefer the word fakes) have plagued the token hobby for many years, but they have only been reported sporadically in TAMS and a few other publications. The time has come to do this reporting on a permanent basis, therefore I have volunteered to serve as the Monitor Editor, in order to alert our fellow collectors to these suspect and spurious tokens. To be successful in this endeavor, I will need the co-operation of you all. If you have any tokens of questionable origin, please send a complete description, including composition, size and shape.

Do any of you out there have positive information concerning the tokens listed below? About ten years ago an individual from the midwest offered them to me for 25¢ each, in lots of 50 or more. The samples sent to me were all in mint condition and appeared to have been modern made, so I declined his offer. The die work is the same as that done by Wendells, but a letter of inquiry to them did not elicit any information.

Rudy's Drive Inn, Cave Creek, Ariz. Brass.

-1878-
WORLD'S
GREATEST
MINING
CAMP
-1878-
*

This year marks Leadville's centennial. One hundred years as a mining camp and still going strong. Today, a mixture of the old and the new but always the home of hardrock miners. Leadville was and still is a last chance for many and the end of the road for others...

BEN LOEB'S PALACE OF PLEASURE

Ben Loeb was one of Leadville's pioneer saloon men. Starting in 1883, he was in business for over twenty years at six different locations. He is best remembered as the proprietor of a popular and well patronized variety theatre. The following description published, in 1886, by a Leadville news reporter could easily have been written after a visit to his establishment.

"It is Saturday night and the thoroughfares in every direction are crowded with men...We move down the street and pass under a banner bearing the legend 'Variety Theatre.' The first room is occupied by the inevitable bar. Over the swinging doors is a reminder to 'Patronize The Bar,' and should the absent-minded patron enter without heeding the instructions, an argus-eyed doorkeeper will insist the bar be patronized before continuing.

The auditorium is filled with tables and seats for the spectators. Waiter girls hurry about with trays laden with beer, whiskey or cigars. Through the smoky atmosphere the dim outlines of the stage and it's occupants can be faintly discerned over the bald heads in the orchestra. The bill is comprised of songs, dances, sketches, old, new, good, bad and indifferent...The profits depend entirely upon drinks sold...As the entertainment begins at nine and continues until morning the audience is apt to be riotously appreciative before the curtain goes down on the last act."

BANK TOKEN SOCIETY

WELCOME!!

WELCOME!

Dear Bank Collector;

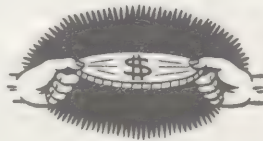

John and I have decided to get a bank medal and token collecting group together. We feel that there are enough collectors of such items to warrant a BANK TOKEN SOCIETY, and we hope that it will be fun. We feel that the society should offer during the first year;

- (1) the holding of one national meeting
- (2) election of officers and various committees
- (3) establish a newsletter and intend to publish quarterly
- (4) establish a research and lending library
- (5) establish moderate dues, within the limits of the offerings of the club.
- (6) start a national listing of banks of the United States that issued medals & tokens
- (7) get a substantial working membership (circa 30-50 members in the first year)

COLLECTING INTERESTS THAT THE BANK TOKEN SOCIETY WOULD PROMOTE:

- (1) Bank tokens and medals; researching and cataloging
- (2) Bank encased coins
- (3) All financial related institutions, trust company, savings, etc., that issued any kind of collectibles
- (4) Basic research of #1, #2, #3
- (5) Miscellaneous items; such as fobs, badges, mirrors, advertising items, and such if sufficient members are interested.

ANYONE INTERESTED IN JOINING THE BANK TOKEN SOCIETY PLEASE SEND \$3.00 CHECK TO EITHER OF THE ABOVE PEOPLE AND BECOME A MEMBER NOW !!!!

TRADING LIST OF BARY BENDER #3, 752 N. 74th, Seattle, Washington 98103

Trade for tokens of Dayton, Waitsburg, Starbuck, Pomeroy, Asotin, Prescott, Wallula, Palouse, Colfax and other southeastern Wash. towns. Will also consider photo-type pre 1920 cards of the same and Snake River transp. scenes in Wash. state. Will consider cash offers, however, items I need will take priority.

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, Washington 98103. Bary D. Bender, Editor. Telephone: (206) 782 - 5769.

Trade Token Topics will be mailed on the first of each month to all members in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Full Page - \$12.00 (\$10.00 if typed, camera ready)

Half Page - \$ 6.00 (\$5.00 if typed, camera ready)

Qtr. Page - \$ 4.00

WA Make all checks or money orders payable to METCA, 752 N. 74th, Seattle, 98103. Deadline for all copy is the 20th of each month.

Remember

The next meeting of the Calif. Association of Token Collectors (CATC) will be on Sunday, May 21, 1978, at a member's home in Sherman Oaks, Calif. Guests are always welcome. For meeting address and sample copy of their publication, Token Topics, write : Stephen Alpert, 11106 National Blvd., Los Angeles, CA 90064. The CATC's Token Topics publication is considering the addition of paid advertising from its members, if there is favorable response, and the enlargement of Token Topics to twice its present size.

Attention Dealers and Collectors! I will be attending the 2nd Annual Token and Medal Show on Saturday, May 13th, 1978 at the Philadelphia Sheraton Hotel for just a few hours 11:30 A.M. - 1:30 P.M. I would appreciate seeing what you have in the way of Hawaiian items (tokens, medals, scrip, badges, books, etc.). I will have starter sets of Hawaiian Lunch Tokens, 5 diff., retail value \$20.00 for \$10.00, also the new 1978 Hawaiian Token Look -Hard Cover - \$10.00 - just released. Gerald W.G. Kwock, ANA 49091, TAMS 2021, Dealer in Hawaiiana. Gerald will be only at the show for two hours on Sat. so have your Hawaiian material ready for him at that time.

Aproximately 400 copies of Trade Token Topics are mailed out each month.

If you did not receive your 1978 METCA membership card in the April mailing of Trade Token Topics, please check your check register to see if you forgot to mail in your 1978 dues. So many of us are members of so many clubs that it is easy to forget to mail in dues.

For information on the newly-formed Bank Token Society look over the April issue of Trade Token Topics.

Williges, P.O. Box 445, Wheatland, CA 95692 features a twenty page fixed price list you should send for.

Leslie Hill reports that the Alaskan collection that was going to be available at the PNWA convention in Vancouver has been sold. Please note the ad that appears in this issue of Trade Token Topics.

Dan Jacobsen reports that dog tag collectors might be interested in the Dutch Dog Tax Tokens offered by Jeffrey S. Zarit, 500 W. Central Road, Mt. Prospect, Illinois 60056.

John H. Stribhei, P.O. Box 20438, St. Petersburg, FLA 33742 offers a fixed price list of 726 items - List 36, Spring 1978.

Trust many of you made bids on the #26 auction of Paul A. Cunningham, Box 1, Tecumseh, MI 49286. \$4.00 gets you all of Paul's auctions and prices realized afterwards, along with any retail sales he offers.

Please notice the information made available on the forthcoming Montana catalog and take appropriate action.

In Memorium - Death of Prominent Token Collector C.W. "Clancy" Riggs

April 14th Clancy Riggs, Pacific Northwest Collector -Emiritus, passed away after a long illness. He was 67. Clancy was born February 28, 1911, in Puyallup, Wash., and came to the Portland area nine years ago, after working many years in La Grande, Oregon. He retired in 1975 after a long career as an electrician for the Union Pacific Railroad.

Clancy was one of the most popular and prominent collectors in the nation. He put together first class collections of several states, and, at the same time, shared his knowledge. We will dearly miss him, Dorothy.

PLEASE ADVISE IF YOU HAVE MOVED RECENTLY YOUR METCA # WILL BE YOUR COPY # SOME LOOSE-LEAF COPIES WILL BE AVAILABLE. PRICE IS \$9.00, INCLUDING POSTAGE AND HANDLING. LIMITED PRESS RUN. ILLUSTRATIONS ON EVERY PAGE LISTING. RARITY AND VALUATIONS. MAVERICK LOCATOR.

GEORGE GOULD P.O. BOX 9552 SEATTLE, WA. 98109

The token to the left was found in Port Townsend Bay by a skin diver on 8-9-76. I am looking for information on this brass token.

— BUD KANNENBERG

GOOD FOR
10¢
TOR-KEL
TOR-JUSEN
- AT THE -
BAR

The December issue of 1976 TTT featured a maverick token that Bud Kannenberg of Port Townsend sought information on. Since it first appeared a lot of time and effort has been expended trying to pin down the token. Just recently Bud reported that he had found the following information on the aforementioned token. The following is from old Port Townsend city records. Saloons licensed between November 1871 and May 1872: General Steinmetz Headquarters Saloon, Water Street, Torkel Tojusen; also - Torkel Tojusen, Beer Saloon, General Steinmetz Headquarters on Water Street, 1872. So, we have another old Saloon pinned down. Note the slight differences in the spelling of Torjusen: On the token - Torjusen; City Record - Tojusen; and Tojusen. Oh yes, in July (1977) the same skin diver found another one of these in the bay which I also acquired but have since traded to Lew Egnew - so there are two known. Bud Kannenberg, P.O. Box 440, Water Street, Port Townsend, WA 98368.

ODD AND UNUSUAL TOKENS

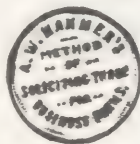

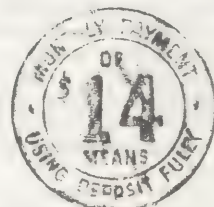

ALUMINUM 25 MM ROUND PLAIN EDGE

OBV A. W. Hanmer's/method/of/soliciting trade
for/business firms.

REV Copyrighted/10 cts./1897

A logical guess would be that Mr. Hanmer manufactured tokens and this intelligently worded piece was one of his sample tokens. I doubt his 1897 copyright was seriously considered as the composition, shape and style of wording appears often on tokens of this era.

If indeed Mr. Hanmer manufactured tokens for concerns and issued pieces soliciting his trade it seems a mystery that no mention of this gentlemen or his tokens is to be found in any exonomy reference I have had chance to peruse. The diework is suggestive of other tokens of the era that were issued in the East. Armed with an exact name & year of issue perhaps METCA members can locate the origin of this concern!

Dual denomination tokens are somewhat scarce, as is this token from Spiegels department store of Chicago. Large denominations such as this are most unusual and the reader may wonder why the Spiegel tokens are not more actively sought!

22. Cincinnati (O.), Langdon Bakery, Widows Mite, Lords prayer reverse; bronze, 13mm, holed.
23. Dyesville, Ohio, Curry Bros., 10¢, alum, octagonal.
24. Echo, Oregon, Mudgett Cigar Store, 5¢, hexagonal hole, brass.
25. La Grande, Ore., J.M. Choate, 5c, brass.
26. Dell Rapids, S.D., J.C. Farrell, 5¢, center hole, brass.
27. El Paso, Texas, J.J. Keavil, 5¢ cigar, brass.
28. Seattle, Boeing Field, Airport Restaurant, 5¢, brass.
29. Kenosha, Wis., Guttormsen Recreation, 5¢, alum.
30. Coal tokens: Pa. 1795-A1; Va. 333-G1a; W.VA. 469-C1, 967-M1a, 2331-C1 (in WM; another in nickel-plated brass), 2671-A100, 2997-B1b.

I have hundreds of other tokens and medals of all kinds for trade also. Write! Rubbings of above sent for stamped envelope.

I am also interested in large Lucky Souvenir coins, about 2 to 3½ inches in diameter, from tourist spots and fairs; most picture an Indian head, buffalo, or Lincoln bust on the reverse. I also want satirical Bryan Money, and old slot machine catalogues.

ELGIN NATIONAL WATCH CO. TOKENS

By Joseph Schmidt

For decades after their incorporation in 1865 the Elgin National Watch Company issued round, 30mm tokens composed of white metal with their watches. To further acquaint the reader with these tokens the illustration accompanied by the following description should suffice.

OBV. (Center, an allegorical winged figure of father time holding a sickle over his left shoulder and a pocket watch in his right hand upon which "Elgin" is inscribed. An hour glass is shown between the feet of this figure). Around the border, "THE ELGIN NATIONAL WATCH COMPANY OF ELGIN ILLS * INC INCORPORATED 1865 *"

REV. Around the border, "ELGIN NATIONAL WATCH CO.". In center, "THIS/CERTIFIES THAT/LEVER MOVEMENT/NO (usually followed by a 6 digit incuse number)/NAMED (followed by the name of various watch models)/WAS MANUFACTURED BY US/OF THE BEST MATERIALS/AND IS/WARRANTED/A GOOD/TIME-KEEPER/...✱✱✱"

The obverse of all of these tokens I have ever seen show a diebreak nearly crossing the top of the hour glass, proving that all obverses were struck from die(s) exactly the same. Reverses (dating from the 1884 Levick collection to the present) have remained identical with two exceptions: the differing incuse lever movement number and the name of the watch model following "NAMED".

After nearly 100 years a new reverse variety has been discovered and is described herein exclusively to METCA readers. This variety substitutes the word "ENGRAVED" for "NAMED" and should be considered quite rare! I believe this wording was found inappropriate and the token was replaced by the more common variety. Evidence of this theory is substantiated by "MANF'D ELGIN ILLS." following "ENGRAVED". This is more in the manner of a statement than a watch model name and it does seem logical that the name of the watch model should follow "NAMED".

A register (the most complete ever published) of reverse Elgin National Watch Co. watch model names follows. Of the 14 listed three have been discovered since 1965, therefore METCA readers are encouraged to submit new names they may encounter! With the exception of the last name all tokens are easily obtainable and retail for no more than \$2.50 EF and \$4.50 in UNC conditions.

ALASKA

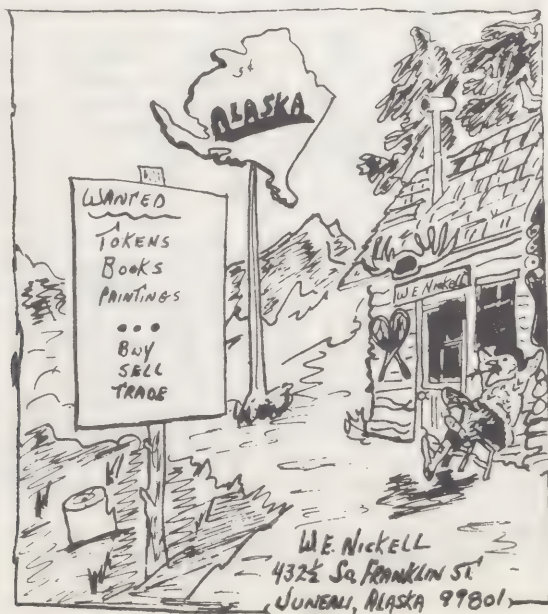

Kaye Dethridge
P.O. Box 438
Sitka, AK 99835

The following item was found in the March, 1924 issue of "Pathfinder of Alaska" This magazine was published in Valdez for approximately a ten year period.

"A. M. Capwell, who came to the Northland in 1897, killed caribou for a living in Dawson, mined in Ruby and ran a restaurant in Fairbanks is now the owner of the Fairbanks Cafe, 211 First Ave., Seattle and has a prosperous business."

The token issued for the above business has been attributed to Alaska in the past. It was struck in several varieties and two different metals.

Considering the circumstances, it is almost an Alaskan token, but not quite.

Many thanks to Joe Schmidt, Bleine Simons, Ben Odesser, and George Hosek for helping me with this column this month. We need more identifications!!

I have enough new listings to keep the column active for the next four or five months. I will gladly accept more, but I am listing tokens on a first come, first serve basis, although I reserve the right to limit the number I list for each person per month in order to help as many members as possible.

Please send identifications and new listings to:

TRADE TOKEN TOPICS

MONTHLY PUBLICATION FOR TRADE TOKEN COLLECTORS

MERCHANT TOKEN

COLLECTORS ASSOCIATION

METCA 752 N. 74th, Seattle, WA 98103

FLAG DAY
JUNE 14th

Second DVVA Token & Medal show at Philadelphia.

This mid-May show was termed great according to comments from dealers and collectors. Al Zaika, show chairman, reported there were 20 dealers on hand with a wide range of material for sale. Attendance was near 270 with collectors from California, Florida, Hawaii, Md., N.C., N.J., N.Y., Conn., Me., Pa., Del., Va., Ohio, Ill., W. Va., and Indiana attending.

Hats off to Al Zaika and his staff for a job well done.

Thanks to Ben Odesser for passing out Trade Token Topics at the Chicago Coin Bourse, Leaning Tower YMCA, 6300 W. Touhy Avenue, Chicago. Apparently the second Sunday, every month, approximately 15 coin dealers meet at this bourse with coin and token action taking place.

The California Association of Token Collectors (CATC) currently has over 50 active members with bi-monthly meetings at members' homes in southern California, a newsletter, Token Topics, edited by Stephen Alpert, with features on new token issues, etc. Dues are \$2.00 per year.

Lee Nott passed out a few METCA applications to people who had tokens at the Central States Show in St. Louis in May. Lee reports a super show with a few people with tokens. He came away empty handed, but said there was lots of dealing going on at a few select booths.

Johnson & Jensen, 8 Briar Ridge Road, P.O. Box 1085, Danbury, CT 06810 offers an eleven-page general price list of commemorative and fine art medals at fixed prices.

Send to Hank Spangenberg, Box 92, Clayton, Ohio 45315 for his price list spring 1978, and for future mailings.

Lee Nott, P.O. Box 3130, Fairview Height, Ill. 62208 offers a mail auction that closes late Aug. There are 150 lots which can be perused for a large self-addressed stamped envelope.

C.R. Clark, P.O. Box 13331, St. Petersburg, Fla. 33733 requests information needed for token catalogue. Please send him rubbings and descriptions of any Florida trade token which may not have been catalogued or counted among known pieces.

Received the Tokenews, quarterly publication of the Florida Token Society, from Fred Stanfield. The May 1978 issue related new discoveries, nice article on a Kissimmee maverick token identified and researched, and information sought on the Polk Co., Tampa, Florida tokens. Though they are very common research has failed to reveal that The Polk Co. operated in Tampa (search through 1921-1946 Tampa City Directories).

Tom Wall, P.O. Box 1242, Independence, MO 64051 offers an outstanding selection of exonomia in his sale 20 closing June 26, 1978. Over 2100 items are offered in this sale. Phone 1-816-254-7427.

The Western Token Ledger reports the regional WESTS meeting will be held at the Convention Center at Hawthorne, Nevada, on Sunday, June 25th from 9-5.

July 16th will be the day WESTS and BATS (Bay Area Token Society) meet together at the home of Duane H. Feisel, Los Altos, CA (Noon-5 P.M.).

June 23, 1978, at 1 P.M. will be the next meeting of the Delaware Valley Vecturist Association. The meeting will take place at the office of Joe Pernicano, 1260 Virginia Drive in Fort Washington Industrial Park, PA.

THE FARE BOX (June issue) lists the 410 tokens to be offered at the AVA convention at Louisville in August. Mail bids for the tokens should be submitted to Jack Smith, Box 26423, Lawrence, IN. 46226.

June TAMS continues J.W. Barm's catalog of Soap Tokens, and Index Guide to Benjamin P. Wright's American Business Tokens by Patrick D. Hogan, some

mail bid sales, and page 126 & 127 lists the Token and Medal Society candidates and their biographical sketches.

I had a short but nice visit with Jack Harvill, Washington collector, and his family before and during the Yankee-Mariner baseball game recently. Clarence Heppner, Jack and I were at the game in different seats so we all wandered around the Kingdom to exchange tokens before the game started.

Due to a different job and a time consuming fast-pitch softball schedule the summer issues of METCA will more than likely be sent out mid month rather than near the first of the month. I am out of town three of four weekends each month on tournaments so I find it hard to meet my desired schedule. With this in mind (even on a normal schedule) please allow all mail bid sales, etc. to terminate at least 3 weeks after publication is received. With the slow mail service (particularly rural routes in Alaska where many of the collectors work in the slope construction camps) and the fact we are monthly-oriented, allow 3 weeks or until the next issue is out before terminating your mail bid sale. This problem was especially apparent last month when I was late with your newsletter (May 12th) and member Bob Keck had a mail bid sale closing May 15th. (page 7).

FLASH - BEBEE'S (Back Page)

New Addition - Lord's "CIVIL WAR SUTLERS AND THEIR WARES"

1969 1962 Pgs. Illus. OP - \$8.95.

GENTLEMAN JIM & RUBY ROBERT

SLUG IT OUT!

By Joseph Schmidt

The battle was staged under a hot Carson City Nevada sun on the 17th day of March, 1897. Weighing 178lb. James J. "Gentleman Jim" Corbett entered the ring to protect the heavyweight championship he had wrested from the great John L. Sullivan 4½ years earlier. Corbett's opponent this day was Bob "Ruby Robert" Fitzsimmons, a rough-hewn 156lb. brawler who took this heavyweight championship fight mainly to prove to one and all that a middleweight could soundly defeat a heavyweight!

Each fighter was the antithesis of the other. Some considered Jim Corbett no more than a dancing buffoon who refused to stand still and fight, however nothing could have been further from the truth! A splendid tactician with brilliant hand speed and footwork, Corbett simply didn't represent the public's image of a prizefighter; a brawny and often semi-illiterate man. Gentleman Jim's popularity grew after he stopped Charley Mitchell in only 3 rounds (Corbett had once fought 61 rounds) on January 25, 1894 to become undisputed world heavy weight champion under Marquis of Queensbury rules.

A high school graduate who later worked in a bank and mastered mathematics, James J. Corbett was an unusual manner of man to be a prizefighter. One of 11 children born to a poor San Francisco family, Corbett captured the Pacific Coast Amateur Championship at the tender age of 17. He once boasted "Nine years after that I became World Champion. It goes to show you what a boy can do when he just takes care of himself"! Handsome, blue-eyed Jim Corbett was proud and urbane. He thoroughly enjoyed being called "gentleman" and found time to act in musical comedies and play vaudeville houses. Quite simply, he was not a brutal man and lacked the "killer instinct" indispensable to a prizefighter.

This could not be said of Bob "Ruby Robert" Fitzsimmons, a naturalized American born in England! Around the house he often "slugged it out" with a pet tiger cub who had grown into dangerous maturity! Indeed a snarl from the animal brought immediate fisticuffs from which Fitzsimmons often withdrew with both arms badly clawed. The cruder the practical joke the more Bob Fitzsimmons enjoyed it; he frequently scared visitors half to death by introducing his tiger at unpropitious moments.

Bob Fitzsimmon's fighting style was ungraceful but apparent. Endowed with skinny, knock-kneed legs and a seemingly flat-footed fighting style, "Ruby Robert" had the upper torso strength of a heavyweight. A superb judge of distance with perfect timing, his blows were stunningly effective! He had captured the middleweight championship from the first Jack Dempsey at New Orleans in 1891, knocking him to the dirt with one mouth-shattering blow. "Ruby Robert" trained hard for the Corbett bout, often running as much as 15 miles in a day and training in private with anyone who would "go at it" with full steam. A heavy eater, Fitzsimmons training meal consisted of a whole large chicken with double servings of vegetables and puddings. His obsession with calf's foot jelly caused him to consume the stuff by the pound! Having spent many hours working the 75lb. bag

weightlifting and eating only the best of foods I am continually amazed at the inane training habits of some early fighters. Both Jack Johnson and Tony Galento often stepped into the ring hung-over and without sleep the night before! In this instance, however, both Corbett and Fitzsimmons trained long and hard and were in excellent shape by fight day.

The bout began at high noon, attended by a crowd only a championship match of the time could draw. Newspapermen from all over the country, eastern business and professional men mixed with ranchers, card sharps, bettors, whores and the omnipresent thugs and pickpockets abounded! Two gangs were at ringside, one group of gunmen headed by Wyatt Earp at Corbett's corner while behind Fitzsimmons corner Bat Masterson (with 18 notches on his gun!) and his cronies held forth.

Corbett's flicking jabs, combinations and fast footwork puzzled his opponent and won the first 5 rounds for him; the challengers face resembling raw beef from the rain of Corbett's 5 oz. gloved fists. In the sixth round Fitzsimmons finally went down, wrapping his arms around Corbett's legs. Referee George Siler, fearing gunfire from either gang, did not call a foul on "Ruby Robert" and did not heed Corbett's call for a count! Referee Siler finally began the count when Fitzsimmons let go of Corbett's legs and reached nine when Fitzsimmons finally staggered to his feet. Corbett's lack of killer instinct enabled Fitzsimmons to last out the sixth round although the challenger was clearly fatigued.

Gentleman Jim continued to dominate until the challenger found the range in the 13th round, knocking out two of Corbett's teeth with a short jab! Early in the 14th round "Ruby Robert" stung Corbett with a jab to the neck and seeing an opening put all of his weight behind a follow-up left hook to the body (the famous "solar plexus punch" expounded upon later by writers!) dropping Corbett. "Gentleman Jim" failed to get to his knees by the ten count and Bob Fitzsimmons held both the World Middleweight & Heavyweight Championships!

Fitzsimmons refused to fight Corbett again, knowing he probably would have lost in Carson City were it not for the success of one punch! "Gentleman Jim" Corbett would attempt to regain his title by fighting then champion Jim Jeffries twice only to be knocked out on both occasions. Corbett retired in 1903 and his bragging about living a clean life held him in good stead! A long retired "Gentleman Jim" at age 59 in 1925, fought a 3 round closed door exhibition with Gene Tunney, who remarked afterward "He was brilliant, with bewildering speed, and mixed his punches better than practically any fighter I've seen!". 8 years after this incredible exhibition James J. "Gentleman Jim" Corbett passed away.

Bob "Ruby Robert" Fitzsimmons continued fighting for 17 years after his bout with Corbett, setting in 1900 a record unsurpassed to this day by knocking out Ed

JAMES J. CORBETT

Dunkhorst, who at 312lb. outweighed Fitzsimmons by 140lb.! Bob Fitzsimmons died of pneumonia 3 years after retiring from the ring in 1914.

To commemorate the 1897 Corbett - Fitzsimmons World Heavyweight Championship fight two brass, 33MM So-called Dollars were struck. The piece illustrated above pictured Corbett while a similar specimen bore the portrait of Bob Fitzsimmons. Prices realized show these pieces, HK 276 & HK 277 selling in the \$25.00 range in VF and EF condition. The Corbett piece is described below:

OEV. (Bust right in center surrounded by 13 stars) Jas. J. Corbett

REV. Souvenir Corbett - Fitzsimmons Contest (around wreath) For the Championship of the World. Carson City Nev. March 17, 1897.

HK 277 is the same as above with "Robt. Fitzsimmons" beneath his bust on the obverse. The reverse die was utilized for both pieces.

METCA Monitor

METCA MONITOR.

MONITOR EDITOR - AL ZAIKA
P.O. Box 65 Bellmawr, N.J. 08031

For the benefit of new members and collectors, this column will list and picture tokens that were previously shown in early issues of METCA MONITOR. The following tokens are in this category.

Coal Miners/Saloon/F. Penak's/Prop. RS./Dunmore, Pa.

Rev. Good For/5¢/In Trade.

Harry Jones's/Saloon/Penn Ave./RS/Scranton, Pa.

Rev. Same as above.

Lame Duck/Saloon/Dance & Dine/RS/Dunmore, Pa.

Rev. Same as above.

Old Stone Jug/Saloon/9th St./RS/Scranton, Pa.

Rev. Same as above.

Moe Wolfs Saloon/504 Adams/RS/Scranton, Pa.

Rev. Same as above.

Valley House/Saloon/R.S./Scranton, Pa.

Rev. 5/In Trade.

All are aluminum, 22mm.

The letters "RS" on these tokens are supposed to represent them as restrikes, but the facts are that they were made made by Wendell's, with modern dies, as per descriptions furnished by a Scranton, Pa. resident who ordered these tokens made.

To illustrate the danger that is inherent in this type of junk, I experienced this incident at a major coin show in Phila. last year. While searching through a dealers book of tokens, I came across the Moe Wolfs Saloon token. It was quite battered and scratched, with the letters "RS" obliterated and priced at \$10.00. When I questioned the dealer about the age and authenticity of this piece, he assured me, emphatically, that it was very old and a genuine token. Let the buyer beware.

ODD AND UNUSUAL TOKENS

RED FIBRE 32.5 MM ROUND PLAIN EDGE

OBV USS/San Francisco/honor guest/
city of S.F./Dec. '42

REV Good/luck (wishbone, 4 leaf clover,
horseshoe & rabbit's foot)

Quite a combination! Spinner, ship, good
luck & fibre token. Probably used for a
tour of the ship.

Regarding the May "unusual" token, Terry
Trantow wrote concerning a variety of the
A.W.Hammer token and suggests Mr. Hammer's
copyright was for the purpose of his bus-
iness. My thanks to Terry for writing!

Enough tokens remain to continue this column
indefinitely, however I have no doubt that
the hundreds of METCA members and readers
must have nearly that many "ODD AND UNUSUAL
TOKENS" to share! I welcome reader represen-
tation and hope that you will send me rubbings
and descriptions of your odd or unusual
tokens! I'm looking forward to hearing from
you.

ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT
BOX 471
BENSENVILLE, ILLINOIS 60106

METCA member Mike Fritz wrote and related an in-
teresting story concerning an unusual token and
an equally unusual method of procuring the piece!

A group of "coin shooters" found a small lot of
tokens where Fort Sherman once stood in Coeur d'
Alene, Idaho. Mike waited 3 long months to procure
the tokens, but it was well worth it! Mike now
owns a "reverse bi-metal" token from Spokane. This
practice seems insane, as the outer portion which
usually bears the business name is composed of
soft aluminum and wears rather quickly. Conversely,
a brass center, which usually bears only a denom-
ination would last longer. Perhaps this method
circumvented the usual bi-metal patent, although
the S.D. Childs' patent was violated often after
the turn of the century. Is this piece Washington
States' only "reverse bi-metal"?

Along with a nice cigar store token and 2 Brunswick
pieces, Mike purchased the 15 cent token illustrated
and later found out it was an 1890's saloon token!

My thanks to Mike for writing! I hope other METCA
readers will share their unusual tokens and send
in rubbings. Should your method of obtaining any
unusual token prove interesting as well, I would
enjoy hearing from you.

TRADING LIST OF BARY BENDER #3, 752 N. 74th, Seattle, Washington 98103

Trade for tokens of Dayton, Waitsburg, Starbuck, Pomeroy, Asotin, Prescott, Wallula, Palouse, Colfax and other southeastern Wash. towns. Will also consider photo-type pre 1920 cards of the same and Snake River transp. scenes in Wash. state. Will consider cash offers, however, items I need will take priority.

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, Washington 98103. Bary D. Bender, Editor. Telephone: (206) 782 - 5769.

Trade Token Topics will be mailed on the first of each month to all members in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Full Page	-	\$12.00	(\$10.00 if typed, camera ready)
Half Page	-	\$ 6.00	(\$5.00 if typed, camera ready)
Qtr. Page	-	\$ 4.00	

Make all checks or money orders payable to METCA, 752 N. 74th, Seattle, WA 98103. Deadline for all copy is the 20th of each month.

EDITOR'S ECHOES

Terry Trantow, lumber cataloguer, and Oregon and Washington collector, reports complications beyond his control in the publishing of his lumber catalog. At any rate, Terry is still adding new information to the inventory of lumber tokens.

July finds Joe Studebaker, South Carolina exonumia collector, recuperating from surgery. Joe sustained a tear in his gut while playing with the kids (after thirty years in the Marines)!

Saturday, October 28, 1978, (10 A.M. - 8 P.M.) will be the day of the Token and Medal Show put on by Gaylor Lipscomb and Melvin Hayes. The location will be at the Holiday Inn in Inglewood, Ohio (S.R. 48 & I - 70). Later issues of T.T.T. will give reminders of the October show.

This issue contains an interesting article on "The Birdman of Alcatraz." Ray Mansfield, Alaska collector, states that he is sure many members of METCA have never known the full story of how "The Birdman of Alcatraz" started his long life in prison. Thanks to Ray for this truly interesting contribution. If other members have articles, short or long, to share with the membership, please submit them to the editor for publication.

A few members (my wife included) have written to chastize me for not printing a membership roster, printing names of new members, and giving address changes. I must confess that the charges leveled at me are legitimate criticisms, and are areas I will endeavor to ameliorate in the next few issues.

Though I haven't published new members for a long time I publish exonumia lists for the sincere purpose of alerting new members to send for them. I advertise members and a lot of non-members' lists free in Trade Token Topics (as long as I receive one so that information I pass on to the membership is accurate) for the benefit of the membership. A lot of the lists are from members who are dealers; if the new member asks for a copy of the listing, both are reaping benefits. The one problem that occurs (which I have no control over) is that of dates conflicting with the publication of Trade Token Topics.

Mich-TAMS holds its annual summer picnic in Clinton, Michigan on July 30th. I understand the swapping, dealing, displaying, fellowship, and chow makes for a swell outing.

By now I trust all TAMS members have voted for the upcoming August elections. I implore all members to make a prudent vote on Board of Governors choices. We have an outstanding field of candidates to select from. The past issue of TAMS Journal gave a biographical sketch of the candidates and a comment or two on their platform. It is now in the hands of the membership to exercise his or her vote to ensure a viable leadership for

the ensuing years.

Congratulations are in order for Mr. and Mrs. Paul Cunningham. Mothers' Day, 1978, brought a new arrival to their home - a bouncing girl, Shannon.

Can any member assist Jerry Adams in finding a token for a friend who is going to establish a museum in "North Fort Worth" in the old Stock Exchange Building at the Stockyards? He would like to have a North Side Street Railway token for the museum. See his ad in the classified ad section of this issue of Trade Token Topics.

The AVA Convention at Louisville, KY is August 10th thru the 13th. Many members have mentioned they will be attending the show with all their exnomia.

William J. Bone, D.V.M. is a new METCA member who collects dog tags. His address is 10700 Seminole Blvd., Seminole, FL 33540.

Regarding trades and transactions occurring as a result of ads placed in Trade Token Topics - We have had a minimum of misunderstandings/complications since I took over as editor of METCA (November, 1976). In fact, I have had to intervene only four times thus far. It appears lengthy time elapses and incorrect descriptive information (typing, too) accounts for the majority of the problems. These problems usually work themselves out with a pleasant reminder. However, the problem of "good faith" trades via phone, mail, or in person when collectors agree on a trade and later renig for whatever reason (i.e., better cash offer, better trade offer, etc.) after the fact is something we should watch. I have very little to work with when I am asked to intervene in this type of problem. I am a collector trying to keep METCA alive and responsive to the membership. I like to accentuate the positive rather than harp on the negative, so please conduct yourself accordingly in your dealings with the membership.

Brian Kestner, P.O. Box 664, Millbrae, CA 94030 is a new member of METCA who collects all California tokens.

New member, Dale Unruh, 147 Hill Dr., Fort McMurray, Alberta, Canada T9H 2B4, collects tokens and postcards from British Columbia, Alberta, and the Yukon.

September 16, 1978, is the day of the 3rd annual Tenino Wooden Money Show. See ad in this issue and reminders in future issues.

Remember David Shenkman, P.O. Box 274, Indian Head, MD 20640, is compiling information for a catalog of Civil War era sutler tokens. This catalog will include complete obverse and reverse descriptions of all tokens, plus rarities, and a price guide reflecting the current market. You can help by sending him a list of every sutler token in your collection.

Does anyone know the attribution of a brass, 26 mm token, Feely & Carney - Rev: Good For One Hitch? Write Mike O'Brien, 2305 Coach & Surrey Lane, Aurora, Ill 60506.

July 5th Coin World, Page 12, has an article on Del Ford, Metca member, who received a 10 dollar note from the local Del State Bank with the green seal, serial numbers, black numbers and Federal Reserve seal not printed.

Page 26 of the July 5th C.W. features highlights of the Paul Cunningham May sale. A price of \$42.00 was realized on an encased Yukon Terr. item. Coal scrip and Brunswick-Balke tokens garnered spirited bids as did the Miller-listed 19th century storecards. The surprise of the auction was the \$660.00 received for a West Virginia 50¢ furnace storecard from Lorena.

Page 52 of the 5 Jul 78 C.W. reveals the ever-active Wagamans, Lloyd and Alberta, producing elongated cents for the public at the Indiana State Numismatic Association's 20th annual convention June 15th - 18th in Indianapolis.

July 16th was the date of the CATC (California Association of Token Collectors) mid-summer meeting. The September meeting will be held at the home of Alan Weinberg in Woodland Hills.

Token Topics of CATC carries an interesting article on William Harrah (Reno fame) and the Loeff family of Long Beach, Calif. Their presence in the amusement business in Calif. is discussed.

The California Exnumist Society is holding their 17th annual all-day Collectible Show on July 30th, from 10 to 5 at the Holiday Inn in Fullerton, California.

The 410 transportation tokens to be auctioned at the Louisville AVA Convention on August 11 - 13 appear on pages 72 - 74 of the June 1978 Fare Box.

The July 1978 Fare Box features an interesting article on the Eastern Railroad by J.M. Coffee, editor of the Fare Box.

July Scrip Talk, NSCA's publication, reports that THE FALL 1978 MEETING will be held at Corbin, Kentucky, on the first weekend in October.

An eight-page article on coal scrip from Ward, Kanawha County, West Virginia from 1870 - 1978, by Robert W. Craigo highlights the July issue of Scrip Talk.

There are many of you who have not paid 1978 dues as of yet. Everyone was carried for four issues. Those of you who didn't receive May copies of Trade Token Topics did not pay dues. I think I will run a list of names of those who didn't pay 1978 dues. Many of us belong to so many clubs that it is easy to forget the dues of a few.

Has everyone all the issues of 1978 so far (Jan. through June)? Let me know.

This is the second listing of tokens for trade. Can use most Alabama. Would like to concentrate on non-coal "GOOD FORS", but will try to work out trades for any Alabama including transportation tokens. Also need national currency from Alabama & Oregon. A number of tokens from April list still available. Will also consider some cash offers.

CANEY COLLECTOR HOUNDS CANINE TAGS by John Guernsey of the Oregonian staff
The following article appeared in the August 19th issue of The Oregonian. The article concerns METCA member, Buck Witt of Canby, Ore. Member Lyle Anderson submitted the story.

Talk with Canby's Buck Witt and you can learn a lot about dog licenses, rattlesnakes, the old West, steam engines, Colt revolvers, carnival glass, spurs and lots more.

"I suppose that's because I've been a collector of many things all my life," said the 66 year-old man who is most proud of his collection of 15,000 dog licenses from throughout America and the world.

"I don't know how I got to collecting dog tags," said the former Texas cowpuncher while pointing to his oldest treasure - an 1866 dog license from Cincinnati, Ohio. "I suppose because I'm a born collector. They say I have more dog tags than any of the hundred or so collectors in America."

He has dog tags from nearly every state in the United States, and from numerous foreign lands. One from Salt Lake City is in the shape of a bone; a Midland, Tex., tag is in the shape of a boot, and a 1928 issue from Austin, Tex., is shaped like a dog house.

"And look at this one from Switzerland. There they print a head picture of the breed of dog you have on the tag."

Witt keeps improving and expanding his collection by correspondence and tag exchanges with other collectors. "I suppose I write and receive about six letters daily from people all over the country," he said.

Some persons have gone into dog tag collecting because it is not a high cost hobby. The tags do not have much monetary value, and collectors don't worry about their collections being stolen, or having to insure them heavily.

Other collectors make money out of dog tags by turning the unusual ones into neck piece jewelry.

Although Cincinnati experienced dog control problems as early as 1866, Witt said he believes Multnomah County did not begin licensing dogs until about 1929.

"Some people just like to collect things," Witt said, recalling that he once knew a man who had a collection of brand labels off of bananas. "I never collected those, but I have had lots of fun collecting rattles from rattlesnakes."

He has about a thousand sets of rattles, and has stories to tell about many of them. "Now take those big ones there - they came from a big rattler that bit a little girl in Texas in 1918 - she died.

"A lot of people think you can tell a snake's age by counting the number of buttons in his rattlers. That's wrong. A snake puts on a button each time it sheds its skin; if a snake is eating good it will shed two or three times a year. You can come closer to telling a rattlesnake's size and age by figuring the width of his rattles.

"Now you take those little bitty rattles there, they come from the most dangerous rattler of them all - the horn rattlesnake. He's real dangerous because his buttons don't rattle."

Find Those Mavericks !

The following original R.G. Dunn 1912 statewide directories are available at \$25 each: Ark., Con., Del., Id., Ill., Ind., La., Maine, Md., Mass., Mich., Mont., N.H., N.J., N.D., Oh., Ok., Or., R.I., S.C., Vt., Wa., Wy., D.C. & entire Canada at \$75. Also the following Bradstreet 1931 at \$20: Ark., Ha., Id., Ill., Io., Ks., Mich., Mont., N. Dak., Ok., Or., Wa., & Wy. 20% discount on orders over \$100. As the prime value of this material is information rather than the books themselves. All sales are final. Will take trades of all better tokens.

Another Anne Arundel County Picker's Check Identified

Jerry Roughton

Knowing of my interest in the area of tokens, a fellow member of my local coin club showed me a set of strawberry pickers' checks once used by his grandfather that has now passed into his hands. According to my friend, his grandfather, William Shipley Chrisp, used the tokens around the turn of the century on a produce farm in the Anne Arundel county section of Maryland, near Brooklyn (MD).

All the checks examined are brass and bear the initials - W. S. C. (incused and struck on one side only). The set consisted of the following denominations:

1 round 20 mm	10 scalloped (12)	22 mm
5 octagonal 19 mm	100 scalloped (12)	25 mm

Other denominations are most likely, but these were the only pieces left to him.

To pursue my interest in these tokens for myself and friend, I borrowed a copy of "The Pickers of Anne Arundel County" by Mrs. Chipman W. Cunningham from the TAMS Library. The pamphlet on the checks of Anne Arundel is small in the number of pages, but is rich in background history of the pickers who travelled every season to the fields to pick the produce. Included is an "alphabetical index to picker's checks" with many pages giving bits of information on the checks indexed. No reference to the William Shipley Chrisp checks is made in the pamphlet so I am happy to add this new addition to the list of pickers' checks of Anne Arundel county thanks to my friend.

COLFAX FEED AND GRAIN COMPANY

This is a short history of the Colfax Feed and Grain Company which used a set of seven trade tokens. This business was located at Colfax, Washington and was established by Charles Wesley McFarland.

Mr. McFarland was born March 22, 1869 and died November 26, 1942 at the age of 73. He was married October 6, 1898 to Virta Elizabeth Phipps in Walla Walla, Washington. Mrs. McFarland was born December 26, 1878 and died Nov. 26, 1947.

The children born to this union were: Lawton W.; Dorothy E.; George G.; and Mildred S. Mildred is the only surviving child and resides in California.

After their marriage, Mr. and Mrs. McFarland lived in Pullman, Washington where he worked driving a dray team. In 1901 he worked for Michael Schulties at Uniontown, Washington. In 1902 he moved to Culesac, Idaho and farmed there for several years among the Indians. He later moved back to Moscow, Idaho and worked for the railroad there, building grade for the line to Riparia and up the Snake River.

In 1906 he moved from Moscow to Palouse, Washington. This trip was made over the Moscow mountains by covered wagon with the family milk cow following behind. Young Lawton had to encourage her from time to time with a switch.

After moving to Palouse, Mr. McFarland spent the summer at Fallon Station where he ran a warehouse for the Puget Sound Company.

Mr. McFarland also lived in the Viola, Idaho area for one year in 1909 & 1910. He purchased a half-section of land which he farmed. At that time, the country was wild and primitive. This section of land was purchased for \$15,000.00 and later sold for \$3,000.00 per acre. Part of the land was in timber, approximately half.

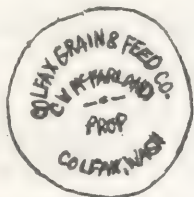

Back in Palouse, Mr. McFarland got his start in the warehouse business, and later bought the Potlatch railroad warehouses, plus a couple more in the town of Palouse. C.W. McFarland held the offices of Mayor, Police Judge and various other civic offices during the time he resided in Palouse. In the early days Palouse had a population of approximately 2,000 persons. The great flu epidemic of 1918 greatly thinned out the population of the town with the McFarland family losing a great many of their friends to the disease.

In 1919 the McFarland's sold their Palouse business to Mr. A.J. Webster, one of the company employees. At this time they moved to Colfax, Washington where they purchased the Colfax Grain and Feed Company from Fred Schreiber. Mr. McFarland struggled to keep the business operating from 1919 until the 1930's. In 1926 Lawton joined his father in the family business. During these difficult years they had two mill fires and went through two depressions. As a result the business was not too prosperous during this period.

The Colfax Grain and Feed Company operated a small store and two large warehouses. The business was located on the railroad tracks. The site of the former business is now the "Marina" across the street from the county courthouse in Colfax.

In 1941 C.W. McFarland suffered a stroke from which he recovered. While at work in 1942, he suffered a heart attack and passed away the following morning at the Colfax Clinic. Lawton McFarland inherited the business and continued to operate it until 1958, when it closed due to changing times and the end of an era.

The set of seven tokens pictured were used in the business of The Colfax Feed and Grain Company. They are in denominations of: \$5.00 -- \$2.50 -- \$1.00 -- 50¢ -- 25¢ -- 10¢ -- and 5¢. This set of tokens tells a legacy of a name that stands out in the Colfax community and the early day struggles to succeed, in the face of many hardships.

John Calhoun

ALASKA

Kaye Dethridge
P.O. Box 438
Sitka, AK 99835

I have in my files a letter from the late Harry Brown of Kobuk that I think you will find interesting:

Kobuk, Alaska 2/1/62

Dear Mr. and Mrs. Dethridge,

I'm glad that you received the tokens O.K. You would like to know something about Kobuk River-the river is about four hundred miles long and it has lots of fish in it. such as white fish, grealing, shea fish and salmon. There are about fifty natives living here also we have a school here. Not much gold mining but the Kennecott mining Co. is drilling for copper. They have five diamond drills running during the summer and have 45 men employed. They have been drilling five years and will drill again this coming summer. That helps the store here. I am not in the store business any more. I turned the business over to my daughter about eight years ago. I peddled beans long enough and am getting to old. I passed 85 last August. I came into the country in 1897. I bin all over Alaska. I used to get to Juneau every February. I was one of the Game Commissioners. There was four Game Commissioners when Alaska was a Territory, now when it got to be a state the Governor appointed ten Commissioner-political jobs. There is lots of game here such as Moose, Carabou, Ptarmigan and Rabbits. The Carabou are here by the thousands no closed season on Carabou males or females, never short of meat here. We had some cold weather this winter it get down to 64 below zero and we have about five feet of snow. That is about all the news.

Yours truly,
Harry Brown

A letter like this makes the tokens a more fascinating hobby. In one of Mr. Brown's previous letters, he states that he issued these tokens for a short time in 1931. He had five hundred dollars worth made at a cost of thirty five dollars. There were \$100 in dollars and \$200 each in halves and quarters.

Tenino Wooden Money Society 3rd ANNUAL SHOW September 16, 1978

10 a.m. to 5 p.m.

TENINO ELEMENTARY SCHOOL
MULTI PURPOSE ROOM
TENINO, WASHINGTON

TRADE TOKENS
WOODEN MONEY
COINS

JOIN THE BANK TOKEN AND MEDAL SOCIETY. FOR DETAILS WRITE JOHN D. MULLEN, P.O. BOX 4, NEWTON, MA 02158.

JOHN D. MULLEN IS CATALOGUING BANK TOKENS OF THE UNITED STATES ISSUED THRU 1940. JOHN'S LISTINGS WILL EXCLUDE ENCASED COINS AND WOODEN TOKENS.

* Read the classified section of members for exonomia listings, good trades, etc.

Walter Korszick, 85 Still Hill Rd., Hamden, Conn. 06518 has a thirteen page listing of FULD numbered tokens and other exonomia for sale.

STEPHEN ALPERT REPORTS THAT HE HAS FOUND A PUBLISHER FOR HIS NEW REVISED AMUSEMENT TOKEN CATALOG. IT WILL BE PROFESSIONALLY PRINTED AND HAVE PHOTOGRAPHS AND PROBABLY BE RELATIVELY INEXPENSIVE FOR AN ENORMOUS TOKEN CATALOG. HOPEFULLY, IT WILL BE RELEASED EARLY NEXT YEAR.

DON'T FORGET THE NSCA (SCRIP COLLECTORS) MEETING WILL BE HELD AT THE HOLIDAY INN IN CORBIN, KENTUCKY, SATURDAY, OCT. 7, 1978. "TIP" TIPPY REPORTS SOME SCRIPTORS WILL ARRIVE ON THURS. OCTOBER 5TH AND STAY OVER TO SUNDAY A.M. OCT. 8TH. TIPPY REPORTS THAT AT THIS MEETING A FEW SURPRISES AS TO THE MEETING FORMAT ARE PLANNED.

JIM WRIGHT AND LEE NOTT, AUTHORS OF THE COLORADO BOOK, STILL HAVE SEVERAL BOOKS LEFT IF ANYONE WANTS TO ORDER FROM THEM. HARDBOUNDS ARE \$13.50, WHILE LOOSE-LEAF CATALOGS ARE \$9.00 POSTPAID. YOU CAN REFER TO FORMER ISSUES FOR THEIR ADDRESSES.

August Fare Box features a page and one half of possible locations for unidentified transportation tokens. Can anyone add to the information already listed? (pages 95 -96). Besides other features Editor John Coffee has learned the quantities struck of transportation tokens struck by the Franklin Mint (page 98).

GARY PIPHER welcomes all to TMC's second tri-annual mail bid sale of 1,264 items of exonomia interest. Closing date is Sept. 2, 1978. Write TMC Coins and Collectables, Inc., at 455 Main St., Johnson City, New York for information on their upcoming third sale.

Sept. 5th is the closing date of PAUL CUNNINGHAM's Exonomia Auction Number 28. Almost 2,000 items are listed with a large selection of token books offered, too. Paul's address for future auctions is Box 1, Tecumseh, MI 49286.

TAMS JOURNAL AUGUST 1978 features several mail bid sales: Herbert Weiss; George Owen; Christensen and Stone; Dick McTighe; John T. Hamilton, III; Foster B. Pollack; and World Art Medals. Some outstanding tokens appear in some of these sales. An outstanding article on the Cotton States and International Exposition and its exonomia and memorabilia is authored by William D. Hyder and R.W. Colbert on pages 136-41, 173. Paul Cunningham and A. Bebees, Inc. offer an outstanding selection of token books in their respective listings.

Some unlisted Mexican Hacienda Tokens are listed and discussed by Gregory G. Brunk while Don T. Thrall presents a supplemental listing of encased postage store cards. Bruce Smith's article on a Chinese Coal Token and Arlie Slabaugh's request for certain listed specimens of encased coins round out a token-filled issue.

The 23 Aug 78 Coin World, page 41, gives the SRTC, Society of Ration Token Collectors, a nice write-up. For further information on the society, write Mrs. Jane Keel, 722 W. 5th St., Guyton, OK 73942.

Page 42 of the 23 Aug C.W. gives a full page spread of many tokens depicting the famous San Antonio mission, the Alamo. The article by William T. Gibbs lists many tokens portraying the Alamo and invites others to bring their specimens to light.

Lastly, page 43 of the above C.W. features a METCA member, Leslie Hill, one of Canada's foremost numismatists, who received the J. Douglas Ferguson award, highest honor of the Canadian Numismatic Association, at its 25th anniversary convention held in London, Ontario, July 28 - 30. Congratulations to Leslie for all of his contributions to numismatics and exonomia over the past many years.

Scrip Talk (NSCA) - Col. Caldwell's 50th Mail Sale, Spotlight on Tokens by Gordon Dodrill, an interesting story on The System Diesinkers by David Gladfelter, an absorbing feature on the Du Bois Clearfield Company of Pennsylvania by Thomas Shook, and other features highlight the Sept. issue of Scrip Talk. However, "all roads lead to Corbin, KY for the 11th annual meeting of NSCA.

METCA member, Ben Odesser, dealer in all kinds of tokens but collector of Jewish tokens and medals, lost his beloved wife, Sylvia, to cancer on July 29th in Chicago (Coin World, p. 22, Aug. 16th). Many members will remember Mrs. Odesser at coin shows and conventions and will dearly miss her friendliness and charm.

UPDATE ON ULATCO BUSINESS by Harry F. Campbell

It is with deep regret that I report the passing this summer of member Richard Smith, of Layton, Utah, after a long bout with illness. Richard, besides being an active member of U.L.A.T.C.O. (Utah La Vecturist and Token Collectors Organization) was a member of A.V.A. and M.E.T.C.A., and was known best for his extensive Utah Saloon token collection, saloon items, bottles, etc. Our deep sympathy to his wife, Rita, and young family is, I'm sure, extended by us all. He will be greatly missed.

Members of ULATCO met at member Roy Nulph's home in March of this year, but have been unable to get together recently due to vacations and business pressures. Members Bob Harris and Harry Campbell plan to attend the AVA Convention in Louisville, and look forward to renewing old friendships. I'm sure that we all look forward to the fall and to the upswing in token business. (Harry has been in Europe the past 1½ months. Thanks for the update on ULATCO).

ADDRESS CHANGES

John R. Shillinglaw, p.o. Box 1305, Jamestown, New York 14701.

Dan Benice, 9441 Bethany Place, Gaithersburg, Maryland 20760.

Additional Address Change: Floyd L. Holliday, 10063 Hidden Village Road, Garden Grove, California 92640.

Don't forget the Tenino Wooden Money Society Show, September 16, 1978, if you are in the western Washington state area. Some of the area's METCA members, i.e., Clarence Heppner, Al Nystrom, Eileen Dwelley, Bary Bender, and others will be attending. We will have our tokens with us, so those of you who can attend, please do so. It will be a fun day.

- NOTICE -

Clarence Heppner and I are contemplating on hosting a small token show in late October for Pacific Northwest collectors. The show will have a bourse and trading room, probably will be held at the Norselander Restaurant in Seattle on Saturday and Sunday. Food and drink will be available at the show. This will be a trial show for Northwest collectors - Washington, Oregon, and Idaho and others at a low cost (bourse fees). While we hope to meet in late October on the weekend, exact date has not been established. Being a two day show allows the collectors from the two or three nearby states to drive a distance of 300 miles and still be able to attend a good portion of the show. If you are interested in the show, please write METCA with your feedback. We hope to have several dozen collectors with a lot of material at a low cost, fun show. Tokens, medals, all exonomia, post cards, political items, pinbacks, etc. and coins will be allowed. Give it a thought.

ODD AND UNUSUAL TOKENS

NICKEL 25MM ROUND PLAIN EDGE

OBV Lyceum theatre/finest/Vaudeville House/on earth/
Chicago

REV laughing headquarters/burlesque/novelty/minstrels/
spectacular/comedy

This is not an uncommon token, however it exemplifies the charm reminiscent of early tokens. Note the Lyceum advertised itself as only the "best on earth"! Those reverse attributes, if true, must have brought many, many customers to the Lyceum during those pleasant late 1880's weekends!

ALUM 38MM ROUND PLAIN EDGE

OBV Burke Bro's/Liquor/Dealers/186½ S. Clark St./80
W. Washington St./Chicago

REV (Monogram center)Convention/souvenir/Chicago/
June 1896.

I have yet to see another such as this! More interesting than the obviously incongruous themes is the fact that Burke Bros. enjoyed a dubious reputation during 1890's Chicago! I tend to think that the Democratic convention workers were unaware of Burke Bros. or the token would not have been made! We know now that no politician of any stature would ally himself with any disreputable firm, let alone a liquor dealer!

ALUMINUM 29MM ROUND PLAIN EDGE

OBV Shine 10c straight/5/for 25¢/to/customers/Smerlies

REV Good at any stand/180/Monroe Ave./Market &/
Monroe./Division & Monroe.

Mr. Smerlie was quite an individual; issuing tokens for his many stands in Chicago during the early 1890's and offering them at half price for 5 shoe shines to his regular customers! This seems another "lost" type of occupation, unfortunately. The next generation won't remember the mirror finish that seemed to magically appear on our shoes in such a short time. I know a number of exnumists collect shoe shine tokens and this unusual piece should pique their interest as much as it does mine! Should readers own an interesting shoe shine piece I would be glad to feature it.

ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT
Box 471 Bensenville, Ill. 60106

ALUMINUM 25MM OCTAGONAL PLAIN EDGE

OBV Gilfrey & Newton/pure/ice cream/and/confectionery

REV Good for/5/one soda

Tom Wall attributed this piece to Macomb, Illinois during the late 1890's. I believe we all are apt to wonder what culinary delights would await us at an 1890's ice cream parlor! However, I've featured this token because one rarely sees ice cream, soda, confectionery and a denomination on one token. One feature I've noticed on most tokens from this small Illinois town about 125 miles North of St. Louis is the unusual amount of dated tokens. Fully half of the towns 19th century token emissions bear a date as well as the town name. The Gilfrey & Newton piece is the first Macomb, Ill. "maverick"!

BRASS 33MM ROUND REEDED EDGE

OBV J.H.Wilson Co. Chicago/(clock)/the/"Syracuse"

REV J.H.Wilson Co. 32 Dearborn St./the/Syracuse/
automatic/time/recorder/Chicago

Generally considered America's first storecard, the 1789 Mott token bears a picture of a fine old clock as do a number of tokens struck from 1850 to 1900. Only a few modern tokens bear clock portraits to my knowledge.

A collection of these pieces would be both visually & historically interesting. This is proven by the unusually fine die work characteristic of most clock pictorials. The rubbing does no justice to the token illustrated as it is quite handsome and a fine example of the die work of S.D.Children of Chicago.

I would guess that this piece was struck circa 1900-1915, however further investigation is needed to ascertain an exact date. I hope I am proven wrong, but I know of no exnumist who collects clock or pocketwatch pictorials and consider this unfortunate!

BRASS 20.5MM OCTAGONAL PLAIN EDGE

OBV Caravasios Restaurant/1/(head of Indian in head-dress)/Benwood, W.Va.

REV (Orco 2)

This interesting token is best described as a one cent, octagonal, Indian head pictorial & "restaurant" scrip combination! Perhaps a coal scrip collector reading this column will be stimulated to further research this piece! Unlisted in Don Edkin's fine work "COAL COMPANY STORE SCRIP" I would consider this token quite scarce. I have noted the reverse utilizing the National Scrip Collectors Association "Scripident" chart.

Pre-1925 Postcards Wanted

- * Colorado streetscenes (especially small towns)
- * Rodeo scenes (especially women in rodeo events)
- * Coal mining & lumber camps in Colorado
- * New Mexico & Wyoming streetscenes (pre-1916)

Trading Materiel

1. Hotel Dacoteh - Grand Forks, ND - (1910 postmark) - small tear
2. McDowell County Nat. Bank - Welch, W Va
3. Entrance to US Navy Yard - Bremerton, Wash
4. Pennsylvania Ave - Wash, DC - pictures streetcars
5. Public Library - Boston, Mass - (1906) - streetcar
6. Virginia St - Reno, Nev - (1909)
7. Pike Street - Seattle, Wash - 7 streetcars!!
8. Higgins Ave - Missoula, Mont
9. Miss Elizabeth Spencer - vocalist - CHURCHILL's - New York
10. Gilmore-Armstrong Co - Auburn, Nebr
11. W C Williams - one man band - Jamestown, NY

Postmarks

12. Albuquerque & Ashfork R P O - 1916
13. Lincoln, Nebr - Term. R P O - 1932
14. USS Independence - 1909
15. Stromsburg & Alma R P O - 1911
16. Marion & Omaha R P O - 1913
17. Omaha & Ogden R P O - 1908
18. Dev. & Kans City R P O - 1913

Others of Interest

19. Two cards from Philippine Islands - 1907 - both have stamp on front U S F S RAINBOW (not a postmark)
20. One card - Japan - 1902 - has stamp on front - U S S NEW YORK

Does anyone collect Coca-Cola bottles with raised lettering??
I have several from ND, SD to trade for cards, tokens, or sell!

Lee Nott PO Box 3130 Fairview Heights, Ill 62208

- * TOKENS
- * MEDALS
- * PIN BACK BUTTONS

Lee Nott P.O. box 3130
Fairview Heights, Ill. 62208

The O. F. Kelly set of tokens consists of five denominations - 5¢; 10¢; 25¢; 50¢ and \$1.00 values.

O.F. KELLY GENERAL MERCHADISE
DEER PARK, WASHINGTON
John Calhoun

P.J. Kelly, the father of O.F. Kelly, built the first store in Deer Park, Washington in '889.

P.J. Kelly was born 1858 and died 1908. His wife, Eva was born 1864 and died '907.

This picture is of the second store P.J. Kelly built in Deer Park. He moved into this store June 29, 1902.

O.F. Kelly was born in 1888 and died 1953. He inherited \$50,000.00 at his father's death. He then took over the store and renamed it the O.F. Kelly store. (This information is from an item taken from the Deer Park Tribune dated January 1, 1916)

Mr. Kelly was active in many civic organizations and other duties. He was elected president of the Deer Park Commercial Club, also served as mayor from 1919 to 1921. He also established the first bank in Deer Park. The First State Bank was capitalised at \$25,000.00.

He also had the cemetery, and at the time of his death he owned a full city block in town.

This is the history behind the O.F. Kelly tokens of Deer Park, Washington.

COKEDALE'S UNUSUAL TOKENS

Lee Nott and Jim Wright

Cokedale, Colorado, located in coal-rich Las Animas county, about eight miles west of Trinidad, was founded in 1906 by the Carbon Coal and Coke Company, operated by the American Smelting and Refining Co (ASARCO). By the end of its first year the community had been transformed from a tent city into a well constructed coal mining town, complete with hotel, mine office, store, houses, and construction was well under way for what would become 350 coke ovens. By 1909 the population had grown to 1500 people, and the mine was producing over 1400 tons of coal daily. Over the years the population fluctuated somewhat, decreasing to 500 in 1917, then increasing to 800 in 1926. During peak production the mine worked 150 men on each shift around the clock.

Contrary to many mining operations of this period, the company paid the miners in cash (usually gold), with scrip being used only as a form of credit. Although the company owned the town's main store building, David Gottlieb (Gottlieb Mercantile Company) leased it and was given sole control of its operation.

This town enjoyed good employee-company relations for several years, and the company worked to insure the families' well being during the Depression years. However, during World War II relations became strained; the company experienced a lot of employee unrest, and finally was forced to recognize the union as the employees' representative. In May 1947, strained by operating costs and Union demands, the company shut down its operations and sold all its properties. (Some of the information for this article was taken from the book - COKEDALE: 1907-1947 by Holly Berton)

The picture features (L to R) two unidentified buildings, the main office, bath house, boarding house, Gottlieb store (with balcony and large arched center window), Superintendent's house, and four of the "8-room" houses.

Almost all the tokens from Cokedale are mavericks with little identifying information. Of the four tokens illustrated, each of the two mining tokens is known to exist in more than 300 pieces. The "M" and Carbon Club tokens were used at J. C. Mitchell's saloon until Prohibition closed Colorado's saloons in 1915. In 1916 the Carbon Club became the Cokedale Social Club with a pool hall and card room.

Gastineau Bygones

Compiled By ROBERT DE ARMOND

(Juneau is approaching its 100th birthday. It was on October 4, 1880, that the first mining claims were staked in Cold Creek Valley, and on October 18 of the same year that a townsite claim was staked covering the present downtown Juneau. The first permanent settlers arrived in December, 1880. During 91 of its nearly 100 years, Juneau has had one or more newspapers. The bits and pieces of Gastineau Channel history presented here have been gleaned from those papers and, occasionally, from papers published elsewhere.)

JANUARY 19, 1909—Robert F. Stroud, 18, is in the federal jail charged with the shooting death of F.K.F. von Dahmer, 33, known in Juneau as Chas. F. Dalmer, a bartender at the Montana Saloon. The shooting occurred about 6:30 p.m. yesterday in the cottage where von Dahmer lived, on the lower side of Fourth Street between Franklin and Gold.

Stroud, who is nearly six feet tall and is sometimes known as Slim, came to Juneau from Cordova last fall. He came to Alaska in 1907 and in Katalla and Cordova he sold peanuts and ran errands for the women of the red light district and was known as the Peanut Kid. He brought with him from Cordova Mrs. John E. Dulaney who also went by the name Kittie O'Brien. She has been around the North since Gold Rush days, in Skagway, Dawson, Atlin, Ketchikan, Cordova and Katalla. She is known to have a proclivity for rolling drunks and is said to have been run out of both Dawson and Ketchikan. She and Stroud lived in room 12 in the Clark Building.

Information gathered by officers indicates that on Saturday Stroud arranged with von Dahmer for a visit from Kittie that evening. The two went to the von Dahmer residence and had some drinks with him. Stroud left after arranging that von Dahmer would pay Kittie \$10. Kittie returned to the Clark Building around 4 o'clock Sunday morning and told Stroud that von Dahmer had paid her only \$1. She urged Stroud to collect the other \$9 and allegedly told him to "Kill the Russian." Von Dahmer was born in Germany but grew up in Russia.

On Monday morning Stroud took the \$1 and bought cartridges for a .38 Colt revolver. That evening he went to the house on Fourth Street and entered when von Dahmer opened the door. A mo-

ment later there were two shots. These were heard by William Dickenson who lives next door. He stepped onto his porch and saw someone pull the shade in the window of the von Dahmer house.

A moment later Earle Hunter Sr. passed on the street and he and Dickenson saw Stroud leave the house. Both men recognized him and he told them "Everything's all right," and ran toward Swede Hill. Dickenson knocked on the door of the house but got no answer. He went to get deputy U.S. Marshal H.L. Faulkner.

While Dickenson was getting the marshal, Stroud returned to his room, removed the empty cartridges from the gun and replaced them. He left the gun in the room and went to find Police Chief J.A. Mulcahy, evidently realizing that he had been recognized. He found Mulcahy at Valentine's Jewelry Store and gave himself up. He told Mulcahy that he had shot a man in self defense. He said that when he asked von Dahmer for the \$9 owed to Kittie, the man reached toward his rear pocket and Stroud thought he was reaching for a gun. Mulcahy took Stroud to the jail then went to the Fourth Street house.

He arrived there about the same time as Faulkner. They entered the house and found von Dahmer's body. The pockets had been turned out but whether Stroud got any money from the body has not been learned. Kittie O'Brien was arrested as a possible accomplice but was so sodden with drink at the time of the arrest that she could not make a coherent statement. She also is in the federal jail.

(Note: Stroud passed his 19th birthday 10 days after the shooting. He was indicted by a Grand Jury for first degree murder but the following August he was allowed to plead guilty to manslaughter and was sentenced to 12 years in the penitentiary. Kittie O'Brien was acquitted. While serving his sentence, Stroud killed a guard and was sentenced to death. This was commuted to life imprisonment and he was placed in the penitentiary at Alcatraz. There he became known as The Birdman of Alcatraz.)

EDITOR'S ECHOES

IN MEMORIAM - THE BELOVED WIFE OF METCA MEMBER, BOB SOUTHWICK, FROM THE TRI-CITIES AREA PASSED AWAY IN LATE SEPTEMBER AFTER A BOUT WITH CANCER. MRS. SOUTHWICK WAS KNOWN TO MANY PACIFIC NORTH WEST COLLECTORS. MANY A TOKEN COLLECTOR FROM WASHINGTON OR IDAHO WOULD ENGAGE IN A FRIENDLY DISCUSSION WITH MRS. SOUTHWICK AT THE SHOWS AS SHE HAD A SUSTAINED INTEREST IN THE HISTORICAL ASPECT OF TOKEN COLLECTING. SHE WILL BE DEARLY MISSED BY US ALL.

MEMBER FORD KNIGHT, MONTANA COLLECTOR, REPORTS THAT HE IS UP AND ABOUT AFTER SEVERAL MONTHS OF INACTIVITY DUE TO A SEVERE CASE OF POISONING (FROM A LAWN APPLICATION). IF ANYONE HAS WRITTEN HIM SINCE LAST MAY AND HASN'T HEARD FROM HIM, HE APOLOGIZES AS HE HAS LOST ALL CONTINUITY OF CORRESPONDENCE SINCE THEN.

MR. AND MRS. RON BENICE FROM NEW YORK (RON IS AN ALASKA COLLECTOR) WERE IN SEATTLE IN SEPT. AND PAID YOUR EDITOR A VISIT ONE EVENING. CLARENCE HEPPNER, MY WIFE AND I, and THE BENICES HAD A NICE CHAT OVER A NICE CHINESE DINNER. IT WAS A DELIGHT MEETING THE BENICES.

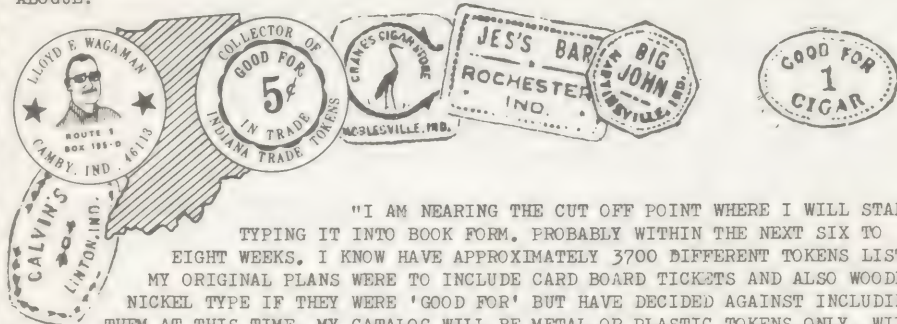

CLARENCE HEPPNER AND I HAD A NICE VISIT WITH TERRY TRANTOW, LUMBER TOKEN CATALOGUER, DURING THE MONTH IN ELLENSBURG ON OUR WAY TO LEWISTON, IDAHO. TERRY IS TRYING TO GET HIS CATALOGUE PUBLISHED AFTER A STALL BY ONE FIRM INTERESTED IN PUBLISHING HIS MATERIAL. TERRY IS STILL ANXIOUS TO RECEIVE RUBBINGS, NEW FINDS, ETC. REPORTED TO HIM FOR THE CATALOG.

ENJOYED A NICE DAY AT THE TENINO WOODEN MONEY SHOW IN MID SEPT. AFTER SEVERAL HOURS OF BOURSE A NUMBER OF US WERE TREATED TO A LOVELY DINNER AT ART AND EILENE DWELLEY'S HOME. METCA MEMBERS, MR. AND MRS. GLEN RHOME, MR. AND MRS. AL NYSTROM, CLARENCE HEPPNER, DOUG RICE, BLAKE GODFREY, LEONARD CARNEY, MR. AND MRS. DWELLEY, AND MIKE PATTON ATTENDED THE SHOW IN TENINO. BILL FEIST FROM SANTA ROSA, CALIF. DROVE 700 MILES TO ATTEND THE SHOW. BILL, A DEALER IN WOODEN MONEY, (PUTS OUT THE WOODPILE NEWSLETTER FOUR TIMES A YEAR, LISTINGS AT FIXED PRICE WITH TRADE PROVISIONS - P.O. BOX 2811, SANTA ROSA, CALIF. 95405) LOADED UP ON WOODEN ITEMS FOR HIS CLIENTELE.

METCA MEMBER, JOHN MUTCH, AND HIS WIFE VISTED YOUR EDITOR IN LATE SEPTEMBER WHILE ON A SHORT VACATION TO SEATTLE TO SEE KING TUT. WE HAD A NICE TIME GOING THROUGH POSTCARDS, DISCUSSING TOKENS, AND ALL. JOHN, IDAHO TOKEN CATALOGUER, WAS ABLE TO VISIT WITH A FEW MEMBERS ON THE TRIP. FOUR OF US DROVE TO VANCOUVER, WASHINGTON, IN LATE SEPT. FOR THE COIN SHOW TO PERHAPS SEE A FEW OREGON AND WASHINGTON COLLECTORS AT THE SHOW. CLARENCE HEPPNER AND I MANAGED TO FIND GENE KIRSCHTEN AND SECURE A FEW TRADES. MR. AND MRS. AL NYSTROM ACCOMPANIED US TO THE SHOW.

DON'T FORGET TO ATTEND THE OHIO TOKEN SHOW ON OCTOBER 28TH. THE CALIFORNIA BUNCH WILL PROB. BE ATTENDING THE CAL. ST. NUM. ASSOC. SHOW OCT. 27 - 29TH IN LOS. ANGELES. WE TRUST THE PACIFIC NORTHWEST COLLECTORS WILL VENTURE FORTH TO SEATTLE FOR A TOKEN KLATCH, OCT. 28 - 29TH IN SEATTLE. THE TWO DAY SHOW WILL BE OUR FIRST SHOW IN THE AREA FOR TOKEN COLLECTORS.

INDIANA MERCHANT TOKEN CATALOGUER, LLOYD E. WAGAMAN, ROUTE 1, BOX 195D, CAMBY, INDIANA 46113 REPORTS THE FOLLOWING REGARDING THE PROGRESS OF THE INDIANA CATALOGUE:

"I AM NEARING THE CUT OFF POINT WHERE I WILL START TYPING IT INTO BOOK FORM. PROBABLY WITHIN THE NEXT SIX TO EIGHT WEEKS, I KNOW HAVE APPROXIMATELY 3700 DIFFERENT TOKENS LISTED. MY ORIGINAL PLANS WERE TO INCLUDE CARD BOARD TICKETS AND ALSO WOODEN NICKEL TYPE IF THEY WERE 'GOOD FOR' BUT HAVE DECIDED AGAINST INCLUDING THEM AT THIS TIME. MY CATALOG WILL BE METAL OR PLASTIC TOKENS ONLY. WILL HOPE FOR ANOTHER BOOK LATER ON FOR THE WOOD AND CARDBOARD, OR WILL MAKE MY INFO AVAILABLE TO ANOTHER CATALOGUER THAT MIGHT WISH TO CATALOG THIS CATEGORY. I HAVE APPROXIMATELY 350 CARD BOARD AND WOOD LISTINGS. I SINCERELY APPRECIATE THE INFO AND RUBBINGS I HAVE RECEIVED FROM METCA MEMBERS. PLEASE KEEP THEM COMING BECAUSE ALL LISTINGS I HAVE WILL BE INCLUDED RIGHT UP TO PRINTING TIME. ONCE I START TYPING ALPHABETICALLY EACH LETTER WILL BE FINISHED AS FAR AS A CATALOG NUMBER IS CONCERNED BUT WILL STILL BE LISTED IN SEPARATE ADDENDUM 'TOO LATE TO CLASSIFY'."

ANNOUNCING THE BANK TOKEN SOCIETY

VOLUME 1, NO. 1 OF THE BANK EXAMINER, QUARTERLY PUBLICATION OF THE BANK TOKEN SOCIETY, REACHED ME A FEW DAYS AGO. JOHN D. MULLEN, EDITOR OF THE STATED THE LONG RANGE GOAL OF THE SOCIETY IS THE CATALOGUING, THROUGH RESEARCH, OF EXONUMIA ISSUED BY FINANCIAL INSTITUTIONS. THE SOCIETY PUBLICATION WILL BE ONE OF THE VEHICLES USED IN THIS ENDEAVOR. THE FIRST ISSUE FEATURES AN ARTICLE ON WEST VIRGINIA BANK TOKENS AND MEDALS AUTHORED BY TOM HITT, AND A PRIMER ON BANK TOKENS AUTHORED BY PAUL CUNNINGHAM. THE SOCIETY WILL HOLD ITS FIRST MEETING ON SAT., OCTOBER 28TH AT THE GAYLOR LIPSCOMB SHOW IN ENGLEWOOD, OHIO. TOM HITT WILL HOST THE BTS MEETING. BTS DUES ARE \$3.00 A YEAR. Interested parties should write: JOHN D. MULLEN, P.O. BOX 4, NEWTON, MA 02158 OR TOM HITT, P.O. BOX 970, DEF- IANCE, OH 43512.

ARIZONA WOODEN MONEY AND COMMEMORATIVE ISSUES BY DOTTIE DOW & H.C. SCHMAL

RELEASED AT ANA ON AUG. 26TH - THE BOOK IS HALF SIZE OF 110 PAGES. THE FIRST 55 PAGES GIVE THE DATA OF THE ROUND, AND A FEW FLATS, OF THE WOODEN ISSUES (ABOUT 600), NEXT 5 PAGES ARE THE REVERSE PLATES USED... NEXT 12 PAGES SHOW THE SAMBO COFFEE CHIPS, NEXT THE 42 ISSUES OF ARIZONA HISTORICAL WOOD, 1970 - 1978, NEXT THE 30 ISSUES OF KACHINA DOLLS...NEXT THE 6 SPECIAL ISSUES, NEXT THE 21 ISSUES OF DOTTIE DOW MINI WOODS AND THE 7 DOW HANDSHAKE WOODS.....

IN THE 55 PAGE SECTION, THE DATA ON THE WOOD IS GIVEN AS IT READS, WITH THE REVERSE, MINTAGE, AND DATE OF THE ISSUE... ISSUES THAT WERE SOLD ARE SO NOTED BY ISSUE PRICE, A SUGGESTED PRICE GUIDE IS GIVEN AS TO MINTAGE AND YEAR OF ISSUE....

THE BOOK IS THE RESULT OF OVER TEN YEARS OF RESEARCH AND COLLECTING BY THE AUTHORS, WITH THE HELP OF THE MEMBERS OF AES, ASNA, PHX COIN BOURSE, AND HUNDREDS OF FOLKS THAT ATTEND THEIR SHOWS.

ODD AND UNUSUAL TOKENS

ALUMINUM 31MM ROUND PLAIN EDGE

OBV Knickerbocker/Jewelry/Co./incorporated/capital
\$300,000.00/sixth ave./& 16th street/New York

REV This charm/-if-/carried in the/pocket prevents/
bald heads,hard work/love,warts on the nose/
swelled head,insanity,/unhappy marriages/auto
mobile face,/dark brown taste/delirium tremens/
and punctured/-tires-

METCA member and avid Bi-metal collector Rocco Di Giacomo of New Jersey sent these two excellent pieces, the Subway Cafe & Knickerbocker Jewelry tokens.

The Knickerbocker Jewelry Co. was not alone in utilizing this fascinating reverse die as 2 other merchant cards bear the same wording. This piece would probably be desirable to many collectors of "charm or "cure-all" type tokens. Note "automobile face", this could refer to the way early drivers looked after an early automobile outing. Only muddy, dusty trails existed during the first years of driving and roads as we know them were almost non-existent. This fact gives us a clue to the date of issue, circa 1905 - 1915 or thereabouts.

COPPER/BRASS BI-METAL 35MM ROUND PLAIN EDGE

OBV Subway Cafe/(star)/1935/Chicago

REV Longest bar in the world/25/Schlitz

This is no ordinary bi-metallic token! The center strip (drawn over the rubbing) indicates a copper strip in the middle of a brass planchet. The Subway cafe issued many common tokens however I have seen only 3 or perhaps 4 of these pieces offered during the past decade, all in mail auctions. I believe it to be quite scarce but not rare. As in most cases, desirability outstrips availability so I would guess more pieces reside in private collections.

METCA MAVERICK editor and co-author of "Colorado Tokens" Lee Nott found this interesting probable canteen token at a flea market near St. Louis.

Mike Pfefferkorn is starting to catalog Missouri tokens, and knowing Mike he'll probably check this one out and let us know about it should it be from Missouri! Thanks to Lee for sending the token and I hope METCA readers will submit to Mike rubbings of Missouri tokens with concise descriptions. We all know how "state" catalogs help us!

Story Inside

The Pacific Northwest Token Jamboree held in the Music Room of the Norway Center on October 28th and 29th, 1978, proved to be a grand success in light of a few cards stacked against us.

Most of the problems we faced were self-imposed for the most part due to the sudden brain-storm of putting a show together before the year ended. We in Washington have been rather behind the eight ball as far as being a vocal group (compared to Oregon and California), although Seattle had the earliest transportation token group in the nation and we have the Northwest Token and Medal Society, organized since 1967, we have METCA located here, a former TAMS president who is still very active, Byron Johnson, and a former AVA vice-pres. Clarence Heppner, who keeps us all hopping though he is nearing seventy years young. With our aforementioned back seat attitude so pervasive, Clarence Heppner and I (Bary Bender) decided to co-host the JAMBOREE, he a representative of the Northwest Token and Medal Society, and we as a representative of METCA. Being close friends we felt it was incumbent on our part to have a token gathering before another year passed by without anything more than a local get-to-gether. With the cessation of the outstanding Feisel "Western Token and Medal Jamboree" and the demise of the Oregon Token Society due to the relocation of the ever-active Jim Millard and the death of Clancy Riggs and retirement and sell-offs of senior Oregon collectors and collections, we felt we had to act fast to gain some collective response and sustained growth in token collecting interest. With shows (coins) booked all over the state we tried to pick a date which would not conflict with a local show within a hundred mile radius and also a date which was no later than November (to avoid any problems with snow in the pass coming into Seattle). We chose October 28th and 29th for these reasons. We do apologize to the Centralia show (approx. 100 miles away) if they feel we acted unwisely in our date selection, however, no malice was intended. Furthermore, we made this a token show with a minimal amount of coins to purposely avoid any conflict whatsoever. I might add, though, that it is virtually impossible to set a date for a show which won't conflict with someone's schedule.

The necessity of not letting another year pass by without a token gathering was tantamount in our mind hence this dictated a rather hasty advertising campaign. We know and apologize for the suddenness of this show. We knew our action would conflict with many prospective visitors, however, we went ahead with the intent of capturing collectors from the states of Alaska, Washington, Oregon, Idaho and Montana (and other western states if possible).

The show was greater than our expectations. As co-hosts to the show - Clarence Heppner and I wish to thank each and everyone of you who attended the show and those who supported us in other ways.

Though the two days of the show proved to be filled with anxious trading and all, the event was somewhat tarnished by the death of Dorothy Heppner, beloved wife of Clarence, co-host of the show, the day after the show.

SUMMARY OF THE TWO DAY SHOW

Friday nite I picked up John Mutch, Idaho token collector and cataloguer, at the airport where we proceeded to meet Clarence Heppner and Al Nystron, wooden token collector. Al was kind enough to pick up showcases from the University Coin Club in Seattle for the show.

We'd like to thank the University Coin Club of Seattle for the loan of its cases for the show and its support of the show i.e., attendance of their members at the show, use of their cases, use of some of their equipment, and Marge Farnam for noting the show in the club's newsletter.

Friday night the four of us got the bourse setup arranged in order. Thanks go the Northwest Token and Medal Society for use of their official table cloth with its logos for the reception desk.

Saturday morning found many anxious collectors waiting for the bourse dealers to set out their merchandise. Two of the state of Washington's real club work horses - Nina Nystron from Seattle and Irene Alexander from Spokane - received the collectors at the reception desk. Together they signed in everyone attending the show, passed out the 1977 ANA METCA token, sold raffle tickets for the hourly door prizes among other duties. They manned the reception desk for the entire duration of the show and kept the book keeping, financial dealings, and hourly drawings in fluid order. We thank them for an outstanding job in a time demanding job.

For the two day show - Sat. 10 A.M. - 9 P.M. and Sun. 10 A.M. - 5 P.M. - we had approx. 100 people attending the show. Of this total, 85 per cent were token and medal collectors while the remaining 15 per cent were post card collectors. Almost everyone attending the show were die-hard collectors, so business was brisk at the various bourse tables and trading sections.

Noon on Saturday was the liveliest hour of the show as many of the out of state collectors arrived with their trading stock. I tried to introduce as many collectors to each other as possible to each other, however, I rarely was able to get away from my table (as it was stationed near the reception desk).

One of the real joys of the show (expressed to me by many attending the show) was the chance to meet collectors in person. Mant had traded for years without having met each other.

Harry Campbell's arrival at the show (Utah collector from Salt Lake City) precipitated brisk activity - a flurry of wheeling and dealing - as Harry was only attending between flights and the Idaho collectors seized the opportunity to make several trades with him. Harry wasn't wasting a minute getting around to the bourse dealers for Utah material. Many collectors attending the show expressed to me their joy at meeting Harry. Thanks Harry for spending several hours with us! You made an impact on the show.

Others who made long journeys to the show included Joe Smith and Lorin Cranson, Alaska collectors from Juneau. Joe was down a week early on business and found time rounding up Alaska material before the show commenced. Lorin was down a few days before the show, flew home for a few days and flew back for the show. Now that is an interested collector! David Fronius from Anchorage made it to the show, too. These three were able to meet Alaska collectors, Mary Kopanski, Jim Goff, Lew Egnew and others. All expressed how nice it was to meet collector friends. Lew Egnew, Bob Keck, Mike O'Hara, Gene Kirschten and others had Alaskan material at the show for sale and trade. David set up a bourse on Sunday so we had a fresh input of Alaskan material for that day.

Our thanks go to Clarence Heppner, Al Nystrom, W.W. Walker, Mike O'Hara, Eric Johnson, Lew Egnew, Leonard Carney, Bill Tribou, Mike Patton, Bob Keck, Earl Campfield, Ed Saunders, Ed Benner, Ralph Burry, Norm Williams, David Fronius, Don Ruzicka and myself who had bourse tables at the show.

Bob Keck, Leonard Carney, and Ed Saunders had material available Saturday at the show while Ed Benner, David Fronius, George Gould and Don Ruzicka had fresh material on Sunday.

Mike Patton wasn't able to attend the show, however, he kindly applied his bourse fee for raffle tickets to support the show. This kind of support was greatly appreciated.

Bill Tribou, Bellevue coin and token dealer, wasn't able to attend the show either, however, he trusted his four binders of tokens with me at the show so the collectors could examine his merchandise. Thank you, Bob, for your support.

Ralph Burry and Norm Williams, respected numismatists and exonumists from Canada, attended the show and had a bourse. Ralph sold a large Washington state collection and Norm offered dealer lots as well as some nice individual tokens. Thanks to our Canadian members who made it down for the show.

Thanks goes to Earl Campfield, Clarence Heppner, METCA and myself for donations for the show's hourly drawings. Thanks to any I failed to mention for your donations, too.

Regarding the raffle drawings - which Nina and Iren handled so well - the top prize was a set of the Sheppard Trading Company, Inc. set of six tokens from Mountain Village, Alaska. The set catalogs over \$90.00 in the Green Book. The prize was donated by Clarence Heppner and won by Martin Kenney, Arizona and Nevada collector, who moved to Olympia, Wa., last year from Arizona. It was nice meeting Martin at the show. I know he made a few trades at the show, met a lot of new collectors, and now he has a handsome set of Alaska tokens he can use to trade for his primary interest.

The second grand prize was a silver 1964 New York Silver Medallion donated by Bary Bender. This silver prize was won by Del Cushing of Seattle.

The third prize was a heavy duty 1927 advertising mirror won by Mark Lorrain of Seattle. Bary Bender donated this prize.

Other drawings for exonomia items donated by various people were won by David Fronius, John Mutch, Joe Smith, Sandy Rosenblatt, Nina Nystrom and others. Some were double winners.

METCA donated a free full page ad every hour of the show. Many METCA members won ads during the show. John Calhoun, collector of Wash. and Idaho tokens, from Post Falls, Idaho, for example, won six of the first eight drawings. I accused him of giving my daughter,

Diane, some candy for the number of times he was drawn. John was kind enough to turn in some of lucky tickets for the benefit of others attending the show. METCA also donated a full page ad to all METCA members attending the show and to all METCA members who had bourse tables at the show. So really everyone attending the show who was a member walked out a winner. If some of you got away without at least one full page ad, let me know. In addition, METCA people took advantage of the opportunity for free back issues of Trade Token Topics. Mant took home as many as fifty back issues at no cost. Thanks goes to my wife, Jan, for all her efforts at the show. She rendered the necessary help I needed to free me for host activities. I'd like to thank John Mutch, too, for all his help in getting METCA material to the show.

I think those who attended the show walked away satisfied. Besides all the gratuities, a lot of collectors got a chance to meet one another, a lot of material was sold at the show, a lot of material was traded at the show, and a lot of socializing was in order.

After Bob Keck, Leonard Carney, and Ed Saunders closed their bourse tables Saturday to return home, we were delighted to have Don Ruzicka, Walla Walla coin and stamp dealer and collector of WW material, arrive at the show after a five hour drive. Don stayed a few hours after selling some fresh material (tokens and postcards). Ed Benner, token dealer from Yakima arrived Sunday morning, too, after a two hour drive over the pass. He was immediately swarmed as he had some nice Oregon material in his large stock of tokens. David Fronius set up Sunday after meeting collectors on Saturday.

Thanks are in order to W.W. Walker, Lynnwood, Washington dealer in stamp and numismatic material (see his ad in the classified section), for providing snack foods on Saturday and lunch snacks on Sunday.

Dealers who had postcards at the show were Bob Keck, Lew Egnew, Don Ruzicka and myself.

Material available at the bourse consisted of tokens, medals, postcards, stamp and coin supplies and periodicals, mirrors, exnumia books, spoons, novelties, etc.

Lew Egnew was the busiest dealer at the show as he had over 5000 tokens from the western states for sale or trade. Needless to say, Lew had a difficult time getting away from his table to look for tokens, however, I am sure he managed many nice trades. Lew's wife, Helen, who enjoys pinbacks of all types had some nice duplicates for sale. Lew, by the way, was kind enough to allow John Mutch, Idaho token collector and cataloguer, to photograph his Idaho collection (John was several hours at that project). Wally Stier, Idaho collector now residing in Everett, Washington, Mike Fritz, Idaho collector from Rathdrum, Idaho, and Gene Kirschten, an Idaho collector from Elgin, Oregon, also cooperated with John. John was able to photograph over two hundred tokens from the various collections gathered at the show. Needless to say, he was extremely pleased with the cooperation of the collectors at the show. This type of cooperation was the principal aspect of token fellowship I was gratified to observe.

Terry Trantow, lumber cataloguer, was present at the show on Saturday. He was pleased to meet Jon Aho, Oregon collector, from Astoria, Oregon who ventured up to the show with his son, Bryan. He also enjoyed meeting Harry Campbell at the show. Terry reported to met that he picked up many new pieces, including a new Oregon City for his Oregon collection. Please note a report on Terry's new catalogue elsewhere in this issue.

Wally Stier and his wife attended the show after a hiatus from the token collecting. The Idaho "gang" at the show expressed great joy at seeing Wally again and catching up on the Idaho scene. Wally reported meeting a lot of people he has traded with over the years, and was one of many who wrote a nice letter to Hepp and me thanking us for the work we did to bring about the show. These letters, by the way, will weigh heavy with Hepp and me when we consider a bigger and better show in 1979.

Bob Farrell, Seattle collector, reported adding twenty new tokens to his collection and seeing many more he would have liked to own, however, he reached his spending budget set for the show.

I was delighted to meet most of you attending the show, however, I must apologize to some whom I intended to chat with but never quite had the time to do. Kenny Kriete, Washington collector from Ephrata, and Max Heinzmann, Washington collector from Tacoma, were two collectors I really didn't get much of a chance to chat with. It was nice to meet many of you again i.e. Jon Aho, Mike Fritz, Wally Stier, and others after quite a spell.

I enjoyed dining with Gene Kirschten and John Mutch on Saturday night and again Sunday morning. We had a chance, both times, to solve the world problems - oh!

Thanks again to Mr. and Mrs. Alexander from Spokane for all their help at the show. Irene, club "kingpin" in the Inland Empire and former TAMS Librarian for years, assisted Nina Nystrom all hours of the show. Bob was able to pick up several postcards of Spokane.

A big, big thanks to Al and Nina Nystrom for all their efforts at the show. They were involved in the setting up of the show to the final cleanup, and all the hours of the show. Without club workers of their stature, successful shows are doomed.

Thanks goes to my family for all their assistance at the show and for all the preparation necessary for the show. My wife, Jan, spends many hours a month in the preparation of Trade Token Topics, and, quite frankly, gets very little credit for all the work she does.

Thanks, too, are in order to Clarence Heppner, co-host of the show, who put in many laborious hours preparing for the show while nursing his sick wife. Hepp has been a bourse chairman for over thirty years in this area (even for AVA in Seattle), and he certainly knows how to get the job done. Thanks, Hepp.

Byron Johnson, former TAMS president and ANA Board of Governor, was present at the show on Sunday and managed to find a few exonumia items and meet a lot of friends. Byron, is so very active on the local scene, being editor of most of the coin clubs in Seattle as well as editor of the newsletter of the Northwest Token and Medal Society. He spearheaded the new catalog on Washington state scrip which will be available shortly. (I will have exact details in the next issue of TTT).

TAMS member, Lea Hornbeck, attended the show Saturday morning. Lea, from Washougal, collects tool checks.

George Gould, Montana cataloguer, was at the show and stated that the catalog on Montana is at the printers.

The Romes, Glenn and Audrey, were active at the show - Glenn is cataloguing spinners, collecting Washington state Depression scrip, and parts of Montana (also an ANA district rep.) while Audrey purchased some advertising mirrors. The two are among Seattle's most loyal club supporters.

It was nice Leonard Carney at the show. Leonard and his son managed to sell some nice tokens and secure some trades. Leonard is one of many Grays Harbor collectors - the second hotbed of token activity in the state after Seattle.

Ralph Burry and Norm Williams and a few of us had a nice chat about the direction of mavericks. It was a general consensus that more has to be done, and that the next show will provide time for maverick attribution. A lot of useful input was garnered for future consideration.

Some of the local Seattle contingent who are active in exonumia matters who attended the show were: Les Albright, Noland Cook, Tom Harris, Gus Nilson, and Tom Sheehan. To others who attended whom I missed, I apologize. I think between Hepp and me we managed to meet or chat with everyone.

All in all, we had a swell time and Hepp and I would like to thank each and everyone of you who attended the show and supported us with our first attempt at a jamboree. While we didn't have display set-ups, display awards, education seminars, etc. we did get the ball rolling, and we will endeavor to improve the show in the future. I do think we successfully got the ball rolling in the right direction.

After reading about the token jamboree you might well disregard reading anything else I write. I was rather long-winded (as usual) out of excitement about the show and because I like to write about the membership.

This will be a double issue. I got behind during the summer when I worked out of town for a month. Due to the time it takes to get this monthly newsletter out and the length of time to receive members' classified ads, etc (because of the mail service) it is virtually impossible to get caught up on a regular schedule. I have increased the number of pages per issue so drastically since I have taken over (and with a much higher postage cost) that I don't feel too guilty about this situation. Besides, this issue will be quite lengthy, long enough to make up for two issues. I trust this will be acceptable to the membership.

I am hopeful the December issue will include a membership roster. This roster will be by membership number, so hopefully, someone out there will work with it and arrange a roster by state and/or collecting roster and re-submit it to me.

***** IN MEMORIAM *****

Dorothy Heppner, beloved wife of Clarence Heppner for over forty - four years, passed away the day after the token jamboree held in Seattle, Washington. The Heppners operated a stamp shop in Seattle for a number of years, a gathering place for token collectors living in the area and visiting outside the area. Many of you who have visited the shop will remember Dorothy. Over the past eight years we shared a lot of warm moments with Dorothy and Hepp - dinners were frequent as were gatherings at the house. Besides being a stamp dealer, Dorothy was an active DAR working on genealogy, an active, talented crafts person, collector of silver spoons and windmill postcards, and at times she helped get Trade Token Topics out. My family will dearly miss her.

***** TOKEN HAPPENINGS *****

The Sept. 1978 Fare Box features a jumbo issue highlighting the AVA Louisville Convention among other happenings. Other articles feature a report on a goodly number of new finds during the summer; an excellent article on the Leamorande Livery - Oconto Falls (Wisc.) by Gerald Johnson; an article on Turnstile Fare Collection by Jim Wilcox; the regular features; and a large number of short articles accompany this issue.

Stephen Alpert and Kenneth Smith, ever-active exnumists and cataloguers, have completed work on a revised comprehensive amusement token catalog. The catalog will list over 8,000 tokens and should be available by mid 1979.

The Vol. 6 Number 58 issue of Scrip Talk features notes on the Houston TAMS meeting; a special feature on J. J. McAlester by Paul Nesbitt; Notes on the Fall Meeting at Corbin, KY; Col. Caldwell's Mail Auction Sale Number 51; and an excellent new feature - "Spotlight on Tokens" by Gordon Dodrill. The latter column features different tokens and gives atlas and directory background on coal and lumber companies, i.e., ownership, tokens issued, etc.

TAMS Journal, Oct. 1978, features a bonus issue - Magicians' Tokens and Related items by E. William Kuethe, Jr. This catalogue features an illustrated check list with rarity and value tables. Classification of tokens and related items have been divided into six categories: magician tokens; association pieces; plain discs; plated coins; machine stamped tokens; and mirror cards, each of which is described separately.

The regular issue contains an article on Brooklyn Bridge Exnumia by Bob Lemke; A So-Called Dollars Update by Arlie Slabaugh; Middle Tennessee Tokens by Paul M. Dillingham; an article on a Wisconsin Civil War Merchant, Stiles, by

Gerald Johnsen entitled "A Token Reminder"; an article entitled "French Medal for Black Americans" by Ore Vacketta; Embossed or Shell Storecards by New York token dealer, Gary Pipher; Lew Ferguson's Maverick Section; Soap Token Supplement by J. W. Baum, and a number of exnumia mail bid sales.

I thoroughly enjoyed the articles by Paul and Gerald. "A Token Reminder" (title of Gerald's article) befits a proper title for "the story behind the token" or as Paul says, "thereby hangs a tale..."

Paul's intent (in writing the article) - "It is my hope to enrich the field of token collecting by encouraging those who possess these or related items to research the stories behind them".

Both articles attest to this intent. I encourage more members to relate "the story behind the token" as members Jerry Roughton, John Calhoun, Ray Mansfield, Kaye Dethridge and others have done in past issues. Ed.

27 Sep. 78 Coin World: p. 13 features the mintage of bronze and silver medals struck for the first 20 medals issued/struck originally in the decade 1930 - 40 of the Society of Medalists, The Danbury, Conn., group dedicated to fostering excellence in American medallion art; p. 14 features Dealer Hank Spangenberg and a rare gold Apollo medal to be sold at ANA; p. 30 features a photo of CWTS at ANA and an article on the progress of the fourth edition of Fuld's Patriotic Civil War Tokens (99% completed reveals Richard Rossa, CWTS president); p. 44 features national club roundup i.e., METCA, TAV, IOWMC, SRTC, etc.; p. 56 has a SRTC photo of librarian, Karla Galindo's collection of WW II ration cook books and a photo of SRTC president Frank Galindo; p. 56 has Scrip Club - NSCA article on the October 7th show; p. 65 has an Elongated Club article; p. 66 has a TAMS article honoring writers, cataloguers, with photos of new officers; p. 68 exnumia exhibits frequently have errors - full page article in Collectors' Clearinghouse; p. 91 features National Club Roundup with comments on the rare Lorena token, NSCA, and the newly formed Bank Token Society.

4 Oct 78 C.W.: p. 28 TAMS Journal features exposition story - The Cotton States International Exposition featured in the August issue co authored by William D. Hyder and R.W. Colbert. Other articles summarized.; p. 48 features an article and photo of Steve Tannenbaum and Richard Rossa entitled Collectors Merge Interests.; p. 60 article on "Token Attributions often difficult task" in Collectors' Clearinghouse - some photos of tokens owned by METCA members Stanley Buckley and R. W. Colbert.

11 Oct 78 C.W.: p. 64 Ford Motor Co.'s 75th Anniv. medals; p. 62 Tom Delorey's Collectors' Clearinghouse features an article on "popular Sports Medals New Field".

18 Oct. 78 C.W.: p. 13 article in fond remembrance of Jerry Bates who fostered the Ration token collecting hobby.; p. 50 features summary of the Copperhead Courier, official quarterly publication of the Civil War Token Society, with emphasis on the Lorena Furnace Salt Works Token.; p. 60 - Wooden Token Roundup - member Al Zaika issued a wood flat comm. his railroad service.

1 Nov. 78 C.W.: p. 30 - Highlights of 25th Mail Bid Sale prepared by Presidential Coin and Antique Co., Inc. of Alexandria, VA, 6204 Little River Turnpike, and 18 page list of exnumia items of Bill Williges, P.O. Box 445, Wheatland, CA 95692.; p. 60 has an article on the complete historical study of the 1849 gold coinage of Oregon - "Tales of the Golden Beavers" by Dudley McClure. 64 page monograph features a series of 5 studies Dudley presented in Coins magazine. The Tales of the Golden Beavers may be ordered for \$3.50 from Golden Beavers, Coins Magazine, Iola, Wisc. 54945.

In colonial Virginia tobacco was used as legal tender - carpenters to get 30 leaves per day's labor, workmen 15 to 18.

Received N. R. Mack's 1600 exonumia lot - mail bid sale - with a closing date of 30 Oct 78. While this is too late for the membership to participate in, Mr. Mack needs lots for future sales. For more info. contact N. R. Mack at P.O. Box 395, Goose Creek, S.C. 29445.

With the completion of the June and Sept. issues of Totem Topics, quarterly publication of the Northwest Token and Medal Society, edited by Byron Johnson, former TAMS president, the catalog on Washington state scrip is now available for ordering at a cost of \$5.00.

The July 29th issue of Numismatic News Weekly featured an excellent article on Tenino Wooden Money. Dudley McClure, retired newsman takes great pleasure in researching the story behind Northwest numismatic items. Editor Byron Johnson of Totem Topics relates Dudley has written articles on the Ft. Vancouver Commem. half, the Steamship Beaver Medals, Tenino Wooden Money, Oregon gold, and other Northwest items.

Williges has an 18 page fixed price list of exonumia available to members.

Thanks to Rich Hartzog, exonumia dealer from Rockford, Ill. for all the membership applications he passes out, and the results from his actions. Others who have cooperated in passing out applications are Ben Odesser, Joe Schmidt, Lee Nott, Clarence Heppner, R. W. Colbert and others.

Thanks to Dudley McClure for the plug he gave the Pacific Northwest Token Jamboree in The Oregonian, October 13, 1978.

CATC Nov. Token Topic Highlights: Sept. meeting attended by 16 members with a large qty. of exonumia for sale, trade, and examination. Dan Ching displayed part of his telephone token collection; A new Riverside, CA amusement token was featured; an interesting feature on new amusement machine token issues of Italy. Editor Stephen Alpert reports a delay in the printing of the amusement token catalog. Hopefully it will be published in mid to late 1979. Those interested in the Amusement Token Collectors Association (not yet org.) should contact ATCA's correspondence sec.: Eleanor Smith, 328 Ave F., Redondo Beach, CA 90277 (SASE please).

WESTS - Western States Token Society - Western Token Ledger Highlights: Aug./Oct. issue - Nov. WESTS has semi-ann. membership meeting in Stockton. Stephen Album reports selling his Minnesota token collection to Richard McFerran of Minnesota. The collection of over 6400 pieces with 765 towns added to Richards collection puts his combined collection at approx. 8000 tokens and near 800 towns. Philip Jensen authors an article on Gambling Chips of the S.S. Tango, a gambling ship which operated off the coast at Long Beach, CA beyond the three mile limit in the 1930's and possibly earlier. Mr. Jensen is selling a set of 3 chips for \$2.00 if anyone is interested. Write him at Box 543, Reno, NV 89504. Duane Feisel is working on a special listing of CA tokens issued since 1948. He is approaching this project on a county basis. Duane's intent is to record info. about these tokens while the info. is available, also many collect modern tokens (this exonumia will provide the basis of collections in the future D.F.). County listings are available at a cost of 10¢/page (on computer paper). An example - Santa Clara County has 37 pages; other counties are smaller. Duane has also compiled a listing of food stamp tokens from CA. It is no wonder Duane couldn't get up to Seattle for the jamboree - he is too busy - too many irons in the fire. Duane solicits your help in reporting new issues or discoveries of modern California tokens. Write: P.O. Box 1302, Los Altos, CA 94022.

TRADE FOR FLORIDA TOKENS

- 1 STAR LAND DAIRIES CO-OP (SAVANNAH, GEORGIA) G/F 5¢ WITH EMPTY BOTTLE
- 2 CLEARWATER PASS BRIDGE, SPARKLING CLEARWATER, FLORIDA G/F ONE TWO AXLE FARE

MISSOURI TOKENS WANTED

PAYING CASH OR WILL TRADE FOR MISSOURI TRADE TOKENS, SOUVENIR MEDALS, TRANSPORTATION, FOOD STAMP TOKENS, AND ESPECIALLY BANK TOKENS AND MEDALS.
ALSO WANT MISSOURI PAPER MONEY, BANK CHECKS, GAZETTEERS, AND DIRECTORIES
INTERESTED IN PURCHASING U. S. BANK DIRECTORIES.

BRUCE SMITH BOX 34 STEVENS POINT, WISCONSIN 54481

FOR SALE:

G/F 5¢/DIPINGER/BRUS/-IN-/TFADE(Tiffin,Chio)////(BR,HD,SL,25mm, and has a (brunswick reverse).....also for attributing purposes; H.DIRINGER/TIFFIN,CHIO/// good for/5¢/AT THE BAR(alum,oval with scalloped edge,all incused).....I purchased less than twenty pieces of these two tokens and have traded all but 15pieces. I think that \$12.00 per pair is reasonable. This small hoard was bought from a Tiffin,ohio antique dealer who said that he purchased them from the estate of the Diringer family and that the family had used both tokens at their establishment. He also stated that this is the entire remains of the tokens he bought. I also will consider trades for West Virginia coal, lumber, bars,& saloon tokens. The better condition tokens go on a first come-first served basis. Postage,/1N\$.added.
TOM HITT, POB 970,Defiance,Ohio 43512

ORDER NOW !!! LUMBER COMPANY TOKENS catalog by Terry Trantow. Contains 273 pages including 16 pages of token photos plus historical photos! Delivery in January. Hardcover. \$11.00 postpaid to METCA members until February 1st!
Terry Trantow PO Box 524 Ellensburg, WASH. 98926

Don Finch authors an excellent article on Spinner Tokens, with 2¹/₂ pages of rubbings. Don's collection contains 276 different "tokens that move". He has 28 which are exchangeable for something. (Glenn Rome of Seattle, WA is attempting to catalog spinner tokens). Bob Null continues his listing of Gasoline Vending Tokens - six pages. Jerry Schimmel gives his third review of token hunting in the San Francisco Bay Area - this time in West Contra Costa. The listing shows some of the tokens available from the area hunted. Stephen Album reports an arduous attribution assignment whereby he identifies a maverick from Rincon, CA. Researching the old directories is one of my favorite pastimes when I have a chance to borrow one from local collectors or get to the library. Some of my best tokens were mavericks until I painstakingly attributed them to my collecting area. I sometimes regard them more, quite frankly because I have more time invested in them - the thrill of the hunt! Ed. Lastly, WTL has Bill Williges, Sr. discussing the "26 Game" - a dice game played in pool halls. Duane adds to the information - quite an interesting article.

Charles Kirtley, P.O. Box 259, Marble, N. C. 28905 has a fixed price list of exnumia available upon request to METCA members. The list is five pages long, with a nice selection of Early Store Cards, Hard Times Tokens, Civil War Tokens, Store Cards, and Merchant Tokens.

Received the Johnson and Jensen Auction Catalog - Art Medal Auction: The Phillip Moore Collection (& Others) in three sections - December 10, 1978 at 7 PM at the New York Sheraton Hotel Park Suite. The catalog of 443 medals is available free - Write Johnson and Jensen, 8 Briar Ridge Road, P.O. Box 1085, Danbury, CT 06810.

Tom Hitt writes to remind collectors that there is a new TAMS club in the east called the "IKO-TAMS", comprised of collectors primarily of Indiana, Kentucky, Ohio, but opened to all collectors in the U.S.A. Elected officers are: Richard Seipelt, Pres.; Jerome Schaeper, V.P.; Gaylor Lipscomb, Treas.; Tom Hitt, Sec; & Lloyd Wagaman, Sgt./Arms. They publish a quarterly newsletter with free ads to members; meet four regular times/year; and intend to sponsor a token show in the future. Membership dues are \$5.00 for single members; \$7.50 for family membership. OUR next meeting is scheduled for Dec. 10th at the Congress Inn, Monroe, Ohio, at 12:00 to 5:00 P.M.. BRING your swapping material and set up ... no charge. Membership information should be addressed to Gaylor Lipscomb, 5010 Winton Rd., Fairfield, OH 45014.

The Touchet Token
Clarence Hepp Heppner

pronounced Too-she

The town of Touchet is located in the southeast part of the state of Washington. It is in the county of Walla Walla with a population of approximately 200.

When I was a boy of ten years (1920), my father had some trade check tokens tucked away on a shelf. My father had a second hand store in this small town where he would buy and later sell all kinds of metals (which included brass and aluminum trade tokens). The shop had one side wall lined with nail kegs which served as receptacles for these various metals.

This particular token, The Home Plate, a confectionery, in Touchet which I have had in my possession for nearly sixty years, is my pride and joy.

The token is 21 mm brass, 5¢, and round.

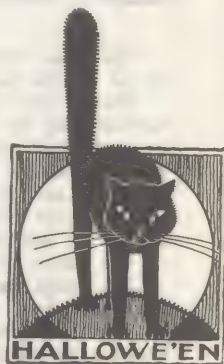

Dan Cummings had a confectionery store, the Home Plate, and after a Sunday of entertainment, which consisted of a rodeo Sunday morning and an afternoon ball game. After the baseball game almost the entire town went there to have candy, ice cream, drink milk shakes, soda pop, and bock beer. The conversation was naturally baseball.

Although I have collected coins all my life, the Home Plate token, procured at my father's second hand shop was my first trade check token. When coins went so high in price, I began collecting trade tokens (fifteen years ago), which I still enjoy today.

Gustave Priesner, and his tokens
McCarthy, Alaska - Circa 1918

This past summer of 1978 I was employed on a highway project at Bristol Bay, Alaska. The contractor chose the King Ko Inn at King Salmon as their base of operations, and for housing the crew.

One Sunday as we were having lunch in the dining room, one of the women employed there sat at our table to have a cup of coffee. Several of the men present were old time Alaskans. Before long, tales were being told of events long past. The woman had a few stories herself, and one knew she had been around just by listening. Finally she told of being in McCarthy, Alaska where she had dug up Alaska tokens. I came to life on hearing this good news !! Here is her story

Gustave Priesner owned the Drug store at McCarthy. His girl friend operated a "House" in town. The money she took in was kept in the Priesner safe. Along the way she picked up a new boy friend. Many harsh words were had with Priesner over the return of her money. One morning she was found murdered ... Petrie, Owner of the Golden saloon, put the word out fast, that while he was looking up the saloon at 5:am he saw Priesner coming out of her house moving fast. Petrie soon died a mysterious death.

45 years later .. 1963, the bottle digging lady was in McCarthy, and was in the old jail reading paper material scattered on the floor. Two of these papers she took away with her. The first was a telegram dated April 12, 1918 from the Marshall in Valdez, to the Marshall in Cordova, asking him to go to McCarty, and arrest Priesner for murder. The other paper was a letter, again from the Marshall in Valdez, to the Marshall in Cordova, asking him to make arrangements for 8 glass jars containing the contents of Petrie's stomach, to be taken to Seattle, to be analysed to show if Petrie was poisoned or smothered. An article in the Cordova Times April 15, 1918 states that Priesner was arrested in Fairbanks, Alaska, and had \$20,000.00 on his person.

55 Years later .. 1973, our bottle digging lady is back in McCarthy again. She and a friend were hiking to a reported bottle dump when she began to tire. While sitting down she began to poke around in the ground with a stick. Of all the incredible things !! She unearthed a man's old leather snap purse. In picking it up the purse fell apart, disclosing several coins. What were the coins ?? All were Gustave Priesner tokens of McCarthy.

My lady friend had kept the papers for 15 years, and the Priesner tokens for 5 years. My biggest thrill in 32 years of collecting coins was in adding the 1918 paper history, and the Priesner tokens to my collection.

See the next page for zerox copies of the papers, and Priesner tokens.

The Gustave Priesner \$1.00 token with gold nugget adhered is known. A 50¢ token must have been used. I will appreciate hearing from anyone with knowledge of these tokens for sale or trade. Thank you ...

SIGNAL CORPS, UNITED STATES ARMY

NIGHT TELEGRAM

Night Telegram

Send the following message.

Valdez, Alaska, April 12, 1918

Attorney General,
Washington.

Refer my telegram ninth. Priesner and Bruckner left McCarthy March sixteenth after being notified by postmaster they must register and receive permission to leave and if they left before they left at their peril. Since then all evidence ~~points~~ indicates Priesner committed murder at McCarthy. Bruckner swears an alibi for him. District Attorney requests Bruckner be detained as alien enemy and brought out when Erwin brings prisoners as he is important witness. Request Erwin be instructed.

ALASKA

DEPARTMENT OF JUSTICE

UNITED STATES MARSHAL'S OFFICE

THIRD DIVISION, DISTRICT OF ALASKA

VALDEZ

October 28th , 1918

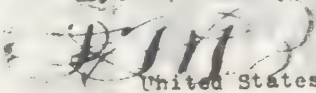

Mr. Wm. L. Forsman,
Deputy U. S. Marshal,
Cordova, Alaska.

Dear Sir:-

Replying to your telegram of the 25th inst., in regard to the eight jars containing the stomach of Petrie, who died at McCarthy last spring under suspicious circumstances.

I wish to send these outside with the first one of the deputies going out. Please pack them so they can be easily handled (without cost) and in case I forget to instruct the deputy what to do, please hand the jars to him with this letter, the jars to be taken to some medical expert in Seattle to analyze and ascertain if Petrie was poisoned or if he smothered to death.

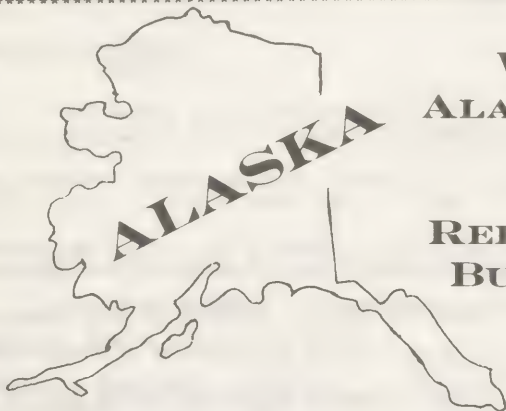

Very respectfully,

United States Marshal.

COVER PAGE OF OCT./NOV. TRADE TOKEN TOPICS INFORMATION: W. E. NICKELL

Showing the map with the names of the towns shown, and the route of the railroad, another bit of history could be told

The Book, "The Iron Trail", by Rex Beach, 1912 - The material for this book was based on the construction of the "Copper River, & Northwestern Railroad", starting at Cordova, Alaska track was laid 196 miles to the Kennecott copper mines. McCarthy was at the 192.5 mile post. First shipment of 1,22 tons of copper ore arrived at Cordova, April 8, 1911. The last train to leave Kennecott was in 1938. McCarthy, and Kennecott both joined the status of Ghost towns of Alaska.

I will pay a very liberal finder's fee for the successful purchase of the Gustave Priesner: \$1.00 tokens, with gold nugget adhered, of McCarthy, Alaska. This will also apply should the Gustave Priesner 50¢ tokens exist. I also wish to thank the 44 METCA members that answered my July Ad, and waited so patiently.

NEWSPAPER COVERAGE THROUGHOUT THE COUNTRY OF TOKEN COLLECTING INTEREST FOR 1978

While I intend to do rather complete coverage of the following articles, some photo work and editing necessitates a delay at this time, however, I would like to make the membership aware of the articles.

The Williston, North Dakota Daily Herald of October 1, 1978, ran a full page on the token collecting of Jim Vaterlaus. Jim has a rather large collection of North Dakota merchant tokens. The article entitled, "History of tokens challenges collector", is written by Bonnie Williams and includes some nice photos of parts of his collection. Those of you who collect North Dakota tokens should be interested in the article. I happened to be interested in the article because my wife was born and raised in Williston, and Jim Vaterlaus is a Willistonite.

The Post Falls Tribune, Thursday, March 16, 1978, featured a full page article on some of John Calhoun's Post Falls tokens and some Ft. Sherman tokens which accentuated an article on the 100th anniversary of Fort Sherman. Photos of the Fort and some of John's tokens makes for a very interesting article. Idaho collectors and military collectors alike should enjoy the article.

The Yuba City Morning Herald of Wednesday, October 4th, 1978 (California) features an article on "Token collecting - obscure hobby", focusing on the many facts the Williges family of Wheatland have learned in their years of interest in token collecting and marketing.

Would like to receive other articles or features of the membership to publish in Trade-Token Topics.

Trade Token Topics is the official publication of the Merchant Token Collectors Association and is published monthly in Seattle, Washington. Mailing Address: 752 North 74th, Seattle, Washington 98103. Bary D. Bender, Editor. Telephone: (206) 782 - 5769.

Trade Token Topics will be mailed on the first of each month to all members in good standing. Dues will be \$7.50 per calendar year. Every member of METCA is entitled to a free ad of four to six lines each issue provided it is remitted each month.

Display Advertising Rates Per Issue:

Full Page	-	\$12.00 (\$10.00 if typed, camera ready)
Half Page	-	\$ 6.00 (\$5.00 if typed, camera ready)
Qtr. Page	-	\$ 4.00

Make all checks or money orders payable to METCA, 752 N. 74th, Seattle, WA 98103. Deadline for all copy is the 20th of each month. 27

BRASS 24 x 45MM OVAL LOOPED WITH HOLE PEBBLED FIELDS
ALL WORDING SURROUNDED BY BLUE ENAMELING

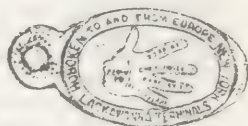

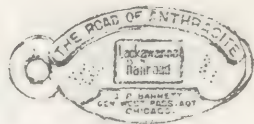

OBV The road of anthracite/(in box)Lackawanna/Railroad/
C.P.Barrett/Gen.West.Pass.Agt./Chicago.

REV Hoboken to and from Europe New York Lackawanna
terminals/(on hand in center)Ferry to/23rd St./
Christopher St./Barclay St./Ellis Island

An 1889 New York city map shows the Lackawanna RR not yet independent and only the Christopher St. Ferry in operation, therefore this piece must have been issued after the turn of the century. Surely a METCA member can help turn up more information regarding this piece!

The obverse is no doubt an advertising message while the reverse, in my opinion, is a "timetable". Add to this the looped end indicating use as a pocket or chain token and of course the "coal" theme and we have an unusual piece of exonumia from Phil Mandel.

Phil believes this to be a timetable token deserving mention in Atwood's catalogue of Transportation tokens and I would tend to agree. I'd like to hear opinions from METCA members who belong to the American Vecturist Association as well. As for desirability any combination of railroad, coal and transportation themes is most rare and although I may overuse the word, definitely unusual!

ODD AND UNUSUAL TOKENS

ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT
BOX 471
BENSENVILLE, ILLINOIS 60106

Regarding the "Caravasios Restaurant" token which appeared in this column's August of 1978 Trade Token Topics issue, I was informed by a few METCA members that all ORCO tokens are not Scrip! True, ORCO tokens were made for many non-coal related businesses, and I mistakenly noted that this token did not appear in the Edkins book! I hope it does not! This is simply a trade token (though unusual) and I do know better!

A September featured token "Regal Sandwich System" brought a nice note and this explanation from METCA member Chuck Littlefield. Chuck noted the token was issued by a small chain of "Hamburger joints" as people in St. Louis call them. Very few of the Regals are left as other concerns have nearly put them out of business. Chuck also noted the token as common and informed me that he plans to have a book ready on Missouri trade tokens two years hence! For the benefit of all exonumists I hope Chuck and Mike Pfefferkorn can collaborate on such a work, rendering it so much the better for both their efforts! Again, concise descriptions and/or rubbings sent to these gentlemen by METCA members will provide much help! Dig out your Missouri tokens!

THE FOLLOWING ARE FOR TRADE OR BEST CASH OFFER:Rare Coal Token and Ghost Town!

(GRAYSON, ILLINOIS)/BIG CREEK MERCANTILE COMPANY/G.F. 5¢ in Mdse./Rd. Brass. This token or town is unlisted in Vackettas' Trade Tokens of Illinois. It is also not shown as a company having tokens known in 20,000 Coal Company Stores. I believe it to be much rarer than is shown by Edkins' Catalogue of Coal Company Store Scrip.

GREAT FALLS, MONT./Richard Gies Saloon/Star cut-out which removed value of token/Rd. Brass/OLD and nice condition.

TOSCANO SALOON (Toscana?????) Bernardini and Maggiora, Props./G.F. a
5¢ Drink/Rd. Brass/Beautiful old round brass token, from WHERE \$\$\$#@%\$¢
(JOHNSTOWN, PA.) T. Frank Ream/Franklin House/G.F. 5¢ in Trade/Rd. Brass.

This token is supposed to have been from Johnstown, Pa. and the Franklin
House was supposed to have been destroyed by flood in 1889?????????

Will trade for: N.D., S.D., Nebr. and New Mexico tokens I can use or
Circus, Show & Carnival tokens or Billiard Supplier Mavericks or BEST
CASH OFFERS.

BRASS 31.5MM ROUND PLAIN EDGE

OBV Tubes/GE (company logo used) /Best for any set!/
(speaker & tube to either side of logo)

REV Gold rush/ (incuse 5 digit no.) /valuable/token

METCA reader Tillie (Mrs. A.C.) Roman of Rapid City, South Dakota spent over 2 years researching her unusual token, one of very few picturing a radio tube & speaker!

G.E. in Denver confirmed the use of this token for a regional promotion. A former GE tube dealer recalled that a customer purchasing a tube recieved a token, and that a certain amount could be redeemed for a gift. This promotion expired unsuccessfully, therefore Mrs. Roman believes few were produced. The 5 digit number may indicate otherwise or, as Mrs. Roman conjectures, the serial numbers may be a key to how many were recieved by each distributor. I do know the reverse is a stock die utilized by many concerns and the numbers were added according to the purchasers wishes. Perhaps GE gave away or sold the balance of tokens to a collector. I doubt if they were destroyed, however!

As for rarity, I can only mention that I do not remember seeing this token during my 11 years as an exonumist. I do not price tokens in this column but would mention that, like most tokens, demand alone would set price. Perhaps METCA readers can shed further light on the rarity and history of this piece, both Mrs. Roman & I would be most interested!

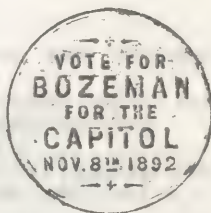

ALUMINUM 38MM ROUND PLAIN EDGE

OBV Fair Gallatin/(BC monogram)/The Egypt of America

REV Vote for/Bozeman/for the/Capitol/Nov.8th 1892

This interesting maverick turned out to be a combination political & County advertising piece. Southern Illinois has always been known as Egypt since pioneer days - early settlers thought the fertile area to be the "promised land". No city exists in Southern Illinois by the name of Gallatin however I overlooked Counties and of course Gallatin County is one of Southern Illinois' most prominent counties!

So now it can be assumed that "Fair" Gallatin was sending off one of its favorite sons to the State Capitol in Springfield to the North! What position Mr. Bozeman was running for, his political affiliation and if he was elected is not known. Should this information become available I'll write a follow-up story!

NICKEL 36MM ROUND PLAIN EDGE

OBV International Alliance/Theatrical Stage Employees

REV I A T S F (on 5 lobes emanating from center shield)

Theater (or theatre) tokens seem to command high prices at auction and are growing more and more popular. The blank center obverse indicates use for the owners' name to be inscribed in all probability. Perhaps METCA readers could answer some questions this token poses, such as: what did the stage employees' jobs curtail? Is the IATSF still in existence and when was this piece struck? If METCA members have any unusual theater "theme" tokens I would appreciate hearing from them and possibly featuring their tokens.

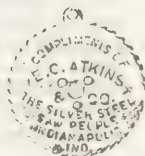

BRASS 26MM ROUND SAW-TOOTH EDGE LOOPED AT TOP WITH HOLE CENTER HOLE SURROUNDED BY 3 OF SMALLER SIZE

OBV Compliments of/E.C.Atkins/the silver steel/saw people/Indianapolis/Ind.

REV Blank except for raised area around center hole.

Bill Massey owns this fascinating piece of exonomia, a miniature saw blade! Probably given away by the Atkins people as a souvenir, it is most unusual and somewhat old. George Owen remembers old-time saw blades as being holed in the center for the shaft and the 3 other holes utilized for bolting the blade down. This may date the piece, then again large blades may be fastened this way yet. Perhaps an Indiana METCA member can relate more information regarding the E.C.Atkins company, any more would be helpful!

ALUMINUM 28MM ROUND PLAIN EDGE

OBV Eclipse Windmills/(windmill shown)/over 40,000 in operation/Fairbanks,Morse & Co.

REV Fairbanks' scales/aluminum-/(large scale shown)/-the coming metal/the world's standard.

Another interesting token sent in by Phil Mandel! No. 303 in Dr. Wright's listing, the \$1.50 evaluation must be considered conservative to say the least! Probably issued around 1885, I believe this to be the only token showing a windmill and a scale. All in all, quite a nice token, but where is it from?

IDENTIFIED:

- 1208 Tivoli Bar - Tacoma, Wash (identified by Robert Hodges)
 1211 Cigar Stand - Indianapolis, Ind (Robert Hodges, Lloyd Wagaman)

 THIS DESIGN.

CATALOGUING MAVERICK TOKENS OF THE UNITED STATES

Dear Fellow Collectors:

At one time or another each of us has owned a token on which no city and/or state appeared. The "mavericks", as they are known, have been perplexing as exact identification is always in question. Have you ever traded one only to later discover that it was from the state you collect and would have made a nice addition to your collection?

I am attempting to put together a national maverick listing; hoping to help collectors identify these mystery tokens. In this regard, I need the assistance of the entire collecting community. With this in mind, I request that each of you send me a description of any maverick token or tokens you have or know of; particularly if you have already been able to determine the place of origination. Don't be deterred by the fact that it may be common; after all, the rest of us may never have seen or heard of it. Please include any part of a set. I want to hear of any maverick you know of. I'm sure that some of you will have a large number of mavericks and do not have the time to notify me of all of them immediately, but if you will set a goal of a few each week or month it will be a big help. Please describe and send a rubbing or foil if possible:

Example: OBV: John Jones/Fine Foods/ 327 Grand Ave.
REV: Good for/50/in merchandise
21mm. Al. round

Tokens with a city and no state should also be included.

Without the participation of each and every one of you this project will not be possible.

Thank you in advance for your assistance, no matter how great or small.

Sincerely

Lou Sutton

LOU SUTTON 4819 POOLSIDE RD. VIRGINIA BEACH, VIRGINIA 23455

METCA

Roster info - the first draft of the roster is being typed for the January 1979 issue. This presentation will give the membership a chance to make corrections to their collecting interests, etc. Deletions and additions to this first draft should be submitted right away so the final draft can be typed in time for the February issue (hopefully). The first draft will be A-Z, with METCA number, address & collecting interest. A few members have volunteered to arrange the roster by collecting state, interest, etc.

A few days after Thanksgiving my close friend, Clarence Heppner, suffered a stroke (less than a month after losing his beloved wife). Those of you who have known Hepp over the years will be glad to hear he is making giant strides in his road to improvement. I'm sure he would be glad to get a card from many of you who have known and dealt with him over the years. He has been a giant in token circles in Washington state over the years, his shop serving as a meeting place for token collectors. He was an AVA Vice. Pres. and bourse chairman for the Seattle AVA conventions. He founded the Northwest Token and Medal Society, an active kingpin in the Seattle Transportation Club (oldest in the nation), and bourse chairman for over two decades for local coin shows. He has been an active numismatist for over fifty years and an exonomist for twenty years. He has been the inspiration for me in my collecting interests for over eight years and I know you will wish with me a speedy recovery for Hepp. He can be reached at the Providence Hospital, Room 543, 500 17th, Seattle, Wash.

Joe Smith, Alaska collector from Juneau, was in town in November. He managed to get over one evening for dinner with Hepp and my family. Always enjoy visiting with Joe, however, Joe was in town after bringing his sick wife to a hospital in Seattle. We wish your wife a speedy recovery, Joe.

We've had a number of nice chats over the phone with members and some nice letters of support. We thank you and take this opportunity to wish you and yours a joyous holiday season and trust 1979 will bring you and yours richly deserved blessings.

Speaking of support - I'd like to personally thank Joe Schmidt and Lee Nott for their faithful and diligent contribution each month to Trade Token Topics. These two have enthusiastically taken two featured areas and have done an outstanding job. The METCA MONITOR with Al Zaika will be a valuable added monthly feature in 1979. Other features are being worked on, however, until they are firmed up we will say no more. I think we are firmly rooted now and will be better than ever in 1979. Thanks to everyone for your support these past two years under my editorship.

Thanks to Lloyd and Alberta Wagaman (Indiana cataloguer & collectors) for the swell 1978 Christmas enlongate.

Thanks to Bob Coney, Iowa collector, for his new personal token.

Thanks to Don Ruzicka for his new wooden nickel, good for 25¢... in 1979 at his stamp & coin shop in Walla Walla, WA.

Thanks to Lloyd and Alberta Wagaman, editors of IKO-TAMS Bulletin, for their first issue, which is a quarterly bulletin for Indiana, Kentucky, Ohio Token and Medal Society.

Thanks to Agnar Wahlberg, CCC token and exnumia, circus & carnival & prison & jail collector, for the postcard article appearing in this issue. Article credit to James H. Winchester, writing in Sun, Oct. 15, 1978 Los Angeles Times.

Bill Williges, P.O. Box 445, Wheatland, CA 95692 has a 20-page fixed-price list of exnumia available on request.

AMUSEMENT TOKENS

Received a gift copy of Loose Change from publisher, Dan Mead. The September issue features an article on amusement machine tokens authored by Stephen Alpert.

Loose Change is a new, monthly magazine focusing on all phases of coin-operated amusement machines (slots, pinball, vending, juke boxes, etc.). Individual copies of this issue (Sept) featuring the Alpert authored article are available from the Mead Company, 21176 South Alameda St., Long Beach, CA 90810 at a cost of \$2.50 each postpaid. A year subscription is \$22.00. The Mead Co. will be publishing Alpert's Amusement Token catalogue in 1979.

"A Survey of Amusement Tokens - Those Fascinating Bits of Brass" by Stephen Alpert appears on page 10 - 16 in the September issue of Loose Change.

The article commences with background information on Steve's initial interest in tokens and traces his activities up to the present with mention of his intent to publish a new revised catalogue in 1979.

Alpert traces the early machine tokens keying on many companies and their issues in a given period, i.e., 1898-1915; 1915-1940's, etc., with emphasis on the two major types of pinball tokens (mid 30's thru 1940's). Attention is drawn to amusement arcade tokens and recent tokens used by Nevada casinos. Many sharp photos with background info on the token and manufacturers accompany the article. In reviewing amusement tokens and the like, Steve closes his article with mention of where to find tokens i.e., auctions, clubs (TAMS and METCA plugged), etc. and a list of unidentified companies and machines which the author seeks information on. If you are interested in amusement and vending tokens you should read this article and contribute what you can in way of attributing the many unidentified companies & machines listed at the end of the article.

Are Food Stamp Tokens Doomed? D. Frank Elam, P.O. Box 124, Park Forest, IL. 60466 writes with the following information he shares with the membership.

Frank's wife, a serial worker for the Illinois Dept. of Public Aid, brought home a State of Illinois memorandum dated 11/29/78. "The United States Department of Agriculture, (USDA) will advise retail food stores that beginning January 1, 1979, new regulations in the Food Stamp Program go into effect. Retail food stores can no longer give credit slips or tokens as change when purchases are made with food stamp coupons. If a client has change coming for 99¢ or less, the client will receive cash. For each \$1.00 of change coming, the client will receive a \$1.00 food."

Frank comments. "It looks like food stamp tokens are becoming history very soon. What's going to happen to all of them?"

Nov. 1978 The Fare Box Highlights:

AVA President Hal V. Dunn was elected Sheriff of Carson City, Nevada; death of well-known collector, George Werner, of St. Louis; very interesting article by Lloyd Wagaman on his First Depotel Token; Token Dies owned by the AVA; AVA corrections to 1977 Supplement to Atwood's Catalogue; 19th supplement to Car Wash token catalogue; Nov. supplement to Atwood's catalogue; supplement #11 to Personal tokens of Vecturists; Supplement F-2 to Feisel's catalogue of Parking Tokens; and noted H. Don Allen has printed a 17-page listing of Twentieth Century Dairy Tokens of Nova Scotia and Prince Edward Island.

Dec. 1978 NSCA Scrip Talk Highlights:

1979 Spring meeting to be held at Hawks Nest, West Virginia, Saturday May 5, 1979; more on counterfeit scrip; a fact-filled article with maps of the coal fields of the U.S.A. by Robert W. Craig. Special emphasis is given to coal fields in four states - Calif., Oregon, Michigan, & Arkansas - and the lack of tokens from those areas; Col. Caldwell's Mail Auction Sale; and emphasis on NSCA membership drive - \$5.00/year. Walter Caldwell, Box 29, Fayetteville, W. VA. 25840.

15 Nov. 78 Coin World Highlights:

P-21-TAMS article - Kappen's California Tokens and Julian's book - special \$50.00 for pair; p-24 Vancouver, B.C. News Bulletin of the Vancouver Numismatic Society-Ronald Greene, METCA member, authors an article on tokens from bars & saloons of Victoria, B.C. METCA members Ralph Burry is UNS president while Norman Williams is bulletin coordinator; p-26 - interesting article on so-called dollars; p-32 - odd-shaped tokens; p-52, 54 Col. Murray focuses on "Elongated Popular"; p-60 - National Club Roundup - reviews of TAMS, AVA, METCA, TEC, IOWMC.

22 Nov. Coin World Highlights:

P-54 - Outstanding article on prison tokens by Jerry Zara, METCA member. Jerry, besides this article, authored an article on prison material and related exonomia in the Numismatic News, June 17, 1978. He has also written for his state organization and local clubs. In the future he might even try cataloguing "prison money". Editor.

P-56 - Exonumia price list of R & S Coins, P.O. Box 06246, Portland, OR 97206. Write Mr. S.L. Johnson with \$1.00 for the list. p-66 - article on "Role of Depression not widely known" by Frank Passic of Albion, Michigan. p-86 - Wooden token collectors issues;

29 Nov. 1978 Coin World Highlights:

p-18 - Crossroads Stamp & Coin Co., P.O. Box 378, Honolulu, Hawaii 96809 has released its latest price list of Hawaiian tokens. p-29 - IKO-TAMS article - charter memberships are open until Jan 1, 1979. Dues of \$2.00 may be sent to G. Lipscomb, 5010 Winton Road, Fairfield, OH 45014. p-38 - Johnson & Jensen auction of the Phillip More medal collection (Dec. 10th). p-65 - very worthwhile article on "Made from" or "struck from" medals and tokens. William T. Gibbs authors this article. p-72 - Club roundup-news of AVA, NEVA, & CATC.

It looks like IKO-TAMS is off and going. The goal of 100 charter members will no doubt be reached by Jan. 1, 1979.

Like everyone, AVA, CWTs, CATC, WESTS, TAMS, NSCA, IKO-TAMS, ETC., the time for 1979 dues has arrived. \$7.50/year - 12 issues. METCA, 752 N. 74th, Seattle, WA 98103.

BACK ISSUES: After packing boxes of TTT's to the Pacific Northwest Token & Medal Show and back (and remarks of cleaning the basement by my wife) I've decided to accept requests for back issues at no cost except shipping costs. Some issues are not available. We have twelve issues per year - 1971, 1972, 1973, 1974, 1975, & 1977, 1978. Request by year or certain issue, i.e. June 1972. I'll probably send third class or UPS if possible. You can remit when you receive your issues (note postage charge and remit). The few who paid for back issues will be given a free page ad to keep things fair. Be satisfied with what you receive as you aren't paying for the issues, just the shipping.

Exonumia Highlights of 6 Dec. 1978 Coin World:

P-12 - Review of the Nov. issue of the Vancouver Numismatic Society News Bulletin with mention of METCA members Ralph Burry and Norman Williams; P-20 - photo of METCA member Maynard Sundman and family (Littleton Stamp and Coin Co., Inc.) - noting expansion plans; P-39 - article on TAMS official medal comm. the presidency of Clifford Mishler; P-44 - mention of merger of two political items collector groups; P-76 - William T. Gibb's listing of "made from" and "struck from" medals and tokens continues; P-78 - brief article on Wendell Wilkie wooden nickels - among the greatest of rarities in the wooden money field.

Exonumia Highlights of 13 Dec. 1978 Coin World:

P-38 - article on highlights of recent fixed price listing of Charles Kirtley. List available at P.O. Box 259, Marble, NC 28905; P-44 - "Made From" Medals Listing Continues; P-46 - article on Sutler notes - brief but informative; P-54 - mention of IKO-TAMS meeting (Dec 10); P-64 - Lignadenarists (wood collectors) offerings, among them mentioned, METCA members' Bill Feist and N.R. Mack.

Exonumia Highlights of 20 Dec. 1978 Coin World:

P-3 - photo and article on Marilyn Tiernan, Coin World Staff Member, who has helped METCA receive some mention in past Coin World issues. Thank you, Marilyn, for your efforts on our behalf and for publicity for exonumia in general; P-38 - photo of the St. Nicholas, Minnesota sent in by METCA member Dick Grinolds (token that is featured in a Merry Christmas article by Marilyn Tiernan, newly appointed editor of the Collectors' Clearinghouse); P-42 - Bill Williges's list of exonumia items mentioned - P.O. Box 445, Wheatland, CA 95692; P-50 - S.L. Steinberg's exonumia list mentioned; P-56 - article on the interest in Nazi medals and badges; P-62 - article on pricing of war medals of the world.

As editor of Trade Token Topics I'd like to enlist the help of the membership in coming to the aid of one of our members who has underwent a series of major misfortunes in recent years. Chriss Christiansen, very active in METCA affairs under the editorship of Ray Nadreau, has a chance of getting his leg prosthesis since the last operation where they had to amputate the right leg. The leg will run approximately \$2400.00 and I am sure Chriss could use all the help he can get. Chriss has volunteered to arrange the METCA membership

roster after the initial draft. If you remember, Chriss made the first roster for TAMS and the World Fair Collectors. With this in mind please note Chriss's ad appearing elsewhere in this issue. Thank you.

IDAHO TOKEN GATHERING

Saturday, January 20, 1979, will be the date of an Idaho Token Collectors' Gathering to be held at the home of Mike Fritz. Anyone interested can contact Mike at Box 5, Rathdrum, Idaho 83858 or call 208 - 687 - 0159.

IN MEMORIAM - CLARENCE E. ZIEGLER, JR.

As the Christmas spirit pervades all our homes I am sorry to have to report the untimely deaths of two giants in our collecting fraternity - METCA members - Clarence E. Ziegler, Jr. of Port Huron, Michigan, and my near and dear friend Clarence Heppner of Seattle, Washington.

Both Clarences were ever-so-active in the field of exonumia. Clarence Ziegler would frequently call me long distance to discuss token happenings (and, no doubt, many of you received like calls). Clarence had many areas in the field of exonumia he enjoyed collecting and had fine collections in all of them. While I didn't know Clarence Z. personally, I chatted with him and corresponded enough to sense his enthusiastic dedication to the hobby. Our hobby will dearly miss this type of enthusiasm and dedication exemplified by Clarence in his years of collecting. The membership extends its sympathy to the Ziegler family at 2705 Grace Huron Road, Port Huron, Michigan 48060, and to his collector-brother, Charles. Clarence's son, Keith, will continue the collecting efforts of his father who passed away at the age of 51 on November 22, 1978. Keith reminds the membership that the ad appearing on page 39 of Volume 7, Issues 10 and 11, Oct./Nov. 1978 still holds. A photo with some of Clarence's collecting interests appears on a separate page. Editor.

IN MEMORIAM - CLARENCE HEPPNER

I won't get my Christmas wish this year - that Hepp would recover from his stroke suffered the Sunday following Thanksgiving. Hepp had made giant strides on his way to recovery in such a short period of time, however, he suffered a setback earlier in the week and died of a heart attack while I visited with him in the early evening of December 21, 1978. Many of you are aware of my closeness and fondness for Hepp. For the past eight years we were almost inseparable - breakfasted every morning, attending almost every Seattle Sonic basketball game (home games) over the years, taken over two dozen short vacations to southeast Washington ("home" for both of us, and were seldom apart. Our friendship grew out of common "roots" and interest in southeast Washington and our shared interests in numismatics, philately, exonumia, history, and sports. Though Hepp was exactly twice my age we were best of friends. Though I am faced with the heartache and loss of my best friend - a thought I can hardly bear at this moment - I know the memories of the times and years we shared together will become more precious as the years go by.

CATALOG OF OKLAHOMA TOKENS by LLOYD WALKER, Box 5792, Lawton, Oklahoma 73505

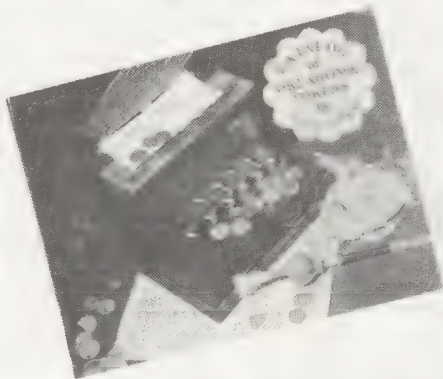

I received a copy of the new Oklahoma catalog of tokens by Lloyd Walker this month and was very much impressed. I find it very difficult to review new catalogs as I am just glad to have the culmination of the time and effort expended by the cataloguer regardless of certain drawbacks inherent in any undertaking like this. With this in mind and the fact an advanced Oklahoma collector should be better informed than myself, I'll present a short review (comments) by Del Ford, respected Oklahoma exonumist, from Del City, OK.

"The new Oklahoma Token Catalog by Lloyd Walker is a tremendous work. Lloyd spent 2 - 5 days at the residence of some of the advanced collectors - taking photos and gathering info. I feel this is the most comprehensive work on O.T. - I.T. - Oklahoma tokens ever dreamed about."

"The stated number of pages is 367 yet this must be doubled to 734 as it is printed with a format equal to two ordinary pages for each of the 367 pages. More information about military, Indian Trader and related tokens of Oklahoma than ever before presented to the

collector. The items listed are all priced and give a solid, unbiased value to the beginner and veteran Oklahoma collector alike. To be without this book is to be susceptible to the after agony of trading or selling an Oklahoma token for \$1.00 only to learn it had a value much greater." Del Ford.

Oklahoma Tokens

- Lists over 4,000 tokens: I.T., O.T. & Okla.
- Listed alphabetically by town then merchant
- Completely priced and numbered
- County Maps showing token issuing towns
- Most are pictured, both Obv. & Rev.
- Comprehensive easy index (not just Mavericks)
- Town, merchant and historical information included
- Fantasy token section and etc.
- Nearly 400 pages

If you are interested in purchasing one of the first numbered issues of the "Oklahoma Token Book", please send \$25.00 per catalog to

**Lloyd C. Walker
Okie-Anna Collectibles
Box 5792
Lawton, OK 73505**

LOOKING - C. E. Ziegler looks at tokens

Ziegler hopes to get more people interested in token collecting — it helps build up a network of people watching for other people's interests. "If you can get people interested, you can get rid of duplicates," Ziegler added.

In addition to his Michigan "good for" collection, he also has many good luck tokens and specializes in those with swastikas on them. The swastika was as common a symbol of good luck as the four-leaf clover before it was adopted by the Nazis, according to Ziegler.

He also keeps a box of unusually shaped tokens from outside Michigan. Some of the more unusual include a cow's head, which was good for a bottle of milk, in addition to a clover, an acorn, a shoe sole, badges and barrels.

Ziegler has even had his own tokens made. One batch commemorates the 125th anniversary of the village of Port Huron in 1974. The other is his own calling card — a token with his name, address and token association membership numbers on it.

VARIETY - Ziegler has many unusual shaped tokens in his collection. (Times Herald Photos by Larry Peplinski.)

Edward Saunders - 2746 N.E. 52nd. Ave. -Portland,Ore. 97213 Ph.282-4963

MINI AUCTION OF SCARCE ALASKAN TOKENS

1. **Chatanika**
N.G. Cox Dempsey Hotel. 25¢ and \$1.00. Aluminum. 25¢ is scalloped. \$1.00 is cloverleaf shape. At least 15 sets of these two are in the hands of collectors. These are dug tokens and show slight corrosion and dirt. Will grade V.F. Overall appearance is nice.
2. **Chisana**
Bank Coffee House. 50¢ in trade. An R-6 token with around 15 known. This token has corrosion covering most of the obv. and rev. Still a scarce and desirable token.
3. **Cordova**
United Bakery. 12½¢ in trade. Another R-6 with one spot of corrosion under the one on rev. side. Overall condition X.F.
4. **Fairbanks**
Working Mens Bar. 65¢ in trade. A few spots of corrosion around the rim on both obv. and rev. Not a dug token. Will grade V.F. R-6
5. **Ketchikan**
Finzel's Billiard Parlor. 5¢ in trade. Perhaps 20 of these (2 varieties) are known. This one will grade V.F.
6. **Kodiak**
Nelson & Kroth. 12½¢ in trade. This token is nearly Unc. Around a dozen are known.
7. **LaTouche**
Board of Trade. 6½¢ in trade. V.F. With possibly 12 to 15 in the hands of collectors.
8. **McCarthy**
Gustave Priesner. 10¢ in trade. White metal. 18 m.m. Around 25 known at present. One spot of rust on this one and a little dirty. Overall condition V.F.
9. **Skagway**
Shooting Gallery. Caudle. 10¢ in trade. Counterstamped Grimm. At least an R-6. Will grade X.F.
10. **Valdez**
I & B. Valdez, Alaska. Same on both sides. No denomination. Brass 21 m.m. Upwards of 20 are known. This one has been dug and looks like it has been in a fire. Ingram & Bush Cigar Store around 1905 to 1914.

Bids will be reduced to 10% over the second highest bid. Closing date will be three weeks after publication. Lots may be returned if not satisfied. I will consider trading for ones I need in my personal collection. I will buy single tokens or collections of Alaska material and A.Y.P.E.

Trade for good B.C., Yukon, or Canadian Tokens
Will consider a cash offer.

Trade for Mo. or Brewery tokens or cash.

Ken Bassett 502 Carson Rd. Ferguson, Mo. 63135

FROM METCA AND THIS COLUMNIST, THE DECEMBER TRADE TOKEN TOPICS FEATURES THIS TOKEN WISHING "MERRY CHRISTMAS AND HAPPY NEW YEAR 1899-1900". OVER THREE QUARTERS OF A CENTURY LATER I CAN ONLY ECHO THE WORDS MR. SPILLARD PLACED ON HIS TOKEN AND EXTEND THEM TO ALL METCA MEMBERS!

BRASS 32MM ROUND PLAIN EDGE HOLED-NOT AS MADE

OBV Tailor, hatter and furnisher/(within ornamental rectangle)C.E.Spillard/Elgin.

REV Merry/Christmas/and/Happy/New Year/1899-1900

Mr. Spillard opened his establishment in 1897 and was out of business by the 1930's; the depression or death probably causing the closing of his Elgin, Illinois store. Thanks to Mr. Spillard we have the only known American Christmas and New Year turn of the century token. We can overlook the fact that the actual turn of the century is 1900-1901 as the popular and romantic idea of this event was, at the time, 1899-1900. Perhaps this is the time to celebrate the turn of the century! The ushering in of the 20th century must have been cause for great celebration!

I might add only one wish Mr. Spillard could not have even thought of at the time; please enjoy the New Year more by not mixing drinking with driving. I enjoy this column and all the contributors and readers and want you all to drive safely and be reading next year!

Lastly, I hope we all will genuflect upon the last year and ask ourselves "What did I contribute to the hobby?". All of us-myself included-should make a resolution to identify a maverick, write an article, sign up a new METCA member or the like.

ODD AND UNUSUAL TOKENS

ALUMINUM 35MM ROUND PLAIN EDGE

OBV Sample/style/RO 100/trade check

REV 100 in trade

It has occurred to me that not everyone is familiar with trade token samples carried by salesmen. Shown above is just such a piece! Often encountered in mail bid sales, it seems that the average collector has not seen these samples. Alas, no salesman calls nowadays to show concerns his samples and work out the wording and "hash" over prices; we have but to write the more popular outfits such as Mr. Johnson in Maine and the Patrick mint enclosing our remittance and hoping our clumsily written lettering will be correct when our order comes!

1922D U.S. DOLLAR 38.5MM ROUND REEDED EDGE

OBV (A clear cellophane round gummed disc attached to the obverse of the dollar - the following letters printed on the disc) WLS / SILVER DOLLAR / RADIO 890

WLS radio in Chicago is the cities top "rock" AM station and over a two decade period of time has given away many odds & ends. This was given out during the late 1950's or early 1960's as I remember. Now the station gives away new Corvettes so profits must have increased over the years!

What mystifies me is that during 11 years of collecting exonomy I never once saw this, a local item. Two possible explanations might account for this; first, the covering may have been removed and the dollar spent; secondly, the thin covering would have undoubtedly worn quickly. Both the known specimens were owned by METCA member Rich Eckebrecht and to show that most items desired and collected by an individual usually find their way to them METCA member Bill Massey, a radio station item collector, now owns this piece! This further points out the real collector value of METCA. . 12 issues each year with pages of trade and auction lists make the subscription cost quite worthwhile when we think of what we have gained for our collections!

ODD AND UNUSUAL TOKEN EDITOR
JOSEPH SCHMIDT
BOX 471
BENSENVILLE, ILLINOIS 60106

SILVER BADGE 32 x 23MM PINBACK ALL INCUSE

OBV Band of hope (anchor in background amidst stars and stripes)

I can advise METCA readers that trying to make a rubbing of a curved badge with incuse wording and characters is just that - trying! However this piece is exonomy and somewhat intriguing.

Perhaps you remember the ship "Hope" that travelled the world carrying medicine and doctors to many lands to help alleviate sickness and plague? It occurred to me that this may have had some involvement with that project. On second thought, the lettering and characters seemed far to old, which only increases my curiosity! Now I am perplexed - "Band of Hope" probably was not a ship name, so what can METCA members do to help shed some light on the use and meaning of this badge? Please write me should you know about anything regarding this piece of unusual exonomia!

SALOON BOOK

"Saloons of the American West"

1979 SUPPLEMENT TO INDEX TO TAMS - LISTED MAVERICKS

SAM RUGGERI, P.O. BOX 145, CANTON, OHIO 44701

It is almost two years since I published the Index to TAMS-Listed Mavericks, which included all the listings through the end of 1976. A supplement, covering 1977 and 1978, is in preparation and will be available shortly after the first of the year. The mavericks newly listed during this period, as well as those attributed during this period will be included. A new format will be tried: all the mavericks (attributed and non-attributed) will be listed in a single list. The attribution will be shown, where known, and space will be allowed where the attribution is not known (in this way the supplement can be kept current).

Since you have copy number 69 of the 1977 Index, you can reserve the same numbered copy of the supplement - if you order it prior to publication. The supplement will be approximately $\frac{1}{2}$ the size of the Index and the price will be \$2.50 postpaid. The number of supplements printed will be the same as the Index - 200.

If you found the Index useful and would like to purchase the supplement, and would like to insure that the Supplement will be numbered the same as the Index, send your order and check for \$2.50 before the Supplement is issued.

Let's you forget - send it in today.

Postcards Ride a Nostalgia Wave

BY JAMES H. WINCHESTER

No one really knows how many vacation postcards are mailed each year around the world, but figures are certainly in the billions.

In the United States alone, a recent government survey estimates that more than 2 billion postcards will be mailed this year. This covers all kinds of cards, including business come-ons, but about 5 million of them go into mailboxes every day during the summer months, and the vast majority of these are from people on vacation.

It has been 86 years since drawings and photographs of the just-completed 984-foot Eiffel Tower, then the tallest structure ever made by man, appeared on the first travel-related picture postcards at the Paris Universal Exposition of 1889. Enough of them couldn't be printed to supply the demands of visitors.

Picture postcards of the Eiffel Tower are still popular symbols of France. More than 5 million views of this venerable landmark will be sold this year, with Germans and Japanese being the big buyers. One recent Tokyo tourist flooded the vendor in the souvenir stand on the tower's second platform by asking for 500 cards—with stamps.

Like the Eiffel Tower, the top tourist attractions in any area are also the big picture postcard subjects. The New York City Convention and Visitors Bureau reports the best-sellers continue to be views of the Statue of Liberty, Empire State Building, Rockefeller Center and Times Square in its nighttime neon glitter.

A New Champion

In Chicago the Sears Tower, which now tops the Empire State Building in height, is the new champion. At the Grand Canyon, where each visitor mails an average of 18 picture postcards, scenic views looking across and down into the canyon from the south rim are the favorites.

At Niagara Falls, where more than two million postcards are mailed each year, the two most popular ones show Prospect Point where it overlooks the American Falls, and the Maid of the Mist sight-seeing boat.

When people appear on any postcard, however, you can bet the printer has a signed release for the reproduction. The trade still remembers the case of a photographer who sold a Boston park scene to a publisher, showing a man with a young girl on his arm. The man sued—and collected big—claiming his wife left him because his pretty companion was someone else.

For some reason, which could probably be explained by psychologists, tourists everywhere will buy almost any postcard scene as long as it is printed in red.

In Arizona, for instance, a card was issued several years ago showing a cactus blossom in yellow. It was a real loser. Then, on one of its last press runs, a mistake was made, with the blossom being printed in red. The cards began to go like wildfire: same picture, same flower, except for the color. Instead of being withdrawn, this particular card, now printed only in bright crimson, is still being reordered.

The Corn Is Green

Corn remains a main ingredient of cartoon-style postcards, along with exaggerations like a huge Texas jackrabbit with a man astride his back, a Florida alligator pulling a freight train, a Canadian bear straddling an automobile. In Iceland, Halldor Petursson, that country's most famous political caricaturist, is also the best-known picture postcard cartoonist.

One of his drawings shows a shivering snowstorm scene, with a character resembling Eric the Red clutching a scantily clad blonde in his arms. The caption reads: "Wish You Were Here—To Keep Me Warm in Iceland." Another has the same early Viking chaser astride an island pony as

he snatches a screaming young woman from a tourist bus, with the warning: "Beware the Icelandic Wolves!"

In Russia, stodgy pictures of monuments and uninspiring state buildings such as opera houses are sold at every In-tourist counter, but the real attraction of postcards sent from the U.S.S.R. is the wide variety of stamps used to mail them. They are far more colorful than the cards.

About 40% to 50% of all picture postcards printed, industry sources report, are not sold to the public but given away to advertise such things as hotels and motels, airlines and restaurants.

As cheap, convenient souvenirs, many more postcards are bought than are mailed. Photographs reproduced on them are usually better than those travelers take themselves, so wanderers buy them just to take home as pictorial holiday reminders. Postcard collecting, which is called deltiology from the Greek words meaning a small picture or card and science or knowledge, is also enjoying a resurgence in the United States.

Fewer Collectors

Today's hobby, riding the crest of a nostalgia boom, is still a far way, however, from being the international rage it was at the turn of the century, when the pursuit attracted millions of devotees. There are fewer than 100,000 American deltiologists now who trade and sell cards among themselves or seek out garage sales, flea markets and estate auctions looking for early examples of picture postcards for their albums.

One private collector in Philadelphia has more than 800,000 kinds of cards, and such places as the Smithsonian Institution in Washington, D.C., and the Metropolitan Museum of Art in New York City have large collections.

The birth of the picture postcard was on Oct. 1, 1869 when the Austrian Post Office sold its first Korrespondenz-Karte. More than 3 million of these buff-colored, envelope-size cards, imprinted with a yellow two-kreuzer stamp and room for the address on one side and space for a written message on the back, were sold in the first three months.

England wasn't long in adopting the innovation. When they were introduced in London in 1870 police had to be called out to handle the crowds at the post offices. Other nations quickly joined the parade. In Germany, table-hopping postmen sold postcards and stamps in restaurants, carrying portable mail boxes on their backs so buyers could write and mail them without a delay.

First U.S. Card in 1873

In the United States the first government postcard was sold on May 13, 1873. Imprinted with a stamp, it cost one penny. At first, postal regulations permitted only the name and address of the recipient on the face of the card. All messages had to be on the other side. Officially, the initial cards were known as postal cards and could be printed and sold only by the government.

It wasn't until 1898 that the United States authorized postcards, which were privately printed, with postage stamps being pasted on them for mailing. Another U.S. change was allowed in 1907 when the Post Office Department ruled that the faces of the cards could be split down the middle to provide space for both the address and a message on the same side as the stamp, leaving the other side for a picture.

Postcards cost only a penny to mail for most of the time since their introduction in the United States. No longer. It now takes 10 cents just to mail a postcard, to say nothing of the price of the card itself. This is still 5 cents cheaper than the 15 cents needed for a regular letter.

Most picture postcard messages, though, remain unchanged: "Having wonderful time. Wish you were here!"

Winchester is a former Reader's Digest roving editor.

Tokens from Arizona wanted. Also interested in New Mexico tokens, especially from Kelly, New Mexico. Have many tokens for trade.

Sam Michael 23 North Fraser Drive East Mesa, Arizona 85203
